

ASKS FOR A WARSHIP

The Consul at Barcelona Needs Protection. Revolutionists Capture and Loot the Town.

Washington, Aug. 12.—Minister Bowen has cabled the state department from Caracas that our consulate at Barcelona has been taken by the revolutionists; that they are seeking the town, and that in his judgment the protection of a vessel should be immediately afforded him. Mr. Bowen says he has cabled the Cincinnati to return without delay. He notes that the Topeka is at Porto Cabello and the Marjatta up the Orinoco river.

After a conference between the state and navy department officials in regard to Minister Bowen's dispatch, the following instructions were prepared to the commander of the Topeka at Porto Cabello.

"Vessel needed immediately at Barcelona. If you sail before the Cincinnati arrives from Caracas, leave for her instructions cabled you yesterday."

According to this the commander of the Topeka is given directions to proceed immediately for Barcelona, and in that case the Cincinnati will be expected to carry out the instructions.

sent to the Topeka yesterday to land blue jackets at Porto Cabello, if necessary. Before the instructions were sent, the Cincinnati reported her arrival at Porto Cabello, whereupon the instructions were modified so as to direct that one of the ships proceed immediately to Barcelona. This leaves it discretionary with Capt. McLean of the Cincinnati, the senior officer present, to send the Topeka or go himself with the Cincinnati. The vessel which remains will be prepared to land blue jackets at Porto Cabello in case of necessity.

Washington, Aug. 12.—The navy department today received two cables from Commander McCrea of the gunboat Machias, dated Cape Haytien, Aug. 12, in which he reports that the attempted blockade of the port by the revolutionists is ineffective. In the first dispatch he said: "Have decided blockade spasmic, therefore ineffective. Notified consuls. Will protect innocent, neutral commerce."

In the second dispatch, which came later, he said: "Consider blockade abandoned. American schooner reporting blockade absent."

NEW MEMBERS OF THE BRITISH CABINET.

All of the new members of the British cabinet are young men who have won their spurs through the medium of excellent service under the direction of the older party leaders. The elevation of Austen Chamberlain to the post of master generalship places two members of the same family in the cabinet, for, as is well known, Austen is the son of Joseph Chamberlain, the colonial secretary and probable eventual premier.

ONE WAS BURIED ALIVE

Investigation Shows the Awful Fate of the Coaching Party of Four American Teachers Who Were Killed in Philippines.

Manila, Aug. 12.—An investigation made by the consular to clear up the facts in the killing of a Cebu coaching party of four school teachers, shows that the party was ambushed twelve miles from Cebu. Two teachers were shot and killed at the first volley; a third, who ran, was shot in the back, and a fourth, who was captured, was shot in the chest while he was praying for mercy. It is suspected that the fourth man was buried alive, as his wound was slight and probably would not have caused death. Dogs dug up two of the bodies and sufficient evidence had been secured to convict all the participants in the crime.

The bodies of these teachers were found on July 24 after the teachers had been missing since June 10. The police killed the leader of the band of murderers and captured eight other alleged participants in the crime. One man escaped.

A TWELVE CLUB CIRCUIT

Looks as Though the Baseball War Between the National and American Leagues Might Be Settled In That Way.

Chicago, Aug. 12.—Consolidation of the National and American leagues into a twelve-club circuit is well under way, according to a statement made by the Daily News today.

John T. Huber, chairman of the executive committee; Joseph A. Hart, president of the Chicago National club; and A. H. Soden, president of the Boston National League club, and members of the executive committee, says the News, "have been in conference in Boston for two or three days and have opened negotiations with the clubs of the American league toward the consolidation of these two organizations. This, it is said, is the real reason for the present trip of Mr. Hart in the East, and the trips about the circuit of both the Chicago magnates and the chairman of the executive committee."

"According to this informant, plans have been laid for sometime and are nearly matured for the consolidation of these leagues into what would be known hereafter, as the National-American or the American-National league. Immediately after the close of the baseball season, or as soon thereafter as circumstances will permit, a conference of the presidents of the clubs of the two leagues will be called by Mr. Huber. League officials will be barred from the session, only club magnates being admitted. The proposition to end the war between the organizations in amicable manner will then be presented to them and a vote taken to cast the clubs together into one organization. There are twelve cities in the two circuits now, so that none of them need be dropped."

FOR POST AT CHICKAMAUGA

Chattanooga, Tenn., Aug. 12.—The board of army officers, composed of Maj. Schuyler of the Second cavalry, Maj. Jefferson Kean of the medical department, and Capt. H. J. Slocum of the quartermaster department, detailed to select a location for a permanent army post adjoining Chickamauga park.

park, have completed their work, and will return to Washington probably tonight, to make their report to the secretary of war. It is unofficially learned that the site chosen is 600 acres along the northern boundary of Chickamauga park, and that this ground will be used for the necessary buildings, the parade ground to be selected inside the park.

THE ARMY OF PHILIPPINES

Council Bluffs, Iowa, Aug. 12.—Delegates to the annual reunion of the society of the Army of the Philippines began to arrive today, although the larger crowds are not expected to come before tomorrow. Colorado has asked for entertainment for 200. South Dakota for half as many, and a number of other states have promised big delegations. Gens. Hale and

Punston are expected to arrive tonight. The first disappointment was the receipt of a telegram from Gen. Jacob H. Smith, now at his mother's home in Portsmouth, Ohio, saying that, owing to illness, he will be unable to attend the reunion. The town is being decorated with flags and bunting and all the arrangements for the reception of several thousand visitors have been completed. The first session of the society occurs tomorrow.

MINERS PROMISE TO BE GOOD

Parkersburg, W. Va., Aug. 12.—Judge Jackson this morning related Thomas Haggerty and six other members of the United Mine Workers, who were serving sixty and ninety days in jail for contempt of court. The prisoners filed a petition for release, alleging that

they had not known they were violating the injunction when they did so, and promising not to do so again. Attorney of the coal companies opposed their release, but it was granted, subject to re-arrest to complete the original sentence if they violate the law again.

EXPLAINING RETRIBUTION IS SWIFT

The Little Hitches That Occurred at the Coronation. Witness Who Testified at Hearing In the Evening Is Pulled From Bed at 3 a. m. and Rushed to the County Bastile.

New York, Aug. 12.—Cabling from London, the correspondent of the Times says the court officials are still employed in explaining the hitches and delays in Saturday's coronation, and bits of the by-play behind the scenes are disclosed. One disclosure is that before the state board of charities in the investigation of the management of the state asylum for the insane.

Ball, who was a former attendant and nurse at the hospital, had made a sworn charge that he had seen Trustee W. E. Murphy staggering drunk from whisky taken in the drug room of the administration building one night after midnight, and that on another occasion the same trustee had gone to a bedroom with a nurse late at night, causing the night clerk to awaken the nurse for the purpose. The charges, which were dramatically made by Ball at an investigation last night, was immediately contradicted under oath.

every particular by Trustee Murphy, who was corroborated by the testimony of Night Clerk William Craxen and another witness to the effect that Murphy had never been in the asylum at night during the time mentioned. After the adjournment of the hearing last night an effort was made to take out a warrant for Ball's arrest, but the state's attorney was stranded five miles down the river and difficulty was found in locating Ball. It was not until 3 o'clock that his whereabouts was learned, and he was suddenly aroused from sleep at his hotel and hurried to jail.

Ball is at present an employee of the Chicago City railway. His alleged motives for the false testimony charged was a desire to be revenged for his suspension from the hospital for fighting, the suspension having been made by the asylum board of trustees, of which Trustee Murphy is one.

ANOTHER ARMY FARCE

Court-martial Inflicts Severe Sentence on a Corporal Which Is Revoked By the Reviewing Officer and Victim Reinstated.

San Francisco, Aug. 12.—Corp. Thornton, who kept accounts for Second Lieut. John S. Davis, quartermaster of McKinley camp, Hawaiian islands, was recently court-martialed and tried on the charge of falsifying reports. The court which heard the case decided that Thornton was not guilty of crime. But it adjudged him guilty of conduct unbecoming his position and prejudicial to discipline. He was ordered to be discharged from the army; to forfeit all pay for fees due him

and to be confined at hard labor for two years. The counsel for the defense declared that the testimony in the case showed a condition of affairs that permitted of lax and careless, if not dishonest methods. Maj. Gen. Hughes, to whom the court-martial's final report and recommendation were forwarded for approval, has reversed their decision. He declares that a condition of affairs which permits such criticism as the counsel for the defense made, to cause such a sentence, deserves grave reproof. He also orders Thornton's sentence revoked and the corporal to be re-enlisted in the service.

SENATOR ROACH IMPROVING

New York, Aug. 12.—Former Senator William A. Roach of North Dakota, who has been exceedingly ill here for a long time, is improving. His illness which arose from the growth of a malignant tumor, had been pronounced incurable and for days he lay at the point of death. The knife had been used several times without avail. Finally the physicians resorted to the X-ray treatment. The great

machine was placed in the senator's room and electric treatment was given daily. The wire springs of the bed acting as conductors. A tube was inserted in the incision made by the former operation and through this the X-ray was applied to the affected part. The attempt was being made to dry up the tumor which the surgeons had failed to remove thoroughly with the knife. Gradually the dangerous symptoms have lessened and at last there is genuine ground for hope.

TRAIN PLUNGED INTO RIVER

Elizabeth, N. J., Aug. 12.—A freight train of the Long Branch division of the Central of New Jersey road, plunged through an open drawbridge into the Elizabeth river today. Twelve cars are piled on top of the locomotive, which lies on the bottom of the river. Two men

lost their lives. They were Patrick Mansfield, of Plainfield, brickman, and Frazar Webster, of Bayonne. One body has been recovered. Engineer Robert Heany, of Elizabeth, jumped from his cab, breaking his leg and sustaining internal injuries.

EXPENSIVE CHICKENS THESE

St. Paul, Aug. 12.—A special to the Dispatch from Fergus Falls, Minn., says: Adolph Burau, the hotel man of Elizabeth, and Ed Flick, of this city, were overhauled by Deputy Game Warden Jones while returning from a hunting trip yesterday, and paid a fine of \$30 and costs in justice court here this morning. Their guns were also confiscated and the three chickens they had secured will cost them about \$100.

he because there has been no prolonged hot spell. Fewer lemons have been consumed and the visible supply has increased until the price has gone down to a point where it would be money thrown away to pay duty. Importers therefore have preferred to lose the amount they paid for the lemons on the other side and have abandoned vast quantities of the product.

POLICEMEN ARE KILLED

Two Chicago Patrolmen Mysteriously Shot. Revolver Battle Occurred At Early Dawn.

Chicago, Aug. 12.—Officers Timothy Devine and Charles T. Pennell, patrolmen of the Chicago police department, were killed here early today in a revolver battle with what is supposed to have been a gang of thugs. Much mystery surrounds the shooting, for both men died before an adequate account of the shooting could be obtained.—Devine in the ambulance on the way to the hospital, and Pennell on the operating table while surgeons were probing for the bullets.

The fight occurred just before dawn, near Jackson boulevard and Ashland avenue, in the aristocratic section of the West Side. The fullblow of shot aroused the entire neighborhood. Citizens who heard the dying policemen groan rushed to their assistance and saw men running away. Officer Pennell, meanwhile, had heroically staggered a hundred feet to a patrol box and sent in an alarm for assistance. At once the police set a dragnet for all suspicious characters and soon had six men in custody. Before Pennell died he was able to gasp out a few words about "robbers," giving descriptions of two men.

FIREWORKS AND NOISE

Will Be the Principal Features of the Welcome to Be Given Prince Chen By the Denizens of Chinatown.

New York, Aug. 12.—Prince Chen's visit to the city commences today and great preparations have been made in Chinatown to give the action of Chinese royalty a fitting welcome, for before he leaves in the evening, the residents of Pell, Mott and adjoining streets will do honor in their own fashion to the visitor.

As soon as the steamer on which Prince Chen came was sighted, Chinatown began to decorate with flags and yellow dragons. On all the corners and walls used for placing the lottery drawings and other semi-official announcements in Chinatown, there appeared in black and red letters a proclamation, signed by the Chinese six companies, of which the following is a translation:

"The mayor of Chinatown is ordered by the Chinese consul to inform the Chinese merchants that Prince Chen will visit us between 4 and 5 p. m. on Tuesday, Aug. 12. Every storekeeper in Chinatown must decorate his place in honor of his arrival, and be prepared to meet the distinguished prince."

Great stores of fireworks have been accumulated, and from the time Prince Chen enters the city, the din and confusion promises to be something beyond anything before attempted in New York by its Chinese denizens.

TRIDENT CHALLENGED

White Bear Yacht Club Formally Notifies St. Lawrence Club That It Desires to Compete For Seawanhaka Cup In 1903.

St. Paul, Aug. 12.—(Special to The Herald.)—Acting on instructions from the board of directors of the White Bear Yacht club, Secretary H. A. Merrill sent a formal challenge to the Royal St. Lawrence Yacht club, at Montreal, to sail for the Seawanhaka-Cornwall cup in 1903, as soon as the result of the final race in the cup contest was known, and it had been settled that Trident, the Canadian yacht, had won.

In the event the challenge by the White Bear club is accepted, several boats will be built in St. Paul, and a general invitation will be issued to all inland yachtmen to participate in trial races at White Bear in which the summer, the winner to be the challenger for the cup. The only condition to be imposed is that the boats should sail under the White Bear colors. The Royal St. Lawrence club has several months in which to accept a challenge.

METHODICAL LYNCHING

Orderly Mob Breaks Into Jail In Skillful Manner and Quietly Dispatches the Murderers of Wealthy Missouri Farmer.

Lexington, Mo., Aug. 12.—Charles Salvers (white) and Harry Gates (colored) were taken from the county jail here by a masked mob at 1:30 this morning and lynched. They were charged with killing George W. Johnson, a wealthy farmer, who surprised them at his bed house near town a week ago. Before they were strung up Salvers made a statement to the mob, saying Gates had fired the shot that killed Johnson.

Salvers and Gates were arrested on the day following the shooting, after an exciting chase. Johnson was one of the wealthiest and most respected men in the community, and the feeling against the two men was intense. A mob gathered while they were being brought to town but was quieted through the efforts of the officers and it was believed that the men would be allowed to stand trial.

REAL OLD FASHIONED HOLD-UP

Tucson, Ariz., Aug. 12.—El Correo de Sonora brings an account of a daring hold-up near Mazatlan, Mexico, by three masked men, supposed to have been outlaws. The robbers secured \$4000 and made good their escape with the plunder. Mariano Gorder, the

driver, attempted to whip up the horses and was shot dead. The stage was full but the passengers were unharmed. A shipment of \$4000 to a bank at Mazatlan was the booty the robbers were after, and when they secured this they allowed the stage to proceed. A posse was sent after the robbers, but up to last reports their search was fruitless.

LEMONS NOT WORTH DUTY

New York, Aug. 12.—The appraiser at this port has sold for the government in the last three weeks 100,000 boxes of lemons because the importers declined to pay duty on them. Most of the lemons imported here come from Mediterranean countries and have been greatly increased within a few years. The chief reason for the present glut is believed to

be because there has been no prolonged hot spell. Fewer lemons have been consumed and the visible supply has increased until the price has gone down to a point where it would be money thrown away to pay duty. Importers therefore have preferred to lose the amount they paid for the lemons on the other side and have abandoned vast quantities of the product.

A Merger of Fifty Lines

of good Columbia Suits into two new ones is announced to take place on Wednesday morning.

The new fall stocks are pouring in on us, but before we place them on sale, we'll make one grand effort to clean up the remainders of the Spring Suits.

MERGER NO. 1.

\$7.11 SEVEN-ELEVEN \$7.11

Is the price at which we will close out all former \$8.50, \$10.00, \$11.75, \$12.50 and some \$15.00 lines—all are now merged into one line, and

Go Now at \$7.11 the New Price.

Fancy worsteds, chevots, cassimeres and novel two-piece Suits—all are included in this sale.

MERGER NO. 2.

\$11.77 ELEVEN SEVENTY-SEVEN \$11.77

is the price at which we will offer any and all of our former \$15, \$16.50, \$18.00, \$20.00 and \$22.50 Suits—all these lines are now merged into one new line and

Go Now at \$11.77 the New Price.

Everybody knows what such offers of the high-class Columbia stock mean—and everybody is invited to become a stock holder to the extent of one suit. The best investment for great capitalists and owners of small saving deposits.

Our whole stock is virtually included in this sale, except our all-the-year bargains in black Clay Worsteds Suits.

THE COLUMBIA, WEST SUPERIOR, WIS.

The Merger Sale Starts on Wednesday.

PYTHIAN KNIGHTS

Put In a Busy Day at the Frisco Convention.

San Francisco, Aug. 12.—This was a busy day for the Knights of Pythias, who are now guests of San Francisco. At 9 o'clock a. m. the Imperial palace of the dramatic order of Knights of Pythias convened in Pythian castle, Imperial Prince Frank H. Clark of Detroit, Mich., presiding.

The supreme lodge of the Knights of Pythias opened its first session at 10 a. m. In the Palace hotel, where an assembly room, resembling the United States senate chamber, has been fitted up.

During the week the supreme officers of the ensuing two years will be elected and installed. Interest centers on the election of the supreme prelate, and it is expected there will be a lively contest. The other supreme officers will probably be advanced one rank.

The supreme temple of the Pythian Brotherhood met in Pike hall at 10 a. m. and supreme temple of Rathbone Sisters assembled in Native Sons hall at the same hour. There promises to be much friendly rivalry between these two affiliated organizations.

During the afternoon and evening there will be band concerts and informal receptions at the various headquarters. The event of the night will be a spectacular repetition of the battle of Gettysburg, and competitive by the naval reserve of California. In the p. m. an evening reception will be held by the Rathbone Sisters, at which an address of welcome will be delivered by Ellis S. Pringle, grand chief of California. On behalf of the delegates, Mrs. Dell Phillips Glazier, supreme chief of the order, will deliver an address in response. Other speakers will be: First supreme chief, Mrs. Ida M. Weaver, and Mrs. P. L. Ingram, of West Michigan street.

Woman's Nightmare

pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

Send for free book containing information of priceless value to all expectant mothers.

Mother's Friend

DISOBEY THE LAW

Accidents Caused By Driving on Wrong Side of Street.

Two Recent Serious Ones Directly Caused By That.

Suggestion That Police Take Steps to Enforce Ordinance.

Recent serious runaway accidents have aroused a sentiment in favor of enforcing the right-side-of-the-street ordinance.

Had two milk men been driving on the right side of the road last Friday night, C. S. Prosser would not be in St. Luke's hospital with a skull fracture and neither would he have lost a \$300 horse.

Had a certain young man employed in a down-town mining office been driving on the right side of the road last Friday night, C. S. Prosser would not be in St. Luke's hospital with a skull fracture and neither would he have lost a \$300 horse.

The ordinance has been on the city statute books for more than a year. It was passed at the urgent request of Chief Black of the fire department, after several of his drivers had reported the most remarkable escapes from collision in running down horses.

Officer Robert Smollett seems to be about the only policeman that is aware of the existence of such an ordinance and he has been abused frequently by drivers because he made them keep to the right.

However, as a precaution against possible serious accidents in the future, it has been suggested that for thirty days the police acting under special instructions keep a sharp lookout for persons that drive to the left instead of the right, and without making any arrests, give the drivers to understand that the ordinance must be enforced.

This ordinance briefly provides that all rigs shall keep to the right of the road except in passing other rigs going in the same direction, when they must turn out to the left and get over to the right again as quickly as possible after passing.

Teamsters say they have a difficult time in observing this ordinance in the Superior street district, owing to the fact that many grocery wagons, meat wagons, ice wagons and coal wagons stand backed up the curb with the horses heading toward the center of the street and taking up all the street space between the street car tracks and curb.

Another place where complaint is made against the workings of the ordinance is enforced, is on Belmont avenue, between Belmont and Third streets, and Thirteenth avenue West. Only the south side of the street is in condition for driving with the horse and wagon on the south side of the street.

In this particular district the drivers of wood wagons seem to have a special preference for the left side of the road, and many complaints are registered on account of them.

The greatest difficulty in driving on the wrong side of the street is in making fire department runs. Chief Black says that no person who knows the city can properly appreciate the difficulty of making a run simply on the right side of the street.

HOW TO FIND OUT

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or scaling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed that Dr. Klinger's Swamp-Root, the great kidney and bladder remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects instantly to hold water and scaling pain in passing it, or bad effects following use of liquor, wine or beer, and over-indulgence in food, and restores the ordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Swamp-Root is sold in fifty-cent and one-dollar sizes. You may have a sample bottle of Swamp-Root and booklet that tells more about it, both sent absolutely free by mail. Address Dr. Klinger & Co., Cincinnati, N. Y. When writing, mention that you read this advertisement in the Duluth Evening Herald. Do not make any mistake, but remember the name, Swamp-Root, Dr. Klinger's Swamp-Root, and the address, Cincinnati, N. Y., on every bottle.

THE TYPOS

Listen to an Address and Appoint Several Committees.

Cincinnati, Aug. 12.—The international typographical convention today heard statements from Secretaries Borne and Kemper, of the United Brewery Workers, asking for a boycott of the city of Cincinnati beer.

A resolution for the same went over under objection. Frederick Driscoll, commissioner of the American Newspaper Publishers' association, delivered an elaborate address on arbitration, contracts and the relations between publishers and the printers' union. Mr. Driscoll asked for the enactment of several amendments to the general law of the union, which would promote the best interests of the publishers as well as the printers.

The address of commissioner Driscoll was followed by a report on the minutes and referred to the various committees most of it to the committee on laws.

Among the committees appointed were: Resolutions—Connelly, of St. Louis, Kizer, of Norfolk, Green of Atlanta, and Coffey of St. Louis.

Arbitration—Small of Omaha, Schwartz of Newark, Rogers of Chattanooga, Wells of Austin and Ryan of Birmingham.

Another place where complaint is made against the workings of the ordinance is enforced, is on Belmont avenue, between Belmont and Third streets, and Thirteenth avenue West. Only the south side of the street is in condition for driving with the horse and wagon on the south side of the street.

In this particular district the drivers of wood wagons seem to have a special preference for the left side of the road, and many complaints are registered on account of them.

AT WEST DULUTH

The action of the council last night in deciding to submit the purchase of the West Duluth water plant to the people was received with universal satisfaction by the residents of this part of the city. One of the prominent business men said this morning:

"The council was wise in taking the action it did. The people of West Duluth do not feel that it was right for them to pay taxes in order that the plant, when owned by the city, will be against the measure when it is put before the people. I understand that the council has decided to submit the purchase of the West Duluth water plant to the people, and I feel that this is a lower price on the proposition, and is to be thanked for its efforts in the matter."

Alderman Barnes, who voted for the measure, said that the water plant was not brought up before the council until after it had been thoroughly discussed by the council. He said that it is found that a number of charter amendments, among which are the West Duluth water plant question and the outlet sewer in the same part of the city, could be legally submitted to the people at a special election, the council may call such an election for that purpose.

Gas service will also be inaugurated shortly, the pipes being laid along with the water mains. This will give West Duluthians cheap fuel in the summer time along with light.

WITHIN A WEEK.

Blast Furnace Will Be Running Within That Time.

The announcement was made this morning that the blast furnace will be in full blast within the next seven days. All of the machinery around the plant has been completed, and about 100 men are at work now doing odd jobs.

The blast furnace will be fired with limestone and coke. The steamer Bittanic is discharging a cargo of limestone at the docks, another load being expected before long.

The furnace will be opened with about 150 men employed.

Chief of Police Troyer yesterday received a communication from Mrs. John H. Sullivan, of Phillips, Wis., saying that her husband left that place Tuesday for Duluth, and that she was very anxious about him, and wants the Duluth police to look for him.

Sullivan has been in West Duluth for the last few days, and was noticed by the police on Monday morning. He is a Swedish-American, and is prominent in the West End of the city. He is a Swedish-American, and is prominent in the West End of the city.

CANDIDATES AT THE PRIMARY ELECTION.

For Auditor.

ODIN HALLER.—The present county auditor, announces that he is a candidate for re-nomination at the hands of the Republican voters of St. Louis county at the primary election to be held Sept. 16. During his services as county auditor he has made a record as a careful, conservative and reliable official, one who has done what he thought to be right without fear or favor, and in asking the voters to support him at the primary election he rests his claims for support upon that record.

For Register of Deeds.

L. M. JOHNSON is a candidate for Register of Deeds. He is a member of the Typographical union, and is prominent in the West End of the city. He is a Swedish-American, and is prominent in the West End of the city.

For State Senator Fifty-First District.

SENATOR F. B. DAUGHERTY announces that he is a candidate for re-nomination upon the Republican ticket for state senator in the Fifty-first district, which includes the First, Second and Fourth wards of Duluth, the townships of Morse, St. Louis and Duluth, the city of Ely and Lake and Cook counties. He has represented this section of the state ever before the term that is now expiring, and both times he has served with distinction, and has been directly responsible for the passage of many measures of great benefit to this district and its people. His efforts in the legislature have been for the good of all classes of his constituents, and he has been able to materially help the interests of business and labor many times. In considering this matter, the attention of the voters is invited to his record as citizen and legislator.

County Superintendent of Schools.

HEIT N. WHEELER, of Oneota, wishes the support of the Republican nomination at the coming primary election. He respectfully solicits the favor of voters on the ground that he is and always has been a consistent Republican and a successful business man of the city of Duluth.

ANDREW T. PARK is a candidate for a second term as superintendent of schools of St. Louis county. Superintendent Park has filled the office over the present needs of the school make him the logical candidate.

He points to his career as superintendent and as a Republican as the reason for his asking your support on Sept. 16th.

For Sheriff.

JOHN T. ARMSTRADT desires to be sheriff of St. Louis county and is a candidate for the Republican nomination at the coming primary election. He respectfully solicits the favor of voters on the ground that he is and always has been a consistent Republican and a successful business man of the city of Duluth.

EDITORS ARRIVE

Members of Minnesota Editorial Association Reach Duluth.

Take Luncheon Here and Go Out on the Huronic.

Excursion Not as Large as That of Last Year.

The state editors and their families arrived in the city on the Great Northern train from St. Paul about 2 o'clock this afternoon and scattered about the city for luncheon, most of them going to the St. Louis hotel, where arrangements had already been made to take care of them.

The party consisted of eighty-eight people, the editors, their wives and families. The excursion was in charge of Northern Passenger Agent L. D. Kitchell of this city, all the way from St. Paul, and the visiting editors declare that they were in good hands; that Mr. Kitchell did everything possible for their comfort on the ride to the head of the lake.

The ride was rather warm and dusty, but it was a jolly crowd that got off at the Union depot. Some of the younger members of the party did not wish to wait for luncheon, but insisted on going immediately to the dock and aboard the steamer Huronic, of the National Navigation line from Duluth to the Soo, Mackinac Island and Sarnia, Ont.

The excursion this year is not as large as that of last year, but this is said to be due to the coming primary elections, which have kept many of the Minnesota editors at home. The political situation in many localities in the state this season is such that the newspaper men have been compelled to stay at home and watch the pot boil.

Although the party is not so large as it might have been, it is large enough to require exclusive accommodations at the way of special cars, two being attached to the Great Northern train today.

The executive committee of the association met in St. Paul last evening, where the coupon books were distributed that cover the expenses of the annual outing.

The members of the party express pleasure at reaching Duluth and its cool weather, and are anticipating a good time when the association returns Aug. 18 from the lake trip for the visit to the ranges and the banquet in this city.

On the way down the lakes the Huronic will stop at various points long enough to give the excursionists time enough to see the sights.

In the party were the following: J. A. Aldrich and wife, Mount Pleasant, Minn.; Kenneth D. Bennett and sister, Granite Falls, Minn.; J. H. Bunker, St. Paul Pioneer Press; Mrs. C. S. Bartram, Minneapolis Cigar and Tobacco Journal; John E. Brandley, wife and daughter, American Type Foundry company; John E. Brown, Fergus Falls Globe; H. E. Collins and wife, Minneapolis, N. W. Agriculturist; E. Cheney and wife, Minneapolis Journal; Neil Currie, son and daughter, Currie Pioneer; George A. Doran and wife, St. Paul Dispatch; Ward Day and sister, Hutchinson Times; Mrs. Frank A. Day and daughter, Fairmont Sentinel; Mrs. C. H. Elliott and daughter, Rochester, Minn.; J. M. Freeman and wife, Olivia Times; J. Green and wife, New Ulm News; A. P. Gove, Rochester Bulletin; W. P. Gottry, wife and child, Fairmont Sentinel; W. R. Hodges, Sleepy Eye Herald; E. F. Howard and wife, Falls Advocate; Miss H. C. Harries, Hastings Gazette; E. E. Jones, St. Paul Times; C. L. Johnson, Lindstrom Courier; E. F. Joubert and wife, Wheaton Reporter; A. H. Langum, Preston Times; J. L. Leitch and wife, Winona West-licher Herald; Mrs. F. W. Lee and daughter, Rush City Post; C. C. Lightbourne, wife and two daughters, Ada Index; Miss E. S. Megaw, St. Paul Trade Journal; Mrs. M. E. Moore, wife and three daughters, Minneapolis Kellogg's Weekly; Frank Moore and wife, St. Paul Pioneer Press; H. C. Miller and daughter, St. Peter Free Press; A. J. May, St. Paul, American Press; A. J. Nash, Hills, Crescent; A. A. Potter, wife and son, Minnesota type foundry, St. Paul; O. U. T. W. G. B. A. Shaver, Kasson Republican; Miss Letha Skatton, Appleton Press; A. J. Schaller and wife, Hastings Democrat; C. S. Schurman, St. Paul, West St. Paul Times; J. Sawbridge, Fergus Falls Free Press.

G. A. R. RATES

Northwestern Roads Announcing Them—Other Railroad Matters.

The Northwestern roads are getting in line with the G. A. R. national encampment at Washington, D. C., Oct. 2 to 5. Not all of the lines reaching this city have received official announcement of the rates, but the Omaha and the Northern Pacific lines are ready to announce a round trip rate of \$2.40. It is expected that the Great Northern line will make the same rate. There is uncertainty as to what the South Shore line will do in bidding for the encampment business. The South Shore road is usually the last to announce its Eastern excursion rates, and for that reason is likely to keep the other lines guessing.

Rates on all the head of the lake lines reaching the Twin Cities are ready to be announced for the Minnesota state fair, which will occur at Hamline, Minn., Sept. 1 to 8. The round trip from Duluth will be one fare plus 50 cents, the cost of admission to the fair grounds.

The local passenger officials of the Great Northern company received today notice of the one way fare excursions to California and the West coast, which will be effective the first of September and October. The rates will be \$25 to \$40 Pacific coast points, as far as Ashland, Ore., and \$20 to California points, as far south as Los Angeles. The road will also quote low rates to intermediate Western points.

In all the excursion announcements no change is noted from the rates given by the same lines last year.

Only to Minnesota.

It has been learned that the advance in the lumber rate on the Northwestern lines for the coming season will be effective Aug. 18, will apply to points in Minnesota and not points in the Southwest, outside the state, as was at first understood by the local traffic men and the shippers. The return excursion rates from Northwestern points to points outside the state has not yet been announced, but is expected any day.

Excursionists Return.

The Minneapolis & St. Louis Railway company's excursion from Iowa and South Dakota, which reached Duluth Sunday, returned last evening. A special sleeping cars were attached to the Great Northern's night train which left at 11:10 p. m. The returning excursionists were taken over the Great Northern road to St. Paul, where they were transferred to the Northern Pacific company here, now city passenger and ticket agent at St. Paul for the Northwestern road, spent Sunday with Duluth friends.

Clive Runnells, traveling freight agent of the Chicago Junction Railway company, arrived from Chicago this morning to look after the interests of his road in this locality.

Railroad Notes.

W. G. Sherman, of St. Paul, Northwestern traveling passenger agent for the Nickel Plate line, was a caller in the city today.

E. A. Whitaker, formerly with the Northern Pacific company here, now city passenger and ticket agent at St. Paul for the Northwestern road, spent Sunday with Duluth friends.

Shampooing, manicuring, massage. Special rates for gentlemen's massages. Miss Bacon, 26 Lombdale building.

A Washout.

A Chicago butter writer: "I never thought silver could be cleaned while simply being washed. Silver Salt does it, and removes any possible chance of scratching the smooth surface." At leading stores.

ESCAPING THE TOLL

Young Man Beats the Long Distance Telephone Slot.

Is Finally Caught Feeding Metal Slugs Into It.

Manager Manseau Has Not Determined Whether to Prosecute.

The future business career of a young commission merchant whose duties make him spend about half of his time in Duluth, and which is about to enter upon an era of prosperity, is controlled at the time by C. M. Manseau, manager of the Duluth Telephone company.

He was apprehended Saturday night in the act of feeding leaden slugs into a long-distance telephone slot and taken to the police station. On account of his position in the business world the facts have not been disclosed.

After being taken to headquarters and questioned, during which time he confessed, the prisoner was released and no charges were placed against him. He is still in the city, and Mr. Manseau is undecided just how he will proceed. The young man is well known here and moves in the best circles. He is a well-dressed individual about 22 years of age.

For some time past the Duluth Telephone company has been receiving more than its share of metal slugs in its long-distance booth at the Spaulding hotel. For weeks they have been coming in regularly and Mr. Manseau, the manager, began a little detective work of his own. He watched carefully those using the instrument, and finally suspicion pointed to the person in later apprehended Saturday evening a call was left for him and with Detective Terry, Mr. Manseau took a position in the Spaulding lobby.

While the officer engaged the man in conversation the telephone manager opened the cash box and brought forth the slug. The accused indignantly denied using it at first, but when taken to the station broke down. He wanted to settle on the spot, but his proposition was refused.

At the station he said that the slugs were made here in Duluth, and the firm doing the work knew what they were to be used for. He had two slugs, quarters and nickels, and his long-distance telephone bill for the past few weeks amounted to about \$10.

The young man's home is in Wisconsin and he is about to enter into partnership with a Duluth man. If the facts were to be made public it would the local man refuse to take him into partnership, but the commission man would surely lose the responsible position he now holds.

As stated in the opening paragraph the young man's future is in Mr. Manseau's hands. Will he be lenient? His friends think he will.

CITY BRIEFS.

Tibbets, undertaker, 31 E. Superior St. Try a "Giant Cultures" clean to certain Dance Outing Auditorium tonight.

It will get shilly shally tonight. A reception was given at Eike's hall last night by the "Giant Cultures" who work in "A Night in Bohemia" attracted so much praiseworthy notice. All the little tots that took part in the performance were special guests and an elaborate time was held. Luncheon was served. The affair was gotten up by the Eikes.

Forecaster Richardson received a letter this morning from Washington, stating that the apparatus for the new station on Lake Superior will be ordered by J. B. Wilson, and with the forged signature of the Duluth Produce company and E. A. Tessenon on it, was found on Lake Superior yesterday. Payment was stopped at the bank and the police are looking for the man who did this.

The regular meeting of the Woman's Aid society of the First M. E. church will be held in the church parlors at 3 o'clock Wednesday afternoon.

PERSONALS.

Misses Lucy and Lillian Holt left this morning for a three weeks' visit at Lake Minnetonka.

Mrs. D. J. Jewett left today for Hibbing, where she will spend a few days visiting friends.

W. H. Spencer has been called to Des Moines, Iowa, by the death of his father.

Miss La Ferre is in New York and will remain there some time.

Mrs. Harry Beaver and Jesse Beaver, of Mt. Carroll, Ill., are spending the week at the home of W. L. Windom, 222 East Third street.

Mrs. J. P. Vrooman and three children, of Napawa, Ont., are visiting their brother, Dr. E. C. Gatherall, 551 London road.

Miss Catherine, Mrs. Homer Collins, Miss Josephine Peyton, Miss Markell, Schuyler Davis, of Rochester, N. Y., and Dr. J. M. Robinson, returned from Isle Royale this morning on the American. They have been camping at Tolmie Harbor for several weeks.

Mr. and Mrs. H. R. Spencer returned this morning from an outing at Washington harbor.

City Controller McCormick is up at Isle Royale a few days' rest.

Dr. F. J. Patton is confined to his home at 226 Fourteenth avenue east. St. Bennett and Newton Randall, well known baseball players, returned from St. Cloud this morning.

Mr. and Mrs. John J. Boobar, of Washington, arrived in Duluth this morning for a few days' visit with friends before going to St. Cloud for the summer.

W. A. Avery, of the lumber firm of Richardson & Avery, will leave over the South Shore this evening for his home in Detroit.

Representative and Mrs. H. P. Packard, of Redfield, who have been visiting Mr. and Mrs. E. Spencer for the past few days, have returned to their home in South Dakota. Besides his legislative honors, Mr. Packard is mayor of his town.

George H. Crosby will leave this evening by the Marquette route for Detroit and the East.

Dr. A. Watterworth left last evening for the East.

J. C. Carter and daughter, of Dickinson, N. D., were in the city today en route for a visit at Montreal and other Eastern points.

Mrs. Florence E. Moody, of Detroit, department treasurer of the Michigan Woman's Relief corps, is a guest at the St. James for a few days.

Mrs. H. H. H. of Aberdeen, S. D., is visiting her daughter, Mrs. F. W. DeVey, 84 East Third street.

Capt. and Mrs. J. C. McArthur, who have been visiting Mrs. F. W. DeVey, 84 East Third street, leave tomorrow for Deerwood.

Judge N. W. Cheever and Miss Noble, of

SILBERSTEIN & BONDY CO.

We Announce an advance Showing of

NEW TAILORED COSTUMES

AND SKIRTS

For Autumn and Fall.

We are displaying some very handsome and strictly exclusive costumes and skirts just received.

The usual fine touch of art so characteristic of all the S. & B. Co.'s garments is shown in their every detail. This is why our styles take precedence over all others. They are so different from the more common sorts. The markets are full of sample suits of uncertain styles which can be bought at large discounts. Every garment sent us is the perfection of the tailors' art, made from selected materials.

A description of a few of the late arrivals will give you an idea of the styles; but, better still, come and inspect them.

A very rich Tailor-made Suit in Oxford, jacket is made in the new coffee style with vest and girdle of a rich black and white braid, and trimmed with the same; skirt trimmed to match jacket and made in the new box pleated effect—one of the newest garments shown—all silk lined.

A nobby Tailor-made Suit in blue, jacket made in the new blouse style, stitched in white, skirt made with wide box, pleat and panels stitched to match jacket.

Another is a very stylish brown costume, jacket made in the new blouse effect, trimmed with rich braid and skirt made with wide box pleats and trimmed to match jacket. All silk lined.

In the new Walking Skirt, the styles are varied, the predominating effects being the kilted skirt, box pleat designs, 7 and 9-gored effects, plain or made with slot seams. Our showing is already very strong in both these lines, while the prices are reasonable and reliable.

receiving more flax from every country than was promised it. Russia is the only country sending out discounting reports, but his advice is that Russia will ship more flax than it did last year, when the total was \$6,000 tons. The north of Africa is coming into more prominence for flax and will export from 40,000 to 50,000 tons. Some estimates place Morocco at 40,000 tons and Algeria at 20,000 tons.

Europe this far this year has received 570,000 tons, says Mr. Destomb. It will get fully 750,000 tons from India and the crop of Argentina. This will leave 150,000 tons to come from Russia and other sources to fill maximum requirements, which are 800,000 tons.

He believes America should have an exportable surplus of 200,000 tons. America is now carrying over a surplus.

The Argentina crop, he says, will be ready in January and on an average yield with the acreage seeded should send out 500,000 tons or more against a record of 365,000 tons in 1900 and nearly as much this year.

Delphin Destomb, of Lille and Paris, France, who has been in the city for the past two days, does not offer much hope for those who wish to see high prices obtained for the large flaxseed crop of the Northwest this fall. Mr. Destomb is one of the largest French importers of seed and is a close student of the market and in well posted both as to the American and foreign situation.

Mr. Destomb says that Europe is

EVILS OF CUTTING

Railway Age Discusses Effect of Slashing Railroad Rates.

Uses Duluth-Buffalo Grain Rate as an Example.

Conductor Flynn's Train Makes Fast Run on Hibbing Line.

Comment is being made by the railway and transportation journals of this country about the so-called evils of unrestricted competition as opposed to regular transportation rates, and the present situation at Duluth is being used by some as an illustration. Railway and lake transportation rates are familiar subjects of discussion in the Northwest and at the head of the lakes, owing to the constantly increasing traffic from this part of the country both by lake and rail, and the prominence given to the question of transportation rates.

In discussing the situation the Railway Age says: "The lake grain carriers have been engaged in what may be called a rate war, which has proceeded to such an extent that the current rate on wheat from Duluth to Buffalo, a distance of 100 miles, is 1 cent per bushel, equivalent to 35 1-3 cents per ton. Out of this the vessel is obliged to pay 15 cents per ton for trimming, etc., leaving a net rate of 18 1-3 cents. There is no commercial reason for any such rate. It is simply the result of a war between the vessel owners, each striving for himself regardless of the interests of all other owners. In such a contest the question of remuneration is not considered. It will not be claimed by anyone that such a rate is profitable under any conditions. It is not even the result of a fight for existence. It is merely an attempt to get the most out of a situation which is not profitable."

MADE GOOD RUN. Great Northern Range Train Makes Good Time.

Conductor Mike Flynn's train, popularly known as the "Hibbing local," is claimed on pretty good authority to have made a record run while coming down from Hibbing one day last week. Conductor Flynn is too modest to say anything about the matter, but several passengers who were on the train and who held their watches over the entire course, claim that the train from Swan River to Floodwood, 17 miles, in exactly 18 minutes, no stops being made. Although this record does not compare with that of some of the fast trains which average a mile a minute over long runs, it is considered pretty fast traveling by those who are in the habit of going to and from the range. Conditions were quite favorable for this run, the weather being clear and the wind being from the north. The Great Northern company is a matter where outside vessels are employed. It may seem strange to many people that the steel company should voluntarily pay more than it is obliged to for transportation, but it is a well-known fact that notwithstanding that an advance in the price of the output of the steel company would be more than double the length of the ordinary railroad line.

The steel corporation is not attributed to be doing business for its health, according to the age, neither is it an eleemosynary institution, because it voluntarily sells its goods for less than it might get, pays outside carriers higher freight rates than are necessary and increases wages wherever it is practicable. "It is outside beyond the immediate present. It realizes that a prospering country is growing out of the stable conditions and reasonable profits will be more productive of good than temporary advantages gained through conditions which impose excessive burdens on the consuming public."

The railway journal quoted does not claim that the steel company is entitled to any particular credit except that attached to business acumen, that it sees more money in the policy adopted than in the grasping of temporary advantages.

Attention is drawn to the possibility which is before the railroads through some policy, it being held that the maintenance of just and equitable rates is a sure basis of earnings than the fluctuating basis now so often employed to secure temporary advantage. The shippers of the Northwest, particularly those in the lumber trade, have had a taste of fluctuating rates and are making little, if any, complaint now that the rate rule on their production is three cents higher from Duluth to the southwest than it was a week or ten days ago, because they

fantastic stories have been written of magic mirrors in which the future was revealed. If such a thing were possible many a bright-faced bride would shrink from the revelation of herself, stripped of all her loveliness. If there is one thing which would make a woman shrink from marriage it is to see the rapid physical deterioration which comes to so many wives. The cause is generally due to womanly diseases. Lost health and lost comeliness are restored by the use of Dr. Pierce's Favorite Prescription. It cures irregularity and dries weakening drains. It heals inflammation and ulceration, and cures female weakness.

"It is with the greatest pleasure that I tell you what Dr. Pierce's Favorite Prescription and Golden Medical Discovery have done for me," writes Mrs. Eliza D. Baker of 105 North 7th Street, Harrisburg, Pa. "They have done me a world of good. I had female weakness for years, sometimes would feel so badly I did not know what to do, but I found relief at last. Thanks to Dr. Pierce for his kind advice. I have this medicine still in my house and will always keep it."

If you are led to the purchase of "Favorite Prescription" because of its remarkable cures of other women, do not accept a substitute which has none of these cures to its credit.

Free. Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Or for cloth-bound volume send 21 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

SMALL BOY DROWNED

He Loses His Life In Three Feet of Water.

Little Brother Too Terrified to Tell What Had Happened.

In Water Many Hours Before His Fate Is Learned.

A 7-year-old boy was drowned in three feet of water in the Sixth avenue west slip yesterday morning. His little brother, who saw the accident, was too terrified to tell his mother about it till late last evening.

Shortly after 9 o'clock the life saving crew under Capt. McLennan fished the body out with a pole. It was on the top of some old piling and in not more than three feet of water.

The boy was Ira Snell, son of Mr. and Mrs. Paul Snell, of 123 Sixth avenue west. Early in the morning he left home with his brother and another playmate. They wandered down to the docks, about noon the brother returned home, without Ira and his mother asked him about the absent boy, but he replied that he did not know where he was.

As the day wore on and Ira did not return Mrs. Snell became more and more anxious until when the company mended the younger boy he denied having seen his brother. Finally the boy broke down and said that his brother had fallen into the Sixth avenue slip. The authorities were quickly notified and the location pointed out.

TWO SIDES TO IT.

Dispute Over Lamborn Avenue Bridge In Superior.

The city council of West Superior has taken no decisive step yet toward compelling the street railway company to help maintain the expense of operating the Lamborn avenue draw-bridge, which the interstate car line crosses on Connor's Point.

Some of the aldermen claimed that the street railway company, in making improvements loaded the bridge down with its own weight. Manager Warren, of the street railway company, claims that the bridge is in bad condition, and the repairs to its track at the bridge, it removed some of the old iron and its equipment. The bridge is about 300 pounds lighter on the structure than last year. He claims that the working mechanism of the bridge is in bad condition. An investigation of the machinery will be made.

AMUSEMENTS.

"A THOROUGHLY TRAINED TRAMP."

"A Thoroughly Trained Tramp" will be at the Lyceum tomorrow evening, and much is promised for the production. Many times the Lyceum has been made of his time of entering or whether the tramp is a tramp or not. The Lyceum is a figure so as to tell a story of a tramp. Upon finding that the prisoner was lying the officer asked him about it and the man ventured that he had

Some time back prisoners frequently were released ahead of this by taking advantage of the escape of other prisoners. Upon finding that the prisoner was lying the officer asked him about it and the man ventured that he had

"BURGLAR AND WAIF." The latest success by C. T. Dazey, author of "In Old Kentucky" and "The Sultan's Daughter." It blends comedy, sentiment, heroics and picturesque scenes are necessary to illustrate this play, which is full of movement and action. The Lyceum is a figure so as to tell a story of a tramp. Upon finding that the prisoner was lying the officer asked him about it and the man ventured that he had

CELEBRATED CORONATION. Passengers on Steamer Huronic Observe the Day.

Last Saturday afternoon as the big steamer Huronic came speeding through the waters of Lake Superior, bound from Sarnia, Can., for Duluth, Uncle Sam's people joined hands with John Bull's people and celebrated the coronation of King Edward. Canadians and men from the states joined voices in singing "God Save the King" and "America, while the Stars and Stripes floated from one end of the vessel and the standard of England from the other.

It was a happy occasion, and while Edward VII. was being cheered and toasted in far off England, he was toasted and cheered on a vessel gliding over the blue waters of Lake Superior.

J. W. White, queen's attorney of Chatham, Ont., filled the position of master of ceremonies and arranged the program for the occasion. "God Save the King" was sung, followed by

PRELIMINARY ARRANGEMENTS for the organization of a historical society, comprised of twenty-four charter members, were made in West Superior last evening. The objects of the society are similar to those of the Duluth Historical society—the collection and preservation of all documents, papers and information regarding the early history of West Superior. A large part of the membership consists of persons who are old residents of Superior.

A committee was appointed to draw up the articles of incorporation and arrange for a meeting place.

Under Way on Lines of Northern Pacific Railway.

Nowhere in the country is the potato crop larger than on the line of the Northern Pacific short line, formerly the St. Paul & Duluth road. According to the Northern Pacific bulletin just issued the potato crop along those lines is being

The samples of wheat were also very fine, being high, having fine straw and heads that apparently would fill out nicely. Mr. Gill is not raising the wheat with any idea of adding very heavily to the visible supply as yet, for there are only two acres in, but he will demonstrate that it is possible to raise wheat in St. Louis county and close to the supposedly frigid shores of Lake Superior.

NO SHOOT THIS YEAR

Duluth Central Gun Club
Will Hold No Tour-
nament.

It Might Interfere With
the Virginia Club's
Event.

Duluth Men Will Aid
That--Last Trophy
Shoot.

There will be no tournament held this summer by the Duluth Central Gun club on account of the Virginia club which will take place next Thursday and Friday. A. A. Farrington, the secretary of the club, said this morning that it would be exceedingly difficult to get men up in this part of the country for two shoots, and that owing to the fact that the Virginia club was a comparatively young one, the Duluth marksmen would not attempt to hold anything of the kind. On the contrary, they will do all they can for the success of the range men and a large number of them will attend the shoot this week.

The shooting season of the local club will end in about two weeks, when the final shoot for the "Big Duluth" diamond medal will take place. There will be two more events in the P. D. Day Co. trophy, one being held at the end of this week and the other in two weeks. The last shoot for the Day trophy resulted as follows: 25 birds being shot at each time:

Class	Broke	P. C.
Warren	22	88
Storoy	22	88
Nelson	22	88
Cap	22	88
Fulton	22	88
Niles	22	88
Bob	22	88
Frank	22	88
Max	22	88

On the shoot off Warren Mendenhall broke 24 to Storoy's 19. In the recent shoot for the "Big Duluth" diamond medal the score was as follows: 25 birds being shot for:

Broke	P. C.
Berry	24
Nelson	22
Cap	22
Warren	19
Storoy	19
Fulton	21
Niles	21
Bob	21
Frank	12
Harvey	11
Max	11

The conditions for the best of the badge were that it had to be shot for in ten regular shoots, with a final shoot of 100 birds. This was the tenth regular shoot, while the final shoot will take place in about two weeks.

O. W. HOLMES

Appointed to Supreme
Bench to Succeed
Justice Gray.

Oyster Bay, Aug. 12.—President Roosevelt late yesterday announced that he had appointed the Hon. Oliver Wendell Holmes, chief justice of the supreme court of Massachusetts, to be an associate justice of the supreme court of the United States, vice Justice Gray, resigned.

The resignation of Justice Gray was due to ill health. Several months ago he suffered a stroke of apoplexy, which some time later was followed by another. He has not appeared on the bench since he was stricken the first time.

His advanced age, 74 years, told against his recovery with serious force. Realizing that he probably never would be able again to assume the place which he has so long filled with distinguished ability and honor, he decided a short time ago to tender his resignation. With the exception of Justice Harlan he served on the bench of the United States supreme court longer than any of his present colleagues. He was appointed as associate justice by President Arthur, December 12, 1881, his service extending, therefore, through a period of nearly 21 years.

Justice Holmes, whom the president has selected as Justice Gray's successor, is one of the most distinguished lawyers and jurists on the bench, particularly as chief justice of the Massachusetts supreme court, has attracted wide attention. Like Justice Gray he is a native of Massachusetts. He is a son of the late Dr. Holmes, the poet.

NEW ULM

Will Observe Fortieth
Anniversary of In-
dian Massacre.

New Ulm, Minn., Aug. 12.—On Aug. 23 and 24 the fortieth anniversary of the terrible Sioux Indian uprising of 1862 will be observed by a big celebration at New Ulm. The selection of that city as a point at which to hold the important exercises is very appropriate, as it was the town which suffered most severely from the depredations of the savage red men. Around it the memories of those troublous times will cluster, and associated with it are the incidents of the conflict which was fought and won.

Forty years have elapsed since the massacre, and now the citizens of New Ulm will celebrate the triumph with a monster jubilee. Elaborate preparations have been made for the affair, and it will be conducted on a scale never before attempted by any city of the same size in Minnesota.

Speakers of note, including United States Senator Moses E. Clapp, Governor S. R. Van Sant, ex-Governor Alexander Ramsey and John Lind, will be on hand to address the people

PETER POWER

Is Living at Montreal
Under an Assumed
Name.

Attorney Lamb Attempts
to Explain to the
Court.

Says Suit Was Approved
By Authorities of
Minnesota.

New York, Aug. 12.—At the hearing yesterday of the suit of Peter Power against the directors of the Northern Pacific railroad to prevent them from turning over the stock of the company to the Northern Securities company, George A. Lamb, counsel for Power, admitted that his client was living at the Queen's hotel, Montreal, under the name of "P. Blake."

Mrs. Kate Carney, the proprietor of a hotel at West Hurley, N. Y., the place where Power was last seen, had testified to the presence of Power and his wife at her place and to their departure, accompanied by a man whom she identified as Attorney Lamb. The witness then told of driving Mr. and Mrs. Power and Lamb to the Rhinebeck ferry.

After Camille Wendenfeld, the broker, had been excused on Wednesday, W. D. Guthrie, of counsel of the defense, asked that Mr. Lamb take the stand. Mr. Lamb asked the privilege of making a statement, saying he had extended that same privilege to the witnesses of the defense. Mr. Guthrie said he would permit the explanation providing he would explain his trip to West Hurley and Power's escape to Canada.

"Mr. Power," said Mr. Guthrie, "is living in the Queen's hotel, Montreal, under the name of P. Blake." That is true, admitted Mr. Lamb, and then he entered upon a long statement. He told of finding Power at West Hurley in a highly nervous condition and desirous of going to Montreal, to which he, Lamb, objected. Power, he said, promised to come to this city at once should Justice Lamb decide that he was in contempt. Lamb declared that he had tried by means of telegrams to Montreal to induce Power to return and had sent funds for that purpose.

Mr. Lamb then told of being counsel for the firm of Lawson, Wendenfeld & Co. He had heard discussed on every side the subject of the Northern Securities company and its legality. He had many talks with Mr. Wendenfeld concerning this.

"I told Mr. Wendenfeld," said Mr. Lamb, "that no one in Wall street dare start an action. Any banker or broker who dared to begin a suit to compel the enormous accumulation of capital would have his business ruined by the interested parties. Mr. Wendenfeld then suggested that some responsible man be found who could induce the real principals and conceal their identity entirely. If such a man could be found, Mr. Wendenfeld told me he would agree to purchase stock for him and begin a suit in his name."

"I suggested Peter Power as a young man who was responsible and also had inherited some money, as a proper man. In the meantime I was constantly being importuned by my clients to take some action against these people. Later I found that Minnesota, through its governor and attorney general, proposed to take some action."

"I visited St. Paul and there met Mr. Van Sant, the governor, and attorney general. They heartily welcomed any action upon my part. In fact the governor told me at one time thought it would be a good idea for Minnesota to buy some Northern Pacific stock and bring a suit as a stockholder. So the Power suit was commenced as such as those by other clients of mine holding large blocks of the stock."

"I have always been willing to produce Mr. Power at the proper time, and neither Mr. Power nor myself has at any time desired to do anything that could be considered as tending to show this court, disreputable or to hold it in contempt."

Mr. Guthrie endeavored to find out from Mr. Lamb whether there had been a certificate of stock of the Northern Pacific railway in the name of Peter Power. Mr. Lamb said that he had been given such a certificate of stock. Mr. Guthrie then asked who drew the complaint in the present case, and Mr. Lamb said it was the joint work of himself, a Mr. Luckley and Judge Lansing, of St. Paul.

Mr. Guthrie tried to induce Mr. Lamb to tell more concerning the certificate of stock which he alleged was owned by Mr. Power, and upon which the latter's right to bring suit was based, but Mr. Lamb refused to do so without consulting his clients. The lawyer for the defense declared that the action of a lawyer in getting a man to act as plaintiff, behind whom the true plaintiffs could conceal their identity, might prove to be conspiracy.

Mr. Guthrie then insisted on knowing how much money Mr. Lamb had paid Power July 31 last, and for what purpose, but the witness replied that that was confidential. Finally the examination was adjourned until Wednesday morning.

OLEO MEN LOSE

On Their Contentment as to
Palm Oil.

Washington, Aug. 12.—Commissioner Yerkes of the Internal Revenue department yesterday afternoon handed down a decision regarding the use of palm oil in oleo for coloring matter. The gist of the decision is contained in the closing paragraph which says:

"This office rules that where so minute and infinitesimal a quantity of a vegetable oil is used in the manufacture of oleomargarine as to impart to it a yellow color, it cannot be considered that the oleo is used with a purpose or intention of being a bona fide constituent part or element of the product, but is used solely for the purpose of coloring or imparting a yellow color to the oleomargarine, and is not free from artificial coloration, and is not subject to the tax of 10 cents per pound."

This is a distinct victory for the butter people and means that the new law is construed in their favor.

PETER POWER

Is Living at Montreal
Under an Assumed
Name.

Attorney Lamb Attempts
to Explain to the
Court.

Says Suit Was Approved
By Authorities of
Minnesota.

New York, Aug. 12.—At the hearing yesterday of the suit of Peter Power against the directors of the Northern Pacific railroad to prevent them from turning over the stock of the company to the Northern Securities company, George A. Lamb, counsel for Power, admitted that his client was living at the Queen's hotel, Montreal, under the name of "P. Blake."

This is a distinct victory for the butter people and means that the new law is construed in their favor.

\$142,500.00

WILL BE GIVEN AWAY IN JAN. 1903

TO SMOKERS OF THE

BEST AND LARGEST SELLING BRANDS OF CIGARS IN THE WORLD!

HOW MANY CIGARS

will the United States collect Taxes on during the Month of December, 1902?

(Cigars bearing \$3.00 per thousand tax.)

\$142,500.00 will be given in January, 1903, to the persons whose estimates are nearest to the number of cigars on which \$3.00 tax per thousand is paid during the month of December, 1902, as shown by the total sales of stamps made by the United States Internal Revenue Department during December, 1902.

Distribution will be made as follows:	
To the.....(1) person estimating the closest.....	\$5,000.00 in cash
To the.....2 persons whose estimates are next closest.....	5,000.00 "
To the.....3 persons whose estimates are next closest.....	5,000.00 "
To the.....4 persons whose estimates are next closest.....	5,000.00 "
To the.....5 persons whose estimates are next closest.....	5,000.00 "
To the.....6 persons whose estimates are next closest.....	5,000.00 "
To the.....7 persons whose estimates are next closest.....	5,000.00 "
To the.....8 persons whose estimates are next closest.....	5,000.00 "
To the.....9 persons whose estimates are next closest.....	5,000.00 "
To the.....10 persons whose estimates are next closest.....	5,000.00 "
To the.....20 persons whose estimates are next closest.....	5,000.00 "
To the.....30 persons whose estimates are next closest.....	5,000.00 "
To the.....40 persons whose estimates are next closest.....	5,000.00 "
To the.....50 persons whose estimates are next closest.....	5,000.00 "
To the.....60 persons whose estimates are next closest.....	5,000.00 "
To the.....70 persons whose estimates are next closest.....	5,000.00 "
To the.....80 persons whose estimates are next closest.....	5,000.00 "
To the.....90 persons whose estimates are next closest.....	5,000.00 "
To the.....100 persons whose estimates are next closest.....	5,000.00 "
To the.....2,000 persons whose estimates are next closest.....	25,000.00 "
To the.....3,000 persons whose estimates are next closest.....	15,000.00 "
To the.....30,000 persons whose estimates are next closest we will send to each one box of 50 "Cremo" Cigars (value \$2.50 per box).....	75,000.00
35,213 persons.....	\$142,500.00

Every 100 bands from above named cigars will entitle you to four estimates.

(One "Florodora" band counting as two bands from the 5 cent cigars mentioned; and no less than 100 bands will be received at any one time for estimates.)

Information which may be of value in making estimates—the number of Cigars now bearing \$3.00 Tax per thousand, for which Stamps were purchased, appears below:

In December, 1900,	467,602,208 Cigars.	In March, 1902,	616,564,027 Cigars.
" December, 1901,	470,812,170 "	" April, 1902,	616,583,168 "
" January, 1902,	496,983,717 "	" May, 1902,	623,034,907 "
" February, 1902,	445,405,485 "		

In case of a tie in estimates, the amount offered will be divided equally among those entitled to it. Distribution of the awards will be made as soon after January 1st, 1903 as the figures are obtainable from the Internal Revenue Department of the United States for December.

Write your full name and Post Office Address plainly on packages containing bands. The Postage, or Express charges on your package must be fully prepaid, in order for your estimate to participate.

All estimates under this offer must be forwarded before December 1st, 1902, to the FLORODORA TAG COMPANY, Jersey City, N. J.

You do not lose the value of your bands. Receipts will be sent you for your bands, and these receipts will be just as good as the bands themselves in securing Presents. One band from "Florodora," or two bands from any of the other Cigars mentioned above, will count in securing Presents the same as one tag from "Star," "Horse Shoe," "Spear Head," "Standard Navy," "Old Peach and Honey," "J. T.," "Master Workman," "Piper Heidsieck," "Jolly Tar," "Boot Jack," "Old Homestead," "Razor," or "Planet" Tobacco; or one "Sweet Caporal" Cigarette Box Front.

Send each estimate on a separate piece of paper, with your name and address plainly written on each. Blank forms for estimates will be mailed upon application.

Illustrated Catalogue of Presents for 1903 and 1904 will be ready for distribution about October 1st, 1902, and will be mailed on receipt of ten cents, or ten tobacco tags, or twenty cigar bands.

KILLED AT CLOUQUET.

Frank Finerty Met Instant
Death In Paper Mill.

Cloquet, Minn., Aug. 12.—(Special to the Herald.)—Frank Finerty, a young man about 17 or 18 years of age, residing with his mother in this village, was instantly killed on Saturday afternoon last at the Northwest Paper company's mill. He was caught in the rollers and his head nearly severed from his body. The funeral was held at St. Mary's Catholic church yesterday and was attended by a large concourse of friends and citizens.

The Democrats gathered in force on Monday evening to receive L. A. Roaring, candidate for governor. Mr. Roaring is popular here and will poll the full party vote. If C. O. Baldwin would pull himself together and make his mind to go to congress from this district he would get there and at the same time be a tower of strength to the ticket.

It dulle the scythe of Father Time, drives away wrinkles of approaching old age—the elixir of life, that puts hope in the human heart—Rocky Mountain Tea. S. F. Boyce.

ADVANCE IN WHEAT

Wheat Market Starts Out Higher and Advances Further.

Government Crop Report Is Less Bearish Than Expected.

Good Export Demand—Flax Opens Weaker But Rallies.

Duluth Board of Trade, Aug. 12.—The wheat market advanced sharply in contrast to the weakness that has prevailed for some time. Cables were steady, the foreign demand was excellent and the government crop was taken to be less bearish than was expected. The Liverpool market closed 3-16 higher. Duluth shippers worked fifteen loads of wheat, all new, for export, and New York reported forty-eight loads today.

Primary receipts of wheat, 1,230,000 bushels, last year 50,000 bushels. Shipments 580,000 bushels, last year 1,000,000 bushels. The corn market was excellent and the government crop was taken to be less bearish than was expected. The Liverpool market closed 3-16 higher. Duluth shippers worked fifteen loads of wheat, all new, for export, and New York reported forty-eight loads today.

THE CHICAGO MARKET.

Better Tone in Grains Owed to Crop Report.

Chicago, Aug. 12.—Grain markets on a better tone at the opening today, largely because the government crop report was less bearish than had been expected. Other conditions favored the grain. Cables were steady on wheat; stock markets were falling rapidly and good buying by foreigners was reported. Wheat opened at 95c, up 1/2c, to 95 1/2c, at 95 1/2c to 95 3/4c, and 95 3/4c to 96c, and 96c to 96 1/4c, and 96 1/4c to 96 1/2c, and 96 1/2c to 96 3/4c, and 96 3/4c to 97c, and 97c to 97 1/4c, and 97 1/4c to 97 1/2c, and 97 1/2c to 97 3/4c, and 97 3/4c to 98c, and 98c to 98 1/4c, and 98 1/4c to 98 1/2c, and 98 1/2c to 98 3/4c, and 98 3/4c to 99c, and 99c to 99 1/4c, and 99 1/4c to 99 1/2c, and 99 1/2c to 99 3/4c, and 99 3/4c to 1.00, and 1.00 to 1.01, and 1.01 to 1.02, and 1.02 to 1.03, and 1.03 to 1.04, and 1.04 to 1.05, and 1.05 to 1.06, and 1.06 to 1.07, and 1.07 to 1.08, and 1.08 to 1.09, and 1.09 to 1.10, and 1.10 to 1.11, and 1.11 to 1.12, and 1.12 to 1.13, and 1.13 to 1.14, and 1.14 to 1.15, and 1.15 to 1.16, and 1.16 to 1.17, and 1.17 to 1.18, and 1.18 to 1.19, and 1.19 to 1.20, and 1.20 to 1.21, and 1.21 to 1.22, and 1.22 to 1.23, and 1.23 to 1.24, and 1.24 to 1.25, and 1.25 to 1.26, and 1.26 to 1.27, and 1.27 to 1.28, and 1.28 to 1.29, and 1.29 to 1.30, and 1.30 to 1.31, and 1.31 to 1.32, and 1.32 to 1.33, and 1.33 to 1.34, and 1.34 to 1.35, and 1.35 to 1.36, and 1.36 to 1.37, and 1.37 to 1.38, and 1.38 to 1.39, and 1.39 to 1.40, and 1.40 to 1.41, and 1.41 to 1.42, and 1.42 to 1.43, and 1.43 to 1.44, and 1.44 to 1.45, and 1.45 to 1.46, and 1.46 to 1.47, and 1.47 to 1.48, and 1.48 to 1.49, and 1.49 to 1.50, and 1.50 to 1.51, and 1.51 to 1.52, and 1.52 to 1.53, and 1.53 to 1.54, and 1.54 to 1.55, and 1.55 to 1.56, and 1.56 to 1.57, and 1.57 to 1.58, and 1.58 to 1.59, and 1.59 to 1.60, and 1.60 to 1.61, and 1.61 to 1.62, and 1.62 to 1.63, and 1.63 to 1.64, and 1.64 to 1.65, and 1.65 to 1.66, and 1.66 to 1.67, and 1.67 to 1.68, and 1.68 to 1.69, and 1.69 to 1.70, and 1.70 to 1.71, and 1.71 to 1.72, and 1.72 to 1.73, and 1.73 to 1.74, and 1.74 to 1.75, and 1.75 to 1.76, and 1.76 to 1.77, and 1.77 to 1.78, and 1.78 to 1.79, and 1.79 to 1.80, and 1.80 to 1.81, and 1.81 to 1.82, and 1.82 to 1.83, and 1.83 to 1.84, and 1.84 to 1.85, and 1.85 to 1.86, and 1.86 to 1.87, and 1.87 to 1.88, and 1.88 to 1.89, and 1.89 to 1.90, and 1.90 to 1.91, and 1.91 to 1.92, and 1.92 to 1.93, and 1.93 to 1.94, and 1.94 to 1.95, and 1.95 to 1.96, and 1.96 to 1.97, and 1.97 to 1.98, and 1.98 to 1.99, and 1.99 to 2.00, and 2.00 to 2.01, and 2.01 to 2.02, and 2.02 to 2.03, and 2.03 to 2.04, and 2.04 to 2.05, and 2.05 to 2.06, and 2.06 to 2.07, and 2.07 to 2.08, and 2.08 to 2.09, and 2.09 to 2.10, and 2.10 to 2.11, and 2.11 to 2.12, and 2.12 to 2.13, and 2.13 to 2.14, and 2.14 to 2.15, and 2.15 to 2.16, and 2.16 to 2.17, and 2.17 to 2.18, and 2.18 to 2.19, and 2.19 to 2.20, and 2.20 to 2.21, and 2.21 to 2.22, and 2.22 to 2.23, and 2.23 to 2.24, and 2.24 to 2.25, and 2.25 to 2.26, and 2.26 to 2.27, and 2.27 to 2.28, and 2.28 to 2.29, and 2.29 to 2.30, and 2.30 to 2.31, and 2.31 to 2.32, and 2.32 to 2.33, and 2.33 to 2.34, and 2.34 to 2.35, and 2.35 to 2.36, and 2.36 to 2.37, and 2.37 to 2.38, and 2.38 to 2.39, and 2.39 to 2.40, and 2.40 to 2.41, and 2.41 to 2.42, and 2.42 to 2.43, and 2.43 to 2.44, and 2.44 to 2.45, and 2.45 to 2.46, and 2.46 to 2.47, and 2.47 to 2.48, and 2.48 to 2.49, and 2.49 to 2.50, and 2.50 to 2.51, and 2.51 to 2.52, and 2.52 to 2.53, and 2.53 to 2.54, and 2.54 to 2.55, and 2.55 to 2.56, and 2.56 to 2.57, and 2.57 to 2.58, and 2.58 to 2.59, and 2.59 to 2.60, and 2.60 to 2.61, and 2.61 to 2.62, and 2.62 to 2.63, and 2.63 to 2.64, and 2.64 to 2.65, and 2.65 to 2.66, and 2.66 to 2.67, and 2.67 to 2.68, and 2.68 to 2.69, and 2.69 to 2.70, and 2.70 to 2.71, and 2.71 to 2.72, and 2.72 to 2.73, and 2.73 to 2.74, WANT AN INTEREST

Quartet Apply for a Substantial Divide In Mining Deal.

D. S. Fairchild and Donora Mining Company Are Defendants.

Ask Five-Sixteenth Part of Hundred Thousand Dollars.

William Rock, Peter J. Rock, Joseph M. Rock and W. J. Atwell want a five-sixteenth interest in the mining property described as follows: S½ of the NW¼, section 27, and the S½ of the NW¼, section 28, both in 59-15.

They want it so badly that they have begun action in the district court against D. S. Fairchild and the Donora Mining company, and in case it cannot be so arranged as to get their share of the mining lease held by the Donora people they will be satisfied with \$10,000 and their share of the profits from the property up to this time.

The property was originally owned by the St. Paul & Duluth railway, which delivered a mining lease to G. W. Wallace, March 4, 1901, who assigned it to W. G. Goforth, who in turn delivered seven-eighths of the lease to the defendant, Fairchild. The Donora Mining company, organized in 1897 to take charge of the railway's property, also gave a lease of the land to Goforth, as a substitute for the first one. Fairchild again received seven-eighths of the lease, and the states that on March 11, 1901, the land was unexplored and undeveloped, and was chiefly valuable for its location, and that it had been hidden there. However, it was not known in what quantities it could be found, making the value uncertain.

William Rock and Atwell owned a drill and outfit, and all of the plaintiffs agreed to do the work, and Fairchild was to have the right to move the outfit, and in addition, was to pay all expenses. Fairchild, in return, agreed to transfer a five-sixteenth interest of the lease to the plaintiff. The drilling was begun and the complaint states that the drill was sunk nearly to the iron ore deposits. Then Fairchild changed his mind and refused to hire the men and with no money the work had to be discontinued.

He refused to transfer that part of the lease which the plaintiffs claim they were entitled to, and the plaintiffs then had the exploratory work continued and claims to have at nominal cost, exposed valuable iron ore deposits. Fairchild, the complaint states, for the purpose of cheating and defrauding the plaintiffs, sold and transferred the lease to the Donora Mining company, which had full knowledge of the claims of the plaintiffs, who demanded that the defendant company return from buying the lease. The plaintiffs charge that the Donora company paid Fairchild \$100,000 for the lease, and five-sixteenths of that would be \$31,000, although the prospective value is much greater.

It is stated further that Fairchild has no property liable to execution of sufficient value to pay plaintiffs the damages sustained and equity alone can give them adequate relief. The plaintiffs are now asking for a judgment of \$100,000, and if they cannot be decreed then render them an account of the profits and losses to date and award the plaintiffs a judgment of \$10,000, John Jensen is the plaintiffs' attorney.

ESTIMATE

By H. V. Jones of the Spring Wheat Crop Is Issued.

H. V. Jones, editor of the Commercial West of Minneapolis, has issued his annual estimate of the spring wheat crop yield. The estimates of Mr. Jones have been regarded as the best and most reliable estimate of the spring wheat crop yield in the United States.

Mr. Jones estimates the production of the three states, North Dakota, South Dakota and Minnesota at 15,360,000 bushels, the smallest yield with one exception in the history of the wheat crop.

The details of his estimate are as follows:

State	Acres	Yield
Minnesota	5,600,000	15,360,000
North Dakota	3,200,000	5,100,000
South Dakota	2,500,000	4,900,000
Total	11,300,000	15,360,000

Mr. Jones' estimate is an advance bulletin, the full statement to appear in the next issue of his paper.

McMillan-Agen.

The wedding of Miss Ruby McMillan, daughter of Mr. and Mrs. J. A. McMillan, and Mr. J. A. Agen, of Superior, took place at noon today at the summer cottage of the bride's mother on Park Point. The ceremony was witnessed by only a few intimate friends and relatives. Little Louise, the camp, was decorated tastefully for the occasion. A luncheon was served after the wedding. Mr. and Mrs. Agen left on the Huron for a trip down the lakes and will be at home in Superior upon their return.

The groom is the son of Col. J. H. Agen and is engaged in the real estate and insurance business with his father in Superior.

TEST OF CANAL.

Big Power Conduit at Sault Is Filled.

Sault Ste. Marie, Aug. 12.—Water is flowing into the great water power canal of the Michigan-Lake Superior Power company. At 10:30 last night the sluiceway was opened and water began to pour in. When the Soo avenue dam was opened and water began to pour in. When the Soo avenue dam was opened and water began to pour in. When the Soo avenue dam was opened and water began to pour in.

There is an old adage which says that a girl scared at a grass-hopper, but in the act of headlessly treading on a snake. This is parallel to the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with the bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale at Boyce's Drug Store.

This signature is on every box of the genuine **Laxative Broom-Quinine**. It is ready to cure a cold in one day.

THIEVES ABROAD

Heard From In Three Places at the East End.

Try Ruse to Get Into Capt. Gaillard's Residence.

Tent Stolen at C. M. Mauseau's—Seen Near Another Home.

Thieves, crooks, burglars, call them what you will, have been running wild in the East End during the past couple of days.

They were heard from in three places yesterday, but fortunately secured but little booty. The people receiving the visits did not report the affair to the police, so the robbers, if they are still here in the land of plenty, can continue their depredations. From the stories told it is evident that the thieves are not novices.

About 10 o'clock yesterday morning a young man, quite well dressed, knocked at the door of the home of G. K. Weinman, 118 East Superior street. He said he was an electrician for the Duluth Telephone company, and had been sent out to take care of a job in the home of Capt. D. H. Gaillard, 118 East Superior street, which is the next house in the apartment building. Mrs. Weinman said that the family was not at home, but the young man apparently knew this, for he stated that he wanted to go to the upstairs of the Weinman house and crawl through the window into that of Capt. Gaillard. He said the job would take but a minute. Mrs. Weinman was suspicious, however, and refused to allow him to enter.

Mrs. Weinman said that she was surprised when she learned that a telephone man had called as he had given no notice that his line was out of order. She called Manager Mauseau, of the telephone company, this morning, who said that none of his men had been out in that section for days. In addition, all of his men wear badges.

Mrs. Weinman said that the stranger carried no tools except a pair of pliers and a screwdriver, and that he dressed in the ordinary manner. A large tent which stood in the back yard of the home of Capt. Gaillard, 222 Fourteenth avenue East, was stolen last night. It had stood there for days and was not noticed until this morning. It was worth about \$12. The people at the house have no clue to the thieves.

Providence was seen in the vicinity of the home of Judge Hale, 1203 East First street, last evening. The fact is that it is Deerwood. It is supposed that the man who was there was a thief, and if such were the case, he was frightened away before they entered the home.

SHATTERED.

Six-Year-Old Boy Damages Hand Pounding Dynamite.

George Lee, aged 6 years, residing at 225 East Fifth street, son of B. O. Lee, found a piece of dynamite in the alley in the rear of his home yesterday afternoon and undertook to crack it. As a result the boy has a badly shattered hand, and it is not known as yet whether it will be possible to save the member.

It is not known how the stuff got there, but it is surmised that it was left there last winter when the house was built.

DEATH LIST.

New York, Aug. 12.—Charles E. Pratt, a once widely known musician, died at his home in New York City.

It is not known how the stuff got there, but it is surmised that it was left there last winter when the house was built.

STRUCK BY LIGHTNING.

Station on the Burlington Destroyed By Fire.

La Crosse, Aug. 12.—The depot at Hogan, on the Burlington road, about 75 miles above here, was struck by lightning and totally destroyed. Fifty pounds of dynamite stored in the building for blasting purposes exploded at the same time, with a report that was heard for ten miles.

The limited train, south-bound, rushed into the station just at the time of the explosion, but the engine, realizing the danger, put on the emergency brakes and kept the train at a distance from the fire. Had the train been along sooner, it would have been damaged and probably blown up. No one was injured.

CHINAMAN SUICIDES.

Toledo, Ohio, Aug. 12.—Wong Yen, a Chinaman under arrest for entering the United States in violation of the immigration laws, committed suicide in jail here by hanging himself with a strip torn from a sheet. Wong Yen was believed to be occupied in smuggling his fellow-countrymen across the border.

Will make you eat and drink and all you like. Cures indigestion, constipation, nervousness and sleeplessness. Gives relief to all who suffer from these troubles. It is a sure cure for all who suffer from these troubles. It is a sure cure for all who suffer from these troubles.

AN EXTRA SESSION

Of the Senate May Be Called Early In November.

Advices at Washington Indicate Such Action By President.

Washington, Aug. 12.—Advices received here indicate that President Roosevelt will call the session in extraordinary session early in November. Ever since it became evident that nothing would be accomplished as to reciprocity with Cuba at the recent session of congress, rumors of a more or less definite nature have been in circulation that the president would call an extra session early of the entire congress to enact Cuban reciprocity legislation.

During the past week it has been stated by authority that he has been called to call a session of the senate early in September. It is understood that he has no such intention. His time and that of many members of both parties will be occupied during September and October. It is understood to be the belief of the president that a session of the senate for the purpose of ratifying a reciprocity treaty with Cuba would be much more likely to be fruitful of results if held after the November elections than if held before.

It is understood that the president will enter largely in the campaign. A treaty with Cuba practically has been prepared. It requires only the finishing touches and the signatures of President Roosevelt and Secretary Hay to make it ready for presentation to the senate. No definite date is set for the presentation of the treaty. It is understood that it will be soon after the election is over. The president, it is said, hopes to have the reciprocity question cleared away entirely before the regular session of congress.

PHILATELISTS

Hold Seventeenth Annual Convention at Springfield.

Springfield, Mass., Aug. 12.—The seventeenth annual convention of the American Philatelic association was formally opened today with a business meeting. President George L. Tappan, of Racine, Wis., addressed the delegates on the history of the stamp collecting during the past year and reported on the work of the association.

The first meeting of the grand lodge was held at 10 o'clock this morning. The grand lodge is a body of men who are interested in the collection of stamps. It is a body of men who are interested in the collection of stamps. It is a body of men who are interested in the collection of stamps.

B.P.O.E. AT SALT LAKE

Many Elks Gather In the Great Mormon Tabernacle.

More Than Eight Thousand Attend the Annual Reunion.

Grand Exalted Ruler Pickett Delivers Interesting Address.

Salt Lake, Utah, Aug. 12.—Elks from every state in the Union gathered in the great tabernacle of the Mormon church this morning to attend the formal opening of the annual reunion of the Elks of Utah, which drew the opening speech of welcome.

All night and all day trains loaded with Elks continued to arrive until the streets resembled a kaleidoscope in color, the Elks of Utah, which drew the opening speech of welcome.

Following the opening meeting was the civic and military parade which marked the formal opening of the three days' reunion. Perfect weather prevailed and the parade was witnessed by thousands of people, who flocked to the streets to see the parade. After prayer and a selection on the organ, Grand Exalted Ruler Pickett, of Waterloo, Ia., delivered his annual address. He spoke in part as follows:

EAGERLY SCANNED EVERY DAY BY THE LARGEST AUDIENCE OF READERS at the Head of the Lakes---The Duluth Evening Herald's Want Page.

Bankers and Brokers
125 Exchange Building, Duluth, Minn.

A Chance for a Workingman.

An 8-room house with city water near to the best furnace, for \$150. Only \$200 cash and the balance divided in two parts \$50 to be paid in five years with 6 per cent interest. The debt to be \$280.00. The monthly payments to be applied as follows: End of first month you pay \$9.40 and there is \$2 taken out which is 6 per cent interest on \$200 for one month and the balance of \$7.40 is taken out of the \$200 leaving the principal of the debt to be \$192.60. End of second month you pay \$9.40 and there is \$2 taken out which is 6 per cent interest on \$192.60 and the balance of \$7.40 is taken out of the \$192.60 leaving the principal of the debt to be \$185.20. And so on each month less taken out for interest and more used to pay the debt. You cannot afford to stay a tenant when such an opportunity is offered to become an owner of your own home.

JUSTICE IS THWARTED

Gaynor and Greene Set Free By Quebec Judge.

Prisoners Are Released On Technicalities.

Quebec, Aug. 12.—Judge Caron today ordered the release from custody of Col. John F. Gaynor and Capt. B. D. Greene, in the now famous extradition case. There was a large attendance of both lawyers and spectators. Mrs. Gaynor, accompanied by a number of ladies, was present during the delivery of the judgment. Gaynor and Greene came into court with Sheriff Langleier.

Judge Caron referred to the case as of great importance if only by reason of the unusual proceedings employed. He then read the petitions of the prisoners for writs of habeas corpus, upon which the writ was issued, by virtue of which the prisoners were taken out of the hands of Jailer Vallee. The events immediately preceding the issuance of the writs were also reviewed, and he concurred in Judge Andrews' opinion with regard to the sensational manner in which the arrest was made here. With regard to attacks made upon himself, he was sure that the American government authorities and their agents could have had no hand in them. The motive to the American government's lawyers to Jailer Vallee to attend to the delivery of Judge Andrews' judgment, was then quoted, and Vallee's compliance therein noted.

That judgment, ipso facto, disposed of Judge Andrews' prisoners, and under the circumstances he (Judge Caron) was quite justified in his subsequent issue of writs of habeas corpus addressed to Jailer Vallee after he had taken possession of the prisoners following Judge Andrews' pronouncement.

Judge Caron next quoted authority for his issue of a writ of certiorari in his previous judgment, and showed that the writ of habeas corpus was not a technicality.

remained in force, even without the extradition commissioner having pronounced upon the case, for the prisoner has always a right to question the justice of his being deprived of his liberty. American courts had taken a similar view in the case of a forger who was a fugitive from Quebec province.

His honor pressed the opinion that Judge Andrews' judgment quashing his own writ of habeas corpus did not decide the merits of the case, and notwithstanding the pretensions of the lawyers for the prosecution to the contrary, his writ in no way conflicted with Judge Andrews' judgment for the prisoner may always renew his application, providing that some new facts are stated, as had been done in the present case.

One of these referred to the absence in the warrants of the dates on which the offense was alleged to have been committed, and the other an objection to the validity of the charge of conspiracy to defraud under the extradition treaty. To make the warrant valid, the date of the offense, if committed, must be inserted in it, to prove the commissioners' jurisdiction. Moreover, the exact crime with which the prisoners are charged and the proceedings to be taken against them they have a right to know.

In the Eno case the offense with which the prisoner was charged in the extradition proceedings and the present case there was a distinct discrepancy between the charges upon which the various true bills against the prisoners were obtained in the United States and those made in the application for extradition. This, as well as the absence of dates in the warrant, he held to be distinctly fatal to the latter, and he therefore upheld the prisoners' claims and their objections to the warrants, maintained the writ of habeas corpus and ordered the release of the prisoners.

JUST A LITTLE SPARK

Is All That Is Necessary to Ignite Thousands of Gallons of Benzine Along Railroad Track—People Alarmed.

Pittsburg, Aug. 12.—Searshsburg, a suburb of Allegheny, is excited over the wreck of a West Point freight train of thirty cars loaded with benzine, gasoline, kerosene and lubricating oil, and fears are entertained of another catastrophe such as was visited on Sheridan, Pa., a few months ago, when 300 or more people were killed and injured by an explosion following a similar wreck.

Where the wreck occurred a tank car containing 5,000 gallons of benzine broke and the fluid ran out, forming in pools along the tracks. There are over 10,000 gallons of inflammable material on the train and the trainmen are keeping people away from the wreck. Should a spark fall from a passing engine and ignite the benzine, the results would be terrible, and engineers have been warned to be careful while passing the scene of the accident. No one was hurt in the wreck.

TYPOGRAPHICAL UNION

Considers Matters of Importance to Its Government Enacts Some New Legislation and Rejects Considerable That Is Proposed.

Cincinnati, Aug. 12.—The convention of the International Typographical union today was addressed by Harry J. Scheffington, label agent of the United Boot and Shoe Workers. Consideration was continued on the elaborate report of the committee on laws. The committee was sustained in most of its adverse reports on the propositions for changes. The committee recommended that all unions put forth every effort to abolish the interchange of matter previously used in type or matrices and the convention changed it so as to read:

"The practice is unlawful and shall not be permitted." This proposition was recommended after a long discussion with instructions for the law committee to construct such a law as would prevent the exchange of local matter, but not interfere with syndicate matrices.

WENT INTO HYSTERICIS

Cleveland, Aug. 12.—Mrs. Ignaz Wurcowski has made a written confession to the police, that the man who shot and killed her husband Sunday night was Charles Janaski, a former boarder at the Wurcowski home and who is alleged to be infatuated with Mrs. Wurcowski. Mrs. Wurcowski and her husband were on their way home late Sunday night when a man rushed from the shrubs on the side of the road and killed Wurcowski instantly. Mrs. Wurcowski told the police that it was a robber who committed

the crime. Since the committing of the murder Mrs. Wurcowski and Janaski have been under surveillance. Last night two detectives went through the crime scene in an attempt to locate Janaski. Wurcowski's description. One detective went to the secret for Mrs. Wurcowski, while the other rushed at him from the bushes. When the revolver was pointed at the detective's head the woman went into hysterics and cried out: "My God, it's Charles Janaski!"

The confession was verified later and written out.

EDWARDS WILL COME BACK

Denver, Aug. 12.—Milton R. E. Edwards, who is wanted in Chicago in connection with the Bartholm-Mitchell murder mystery, will return to that city as soon as transportation is furnished him, or at least he agreed to do so when notified by Chief of Police McGuire that he had received a tele-

gram from Chief of Police O'Neil, of Chicago, inquiring whether Edwards was willing to return. Edwards has carefully avoided reporters during the past two days, and his address is not known, but he has communicated daily with Chief of Police Armstrong for the purpose of learning whether his presence in Chicago was desired.

ARE WELL PROTECTED

Cincinnati Will Look After American Interests at Barcelona.

Cutting of Cable Delays News From That Point.

Sufficient Warships In South American Waters For Present.

Washington, Aug. 12.—Over night the navy department received word that the Cincinnati had sailed yesterday from Puerto Cabello for Barcelona, under the instructions cable yesterday to Commander McLean, directing either the Cincinnati or Toledo to proceed immediately to that point. Commander McLean, who is the senior officer present, evidently decided to go himself and leave the Toledo to protect American interests at Puerto Cabello. It is probable that the Cincinnati already has arrived at Barcelona, but that fact may not be known officially here for several days, as Minister Bowen cabled the state department from Caracas today that the cable from Caracas to Barcelona again had been cut by the revolutionists. On Monday he reported that this cable had been cut, but presumably it had been repaired in the interim, and his last dispatch indicates that the connection again has been lost. Neither the state nor the navy department has received confirmation of the press dispatches from Port of Spain, which were conveyed there from Barcelona by boat, of the extent of the fighting at Barcelona and the reports that the American, Italian and Dutch consulates had been pillaged. The officials of the navy department are confident that Commander McLean with the Cincinnati will be able to take care of American interests there. Owing to the general disturbed condition of affairs all along the line of the Venezuelan coast and the annals of Minister Hoover's dispatchs, the question whether our naval force in those waters is sufficient to meet future contingencies has been canvassed. For the present it has been decided that it is unnecessary to send an additional vessel. We now have three ships at Puerto Cabello, the Cincinnati at Barcelona, the Toledo at Puerto Cabello, where the Germans already have landed a small force, the Marietta at the mouth of the Orinoco, which was declared blockaded by the Castro government.

The question of affording an asylum to President Castro aboard the Cincinnati warship in case he should be obliged to flee from the country and should have no other refuge, has not been seriously considered by the state department, as it is not believed that his condition presents a danger enough to make such a move imperative. Besides, it is reported through the press dispatches that he has a vessel at La Guayra on which he can embark for France if the necessity should arise.

FARMERS

May Not Get All Benefits of Reduced Grain Rates.

Portland, Ore., Aug. 12.—President Mellen of the Northern Pacific road, who is in the city in response to a question on the subject, stated that the Northern Pacific could not now bridge the Columbia river at Vancouver, Wash., but also the Willamette river at Portland, and that it would be necessary also to tunnel the backbone of the peninsula between the two rivers. Mr. Mellen expressed the hope that the farmers would be benefited by the reduction of rates, but that it is to go into effect Friday. That reduction will take \$800,000 a year out of the pockets of the railroads in the Columbia basin.

"I should feel greater satisfaction with this reduction if I thought the farmers would get all the benefit. But frankly, I believe they will get but little of the \$800,000 we lose. It will be absorbed by the commission men and speculators. While I believe this will be true, I still think the conference with the farmers direct will be productive of good, because of the greater acquaintance that came out of them and the fact that all must recognize that the railroads tried to meet the popular demands. If the farmers do not get the benefit, they must at least admit that we did our share in favoring them."

FIRE IN FLAT

Causes Probably Fatal Burns to Two.

Chicago, Aug. 12.—One woman and a man were probably fatally burned and one man slightly injured early this morning by a fire which broke out in an upper flat of the apartment building at No. 1 Park avenue.

H. G. Miller was taken to the county hospital and the woman, Grace Barnett, was removed to the Presbyterian hospital. It is said both will die. Henry Moore, who was scorched while trying to save the others, was taken to a county hospital. The fire was extinguished before spreading beyond the one flat.

JAPS IN POSSESSION

London, Aug. 12.—A St. Petersburg dispatch to the Globe says that Japanese naval officers, their own responsibility, have landed guns, constructed a battery and posted guards on the island of Kothman and that Korean officials who were sent out to investigate were driven away by the Japanese.

HON. BELLAMY STORER,

Said to Be Slated For the German Ambassadorship.

SATISFACTION OR DEATH

Arizona Woman Says She Will Kill Gen. Chaffee Unless He Makes Reparation for the Wrongs Done Her.

Chicago, Aug. 12.—Prepared to take the law into her own hands, Mrs. Angie Wiley, of La Paz, is on her way to New York, where she expects to have a settlement with Gen. Chaffee when he arrives from the Philippines, says the Tribune's La Paz, Texas, correspondent. She is the widow of a discharged soldier of the 16th regiment.

On his deathbed would prefer charges against Gen. Chaffee for alleged cruelty against at Camp McDowell, a post near the San Carlos reservation, Arizona. Mrs. Wiley, who was sent soldiers to their deaths, which was just outside the reservation, burned their houses and drove off all their cattle. When sent at La Paz, she said: "I am going to New York to meet Gen. Chaffee, and if he does not give me satisfaction I'll shoot him dead in his tracks. I have preferred charges but he prevented them from getting before congress. I have told Gen. Miles that if he will not see him, I will wait long enough. I want a settlement, and I'm going to have it. I have his life in my hands."

the vessel at Honningsvaag without Baldwin's knowledge or consent. The relations between Baldwin and the ice pilot were always of the best, the statement asserts, and it is added that while the death of half the dogs from worms hindered the party from reaching as far north as intended, Baldwin is confident that within twelve months the America will reach the intended latitude en route to the north pole.

The consulate at Christians, to which Capt. Johansen complained, has referred him to the consulate at Bergen.

WOULD NOT OBEY PILOT

For That Reason Explorer Baldwin Removed the Captain of the America from the Command of the Ship.

Tromsø, Norway, Aug. 12.—Evelyn B. Baldwin and several members of the crew of the America have made statements before a notary public, regarding the dispute between Mr. Baldwin and Capt. Johansen of the America. According to Mr. Baldwin's statement, Capt. Johansen refused to obey orders, and that necessitated his removal from the command. Baldwin also says that Capt. Johansen left

ARCTOTHERIUM SIMUM FOUND

Berkeley, Cal., Aug. 12.—Eustace L. Furlong, student assistant in the geological department of the university of California, has discovered embedded in the floor of one of the famous limestone caves of Sierra county, almost the entire remains of an arctotherium simum, the gigantic prehistoric bear that

was the first of his kind to roam the two American continents. Because only fragments of the skeleton until now incomplete have hitherto been discovered by geologists, the work of Furlong ranks as one of the most notable achievements of the university of California explorers in recent years.

DEATH ENDS AWFUL AGONY

St. Paul, Aug. 12.—(Special to The Herald.)—Mrs. Vincent Maskell, 522 Edmund street, died this morning after four hours of the most excruciating agony, as the result of a most horrible accident. Rising at an early hour to heat some milk for her six-weeks old baby, she in some way tipped over an alcohol lamp, igniting a gallon can

filled with alcohol, which exploded with such terrific force as to practically set the entire room on fire and burn her body until there was not an inch of flesh that was not charred and black. Her husband died at the city hospital less than two months ago, and her baby was born since his death. Three children are left orphans by her death—a baby six weeks old, one a year old and one under five.

MAY APPOINT A SUCCESSOR

Manistee, Mich., Aug. 12.—When told today that President Roosevelt might convene an extra session of the senate in November, Governor Bliss said: "Well, that may affect my position with reference to filling the vacancy caused by the death of Senator McMillan."

"Then you may name his successor?" "Well, just say that the extra session may affect the situation. It will not be right away, but I will think it over."

Governor Bliss had previously declared that he would leave the matter of Senator McMillan's successor to the state legislature, which meets in January, and would not make an interim appointment.

ATTACKED BY MOROS

American Sentinels Killed In Sudden Rush.

Terribly Mutilated By the Spears of Natives.

Manila, Aug. 12.—A small party of Moros surprised an outpost of the Twenty-seventh infantry at Camp Vicars yesterday. Sergt. Foley and Private Carey were killed and Private Vandorn was severely wounded. The Moros, who numbered only a dozen, were armed with spears and swords. The morning was dark and foggy. The attacking party crawled to within a few feet of the sentinels and then sprang upon them suddenly. The entire outpost rushed to the relief of the sentinels, but they were too late and the Moros escaped, although possibly a few of them were wounded. The American sentinels were terribly cut by the swords and spears.

The attacking Moros were all from Bacolod, and the occurrence probably will result in a move against that town, which has a strong fort and other defenses.

Constabulary Inspector William Schermerhorn, whose home was in Seattle, Wash., was mortally wounded in a recent fight with Ladrones at Iligan, Mindanao.

Washington, Aug. 12.—The war department is advised by cable from Gen. Chaffee that on Aug. 12, at midnight, ten or twelve Moros attacked an outpost of Company G, Twenty-seventh infantry, at Camp Vicars, killing Henry C. Carey and James Foley and wounding two other enlisted men.

GREAT PARADE OF ELKS

Feature of the Second Day of the Elks' Reunion Is the Grand Procession and Drills of the Uniformed Bodies.

Salt Lake, Utah, Aug. 12.—The features of today the second of the annual Elk reunion, was the parade of uniformed bodies of Elks in competitive prize drill and the selection of the place for the next annual reunion. For the competitive drills \$150 in prizes had been offered, the determining points being general appearance and bearing, beauty and originality of costumes and number in line. Special prizes were also offered for the best marching bands and the result was a parade that for beauty and originality in uniforms and carrying of the marchers in line and the military precision with which they executed the drills has seldom been equaled by parades of its kind. Most of the marching clubs were clad in natty uniforms of white and purple of the Elks, but many original uniforms were also shown, notably the Queen Sabe lodge of El Paso, Texas, the members of which were wearing a Mexican costume. The cowboy band of O'Quay, Col., clad in the blue shirts and the rough sheepskin "chaps" of the cowboy, led by a giant who towered seven feet, clad in leopards' "chaps" and carrying an old flintlock musket as a baton, also attracted much attention. The parade was reviewed by Col. Bush, of the Twenty-second United States infantry, and the prizes were awarded during the afternoon.

Great interest centered in the fight for the next annual reunion. The withdrawal of Richmond, Va., had left the field to Baltimore and Saratoga Springs, N. Y., and the contest was a close one. The strength apparently so evenly divided that it was impossible to win the result before the balloting began. The final hand concern will be held at Liberty Park this evening.

AN UNSTABLE CABINET

Resignation of Duke of Devonshire Which Is Expected Soon Will Leave Chamberlain as the Only Man With Influence In Country.

New York, Aug. 12.—The resignation of the duke of Devonshire from the council has not yet been announced, but is expected with confidence by well informed politicians before October, says the London correspondent of the Tribune. The king may have urged him to retain office at a special audience previous to the meeting of the council, but it has been understood in inner circles of the government that a fortnight ago that he was bent upon following Lord Salisbury and Sir Michael Hicks Beach into retirement. If his resignation occurs Mr. Balfour's cabinet will be the first in the history of the country, which he is not identified may bring about this result. It is an earlier precedent.

appears the series of political compromises effected. It may succeed in carrying the education bill in October by a reduced majority, but it lacks the political authority required for restricting the confidence of the country. There is little in the suggestion that Mr. Balfour is riding for a fall, as the new prime minister is not likely to attempt to break off his career before it has fairly begun. There is no ground, whatever for the charge that Mr. Balfour is seeking to take the government into a position where the cabinet is exhausted. A shrewd forecast westward within three years in parliament is that Mr. Chamberlain will be prime minister within three years by virtue of the principle of the survival of the fittest, and the education bill which he is not identified may bring about this result. It is an earlier precedent.

PROGRESS OF PETER POWER

New York, Aug. 12.—Peter Power, under sentence of thirty days in jail for contempt of court in connection with the Northern Pacific merger case, has disappeared from Montreal and gone toward Quebec, according to a Montreal special to the Press, but whether to visit the ancestral home or to board the Beaver line

mail steamship Lake Erie, which sails for Liverpool at 4 p. m. Thursday, is not known. It is possible, of course, he may go to New York, but if he is going there he is taking a roundabout course. When seen Mr. Power said: "I have no idea of returning to New York in the immediate future. There is no reason why I should not do so. I mean to stay here a few days more."

CAUSE OF DEATHS A MYSTERY

New York, Aug. 12.—A mysterious ailment, supposed by physicians to be due to noxious gases from a big excavation for a sewer, has decimated the family of Professor Edward E. Howe, who came here with his wife and three children from their home in Hazelton, Pa., four weeks ago to spend the summer vacation with relatives. The three children are dead and Mrs. Howe is ill with the same sickness which killed them. July 16, Alice, aged 2 years, the youngest child in the Howe family, was taken ill. Her ailment seemed to be an acute combination of dysentery and malaria. The child died July 20. Two days later, Dorothy, the eldest child, who was 9 years old, was stricken with the same ailment. Two days later, the only son, Cyril, 8 years old, was stricken. Thursday last little Dorothy died, and now Cyril is dead and Mrs. Howe very ill.

ness which killed them. July 16, Alice, aged 2 years, the youngest child in the Howe family, was taken ill. Her ailment seemed to be an acute combination of dysentery and malaria. The child died July 20. Two days later, Dorothy, the eldest child, who was 9 years old, was stricken with the same ailment. Two days later, the only son, Cyril, 8 years old, was stricken. Thursday last little Dorothy died, and now Cyril is dead and Mrs. Howe very ill.

THE AMES OUTFIT ARRAIGNED

Minneapolis, Aug. 12.—(Special to The Herald.)—Ex-Chief of Police Fred W. Ames, ex-Detective Chris Norbeck and Irvin A. Gardner, have been arraigned on blanket indictments charging conspiracy. Joseph Cohen and Mayor Ames were absent and could not be arraigned. The first indictment did not include Norbeck or Gardner, but was against Ames and Cohen, charging them with conspiracy for having agreed to commit the crime

of extortion from persons keeping unlawful resorts within the city. The next indictment embraced the names of the mayor, Fred Ames, Norbeck and Gardner. The date of this conspiracy was fixed at October 1, 1901, at which time the persons named are accused of having conspired to commit the crimes of extortion and bribery. It is claimed that there were thirty-five women who were to pay between \$15 and \$30 per month for protection.

Prisoners Are Released On Technicalities.

latter, and he therefore upheld the prisoners' claims and their objections to the warrants; maintained the writ of habeas corpus and ordered the release of the prisoners.

of the prisoners.

THE SPARK

**Is All That Is Necessary to Ignite Thousands of
Gallons of Benzine Along Railroad
Track---People Alarmed.**

Where the wreck occurred a tank car containing 5,000 gallons of benzine broke and the fluid ran out, forming in pools along the tracks. There are over 150,000 gallons of inflammable material on the train and the trainmen are keeping people away from the wreck. Should a spark fall from a passing engine and ignite the benzine, the results would be terrible, and engineers have been warned to be careful while passing the scene of the accident. No one was hurt in the wreck.

**Considers Matters of Importance to Its Government
Enacts Some New Legislation and Rejects
Considerable That Is Proposed.**

The San Francisco machine tender asked for an international machinist vice president and allotments on the committee. Rejected.

All attempts to change from the referendum system in the election of officers failed.

The proposition of west of Louisville to substitute piece work in daily newspaper work was rejected. The proposition of time work in place of piece work in job offices, caused a long discussion. The proposition failed.

The question of limited membership came up in a proposition limiting the rights of machine men other than journeymen to vote in the election of officers of the union. The proposition was rejected.

The proposition of the union to operate of machines. The action of the Birmingham convention extending the right of the journeymen to operate sustained and the new proposition was lost.

Cleveland, Aug. 13.—Mrs. Ignaz Wiuruchowski has made a written confession to the police, that the man who shot and killed her husband Sunday night was Charles Janski, a German immigrant who came and who is alleged to be infatuated with Mrs. Wiuruchowski. Mrs. Wiuruchowski said that on Sunday night when a man rushed from the shrubs on the side of the road and killed Wiuruchowski in front of her, she saw the man's face. She said it was a robber that committed the crime. Since the committing of the murder Mrs. Wiuruchowski and her two children have been in the city. Last night two detectives went through the crime scene and nearly as possible from Mrs. Wiuruchowski's description, the detectives secured for Mrs. Wiuruchowski's while the other rushed at him from the bushes. With the head the woman went into hysterics and cried out: "My God! it's Charles Janski."

The police station was verified later and written out.

Denver, Aug. 13.—Milton R. E. Edwards, who is wanted in Chicago in connection with the Bartholomew-Mitchell murder mystery, will return to that city tomorrow on transportation is furnished him, or at least he agreed to do so when notified by Chief of Police Armstrong that he had received a telegram from Chief of Police O'Neil, of Chicago, inquiring whether Edwards was willing to return. Edwards has carefully studied reports concerning the case the last two days, and his address is not known, but he has communicated daily with Chief of Police Armstrong for the purpose of learning whether his presence in Chicago was desired.

Sufficient Warships In South American Waters For Present.

to meet future contingencies has been canvassed. For the present it has been decided that it is unnecessary to send an additional vessel. We now have three ships at the three critical points, the Cincinnati at Barcelona, the Topeka at Puerto Cabello, where the Germans already have landed a force, and the Marietta at the mouth of the Orinoco.

The question of affording an asylum to President Castro aboard an American warship in case he should be obliged to flee from his country and would have no other means of escape, has not been seriously considered by the state department, as it is not believed that his condition at present is desperate enough to make such a move imperative. Besides, it is reported through the press dispatches that he has a vessel at sea on which he could embark for France if the necessity should arise.

May Not Get All Benefits of Reduced Grain Rates.

Portland, Ore., Aug. 13.—President Mellen of the Northern Pacific road, who is in the city in response to a question on the subject, stated that the Northern Pacific could not only bridge the Columbia river at Vancouver, Wash., but also the Willamette river at Portland, and that it would be necessary also to tunnel the backbone of the peninsula between the two rivers.

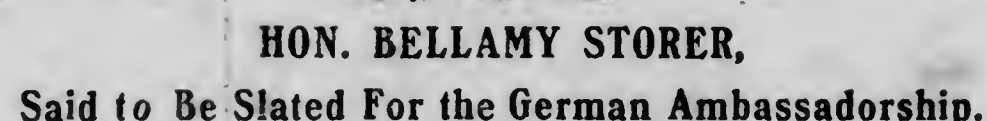

Mr. Mellen expressed the hope that the farmers would be satisfied by the reduction in the grain rates that is to go into effect Friday. That reduction will mean a saving of thousands of pockets of the railroads in the Columbia basin.

There is a great deal of satisfaction with this reduction if I thought the farmers would get all the benefit. But I feel that the farmers will get but a little of the \$800,000 we lose. It will be absorbed by the commission men and the brokers. I am sure that if it will be true, I still think the conferences with the farmers direct will be productive of good. I have had some acquaintance that came out of them and the fact that all must recognize that the railroads are not going to meet popular demands. If the farmers do not get the benefit, they must at least get the money.

**Feature of the Second Day of the Elks' Reunion Is
the Grand Procession and Drills of
the Uniformed Bodies.**

Salt Lake, Utah, Aug. 13.—The features of today, the second of the annual Elk reunion, were the parade of the uniforms and bodies of Elks in competitive prize drill and the selection of the place for the next annual reunion. For the competitive drills \$1500 in prizes had been offered, the determining points being general appearance and bearing, beauty and originality of costume and music. The Spokane Elks' organization also offered for the best marching bands and the result was a parade that for beauty and originality in costume and music, and for precision of line and the military precision with which they executed the drills has seldom been equaled by parades of this kind. The marching clubs were clad in natty uniforms of white and purple of the Elks, the

shown, notably the Queen Sabé lodge of El Paso. The members of this lodge were resplendent in native Mexican costume. The cowboy band of Oxnay, Colo., was in line. In the center of the skinskin "chaps" of the cowboy, led by a giant who towered seven feet, clad in a blue and white checkered shirt and flintlock musket as a baton, also attracted much attention. The parade was reviewed by the U. S. Col. Webb, and the United States Infantry, and the prizes were awarded during the afternoon.

Great interest centered in the fight for the prize money. The winner, the team of Richmond, Va., had left the field for Baltimore and Saratoga Springs, N. Y., and the prize money was awarded to the team which the strength apparently so evenly won. The result is that it is impossible to forecast the result of the coming year.

The final hand concert will be held a week later.

Resignation of Duke of Devonshire Which Is Expected Soon Will Leave Chamberlain as the Only Man With Influence In Country.

New York, Aug. 13.—The resignation of the duke of Devonshire from the council has not yet been announced, but is expected with confidence by well informed politicians before October, says the *Standard*. The duke is expected to resign in the light of the present political scene. The king may have wished him to retain office at a special audience previous to the meeting of the council, but it has not been so arranged. The duke is the government supporter for a fortnight that he was bent upon following the duke of Cambridge to the office of Lord High Chamberlain, but the duke of Cambridge has declined to accept the office. His resignation occurs Mr. Balfour's cabinet, and the duke of Devonshire is expected to follow the duke of Cambridge almost the only member possible to the cabinet. The duke of Devonshire is expected to follow the duke of Cambridge almost the only member possible to the cabinet. The more closely the new cabinet is studied, the more artificial and temporary

appears the series of political compromises effected. It may succeed in carrying the education bill in October by a reduced majority, but it lacks the political authority required for restricting the bill to the education of the poor. Little in the suggestion that Mr. Balfour is riding for a fall, as the new prime minister has been, and that he may resign his career before it has fully begun to grow. It is not, however, without suspicion that Mr. Chamberlain is disloyal to Mr. Balfour and seeking to take the place of the latter when the present cabinet is exhausted. A shrewd foreboding of this is the only explanation of the prominent and best informed men in parliament, who have been in the cabinet of the prime minister within three years by the virtue of the principle of the survival of the fittest, and who have seen the man to whom he is not identified may bring about this result at even an earlier period.

New York, Aug. 13.—Peter Power, under sentence of thirty days in jail for contempt of court in connection with the Northern Pacific case, was released from Montreal and gone toward Quebec, according to a Montreal special to the Press, but whether to visit the ancient capital, or to board the Beaver line mail steamer Lake Erie, which sails for Liverpool at 4 p. m. Thursday, is not known. It is possible, of course, he may go to New York, but if he is going there he is taking a roundabout course. "When will Peter Power be home?" is the question of returning to New York in the immediate future, but there is no reason to think he should not do so. I mean to stay here a few days more."

New York, Aug. 13.—A mysterious ailment, supposed by physicians to be due to various gases from a big excavation for a sewer, has decimated the family of Professor Edward E. IMMENSE EARNINGS

President Hill's Predictions as to Northern Securities Roads.

Will Earn Hundred and Fifty Millions the Coming Year.

Northern Pacific to Appeal Twentieth Avenue Station Case.

That the railroad earnings of the Northwestern roads for the fiscal year will amount to an immense amount, and will, in fact, surpass the earnings of any previous season by a large margin, has never been a matter of doubt to those in railway circles, or, for that matter, those outside the circles but who are interested in general financial conditions of the Northwest.

Before President J. J. Hill of the Northern Securities company left St. Paul, a few days ago, he is said to have made to a friend prominent in Twin City financial circles, the prediction that the three constituent roads represented by the company, the Burlington, the Great Northern and the Northern Pacific, would earn \$150,000,000 for the fiscal year commencing July 1.

This prediction is said to have been repeated in quarters where prominent railway officials gather and finds ready endorsement.

Mr. Hill made some predictions last year which were not only realized, but were surpassed, and this has strengthened belief in his prophetic estimates. His estimates of earnings, crops, etc., have always been singularly accurate.

COMING THIS WAY.

C. B. Marvin's furiously funny musical farce-comedy, "A WISE MEMBER," presented by the Lyceum.

TALK ABOUT WISE ONE.

sented by an exceptionally clever company. At the LYCEUM in the near future. Watch for the date.

If the gross earnings of the three lines reach \$150,000,000 it will mean an advance of about \$24,000,000 over the earnings of the year just completed. What effect the predictions will have on the stock of the Securities company remains to be seen.

Many people will remember Mr. Hill's prediction, made last year, that the Northern Pacific and the Great Northern would increase their gross earnings \$10,000,000. This prediction fell behind the actual increase, although at the time many people declared the Great Northern president was far too optimistic. The increase amounted to \$16,700,000, of which \$3,800,000 is credited to the Northern Pacific and \$7,900,000 to the Great Northern.

Mr. Hill, it is understood, bases his estimate on general conditions of business, the natural development of the West, and the prospects of an immense crop. It is also based upon an expected increase in earnings and a further decrease in operating expenses and conducting business, resulting from economies made possible by the merger.

Fourth Vice President J. W. Blahon yesterday made a prediction, which was corroborative of other predictions made recently.

"I anticipate a yield of 200,000,000 bushels of wheat and about \$2,000,000,000, or \$2,000,000,000 bushels of wheat. This, however, is not an official estimate of the Great Northern. It is merely my personal belief."

A railroad official, when asked to divide the president's estimate of \$150,000,000 gross earnings into the three parts represented, declared that the Burlington would probably earn \$60,000,000, which would leave \$90,000,000 for the Northern Pacific and Great Northern, or \$50,000,000 for the former and \$40,000,000 for the latter company.

For the year ending June 30 last, the Great Northern earned \$36,000,000, and the Northern Pacific \$41,000,000.

WILL APPEAL THE CASE.

Northern Pacific to Carry West End Case Up.

The Northern Pacific Railway company will not accept the decision of the district court in regard to the opening of the old Twentieth avenue west depot, but will appeal the case to the supreme court. Notice that the company would take this action was contained in a dispatch from St. Paul this morning.

Furthermore, if the company fails to get relief from the supreme court it is understood that it will ask the state legislature to make it possible for it to run its train through West Superior.

That the company would appeal the case has not been a matter of doubt to the minds of a majority of the local railway officials in view especially of the immense amount of improvement work that the company has been doing on Rice's Point and which a continuance of the train service by way of the West End and West Duluth is claimed would seriously interfere with.

The Twentieth avenue station is now an old one, the latest development having been the decision of Judge Cant of district court a few days ago, that the company must reopen the depot which it closed over a year ago and maintain train service to St. Paul through the West End.

The action to compel this reopening of the depot was brought by the state warehouse and railroad commission at the instance of the West End business men who claimed that their end of the city had received a serious setback by the discontinuance of the train service and because they have had to haul freight from the central freight station uptown.

The railway company has taken a determined stand in the fight to keep the depot closed and the commission equally determined to have it reopened, and will do everything in its power to compel the company to reopen the station.

Railroad Notes.
J. A. Emelle, commercial agent of the Atchison, Topeka & Santa Fe road, at

Milwaukee, was a caller at the local railroad office yesterday afternoon at Mr. E. C. Johnson, general agent at Milwaukee, of the Chicago, Portland & St. Louis road, was in the city among the local passenger men yesterday.

Ticket sales at the local offices of the Great Northern and Northern Pacific companies yesterday were not so good as the head of the lakes to the Yellowstone Park region, this season, has surpassed that of former years.

COLER

May Be Democratic Nominee for New York's Governor.

New York, Aug. 12.—Blrd S. Coler, formerly controller of this city, will be the Democratic candidate for governor. If the nomination comes to Greater New York, Ex-Senator Hill spent part of Sunday with Hugh McLaughlin, leader of the Democratic organization of Kings county at Jamaica, and told Mr. McLaughlin that the situation seemed to demand that the candidate come from New York city, and that he knew of no one who would make a better run than Coler. Mr. McLaughlin told Mr. Hill that Coler would get the support of the Kings county delegation.

To emphasize the fact that Mr. Coler is the choice of ex-Senator Hill, it was learned today that Messrs. Hill and Coler would make a tour of some of the western and northern counties of the state together, and that Mr. Coler would do a lot of handshaking and speaking among farmers in county fairs this fall. In order to offset so far as possible the favorable impression that Governor Odell has created among the agriculturists, Coler is saying nothing about politics.

When Mr. Coler was seen yesterday, he was asked the following question: "Have you received any assurance from ex-Senator Hill that you are to be the Democratic candidate for governor this fall?"

"Ask me about the crops," said Mr. Coler.

GRAND MOONLIGHT EXCURSION

ON STEAMER ARGO.
Boat leaves Lake ave. dock at 8:15. Tickets 50c.

SUES HUSBAND'S UNCLE.

Wife Accuses Him of Alienating Nephew's Affections.

Chicago, Aug. 13.—Ernest H. Schloeman, uncle of William Schloeman, is being sued by the latter's wife for \$10,000 damages on a charge of alienating her husband's affections and of causing him to leave an action for divorce. The uncle brought an action for a sales stable at the stockyards.

According to D. J. Jarrett, counsel for the plaintiff, Ernest Schloeman was not satisfied with the choice of his nephew when he married, and by various methods caused him to become a discontented husband. He said the husband was unhappy and the wife was dissatisfied.

For divorce when it was called for trial and the case was set for September 1. It is said, then, that a bill for separate maintenance was filed in regard to the filing of this suit. Said D. J. Jarrett: "I have not seen Mrs. Schloeman in a long time and the suit is a surprise to me."

Constipation keeps impurity in the system, often causing serious illness. Dr. Williams' Pink Pills prevent this by stimulating the liver and promoting easy action of the bowels. Max Wirth.

AT WEST DULUTH

A petition is being circulated in West Duluth today for the extension of Ramsey street west to Fifty-eighth avenue. The present terminus of the street is at Fifty-fifth avenue.

To secure the proposed extension a strip of land the width of Ramsey street, running across the right-of-way of the Northern Pacific road and going through two lots will have to be condemned.

The idea has taken strongly with the West Duluth people and there is no difficulty in getting signers for the petition.

J. J. Frey, who got up the petition, said this morning:

"A great number of people walk through the proposed street daily, and a large number of teams would be driven through were there any way to get through. Almost all of the street we propose to clear is filled with rubbish of no particular good to any one. If we are successful in getting what we are after, and I do not see why we should not be, it will facilitate and stimulate trade to a considerable extent."

BASKET SOCIAL.

The basket social to be given by the Independent political club of West Duluth, promises to be a decided success. The social will be held in Isaacson & Kauppi's hall, at the corner of Sixty-third avenue, on Friday evening, Aug. 15.

There will be no political lines drawn and the speakers have been taken from all of the parties. The following well-known gentlemen have been asked to hold down the platform for the evening: John H. Norton, Hon. J. D. Edmondson, J. Adam Bede and M. H. McMahon.

MATCH FACTORY TO RESUME.

The match factory, which has been idle for the past three weeks, recommenced operations yesterday afternoon. Fifty-five men, boys and girls, who have been idle during that time, have returned to work and a number of others will be put on soon. None of the machinery were idle during that time as they were at work changing machinery. It is said that at this season of the year most match factories are compelled to shut down, but on account of the cool climate here it is not necessary. The reason for this temporary suspension of operations was that the company desired to put out a round splinted match instead of a square one. This necessitated the alteration of a good deal of machinery.

WEST DULUTH BRIEFS.

Thieves entered this shed in the rear of Bellman & Rosseter's saloon yesterday and took Mr. Rosseter's bicycle. Although the matter has been reported to the police they have not yet been able to locate the missing machine.

John McClellan, of Fifty-seventh avenue west, while playing with a 22-caliber revolver yesterday, shot himself through the hand, inflicting a painful though not serious flesh wound.

Mrs. Peter Major, of Maanoni, Mich., is visiting Mr. and Mrs. David Laurine.

Gus Johnson, of 415 Fifty-eighth avenue, was confined to his home by illness.

John McDonald left yesterday for a two weeks' visit to his old home in Saginaw, Mich.

Charles Peterson, who was burned in a gasoline explosion last week, is still in a critical condition. The pain from her burns, however,

has abated somewhat.

Mrs. Cunningham, the mother of the young man who was arrested on the charge of stealing \$14 from her, will not prosecute him in court, as he has paid part of the money back and promised the rest.

Thirty-eight neophytes will be initiated by the Workmen tonight, after which the ladies of the Degree of Honor will be admitted and a dance will be held. Deputy Grand Master S. C. Murphy will deliver a stereopticon lecture on "The History and Principles of Workmanship," and refreshments will be served.

Owing to the delay of some log trains yesterday the gang saw of the St. Louis mill was not working yesterday afternoon. The logs had not arrived up till noon today. No reason is known for the delay.

J. H. Sprague is registered at the Phillips.

Mr. and Mrs. R. Henderson, of Port William, Ont., are visiting in West Duluth.

William Braden is down from Eveleth.

Joe Mahon, of Carlton, is spending a few days in West Duluth.

Mrs. James Brotherton, Mrs. George Method, Mrs. Chris Murphy and Miss Nellie Murphy left this morning for Grand Marais, where they will visit for two weeks.

Miss Mary Lukens, of Leroy, Minn., is visiting Mrs. Charles Martz, of 3920 West Eighth street.

A meeting of the ladies of the Presbyterian church will be held Thursday afternoon at 3 o'clock at the home of the pastor, 620 North Fifty-eighth avenue.

Webster Smith, of Bay City, Mich., is visiting in West Duluth.

Miss E. Emard expects to leave next week for St. Paul, going from there to Boston.

James Le Flair, of Winton, returned home today after attending the funeral of his niece, Mrs. Frank Rice, which occurred yesterday.

Filliault, undertaker, West Duluth.

PHILIPPINE

War Veterans Are at Council Bluffs For Reunion.

Council Bluffs, Iowa, Aug. 13.—Veterans of the Philippine war began to pour into the city early today to take part in the reunion of the National Society of the Army of the Philippines, which begins today. Among the early arrivals were Gen. Irving Hale, president of the society, and Gen. Funston, MacArthur, Wheaton and King, who were escorted to headquarters by committees of the local society. Delegations from Iowa, Nebraska, Minnesota, North and South Dakota, Kansas and Colorado, came in on early trains, and later in the day those from other camps began to arrive.

Following a brief reception to delegates at headquarters, they were given an opportunity to register, which was held a general meeting of the society, presided over by its president, Gen. Hale.

CIGARETS

Cause Cited By Indiana Man For Divorce.

Indianapolis, Ind., Aug. 13.—Arthur E. Ferguson has filed suit for divorce from Gladie M. Ferguson, whom he married two years ago. Ferguson alleges that his wife is so addicted to chain smoking that she forgets to prepare his meals. He said he had to cook his own meals.

CANDIDATES AT THE PRIMARY ELECTION.

For Auditor.

ODIN HALDEN—The present county auditor, announces that he is a candidate for re-nomination at the hands of the Republican voters of St. Louis county at the primary election to be held Sept. 16. During his services as county auditor he has made a record as a careful, conservative and reliable official, one who has done what he thought to be right without fear or favor, and in asking the voters to support him at the primary election he rests his claims for support upon that record.

For Register of Deeds.

L. M. JOHNSON is a candidate for Register of Deeds. He is a member of the Typographical union, and is prominent in the West End of the city. He is a Swedish-American, and if nominated will bring strength to the ticket.

For State Senator Fifty-First District.

SENATOR F. B. DAUGHERTY announces that he is a candidate for re-nomination upon the Republican ticket for state Senator in the Fifty-first district, which includes the First, Second and Fourth wards of Duluth, the townships of Morse, St. Louis and Duluth, the city of Ely and Lake and Cook counties. He has represented this section of the state once before the term that is now expiring, and both times he has served with distinction, and has been directly responsible for the passage of many measures of great benefit to this district and its people. His efforts in the legislature have been for the good of all classes of his constituents, and he has been able to materially help the interests of business and labor many times. In considering this matter, the attention

of the voters is invited to his record as citizen and legislator.

County Superintendent of Schools.

BERT N. WHEELER, of Onota, wishes the support of the Republicans for the nomination for superintendent of schools in St. Louis county.

ANDREW T. PARK is a candidate for a second term as superintendent of schools of St. Louis county. Superintendent Park has filed the office on term, and his thorough knowledge of the present needs of the school makes him the logical candidate.

He points to his career as superintendent and as a Republican as the reason for his asking your support on Sept. 16th.

For Sheriff.

JOHN T. ARMISTEAD desires to be sheriff of St. Louis county and is a candidate for the Republican nomination at the coming primary election. He respectfully solicits the favor of voters on the ground that he is and always has been a consistent Republican and a successful business man of the city of Duluth.

LEDOCHOWSKI'S WILL

Disposes of an Estate Valued at \$200,000.

New York, Aug. 13.—Cardinal Ledochowski's will has been opened, and it is announced that he appoints as sole legatee his nephew, Count Ledochowski, a retired officer of the Austrian army, who resigned his commission as a protest against the practice of duelling in the army, cables the Herald's Rome correspondent. A painting of great value is left to the pope, and the secretary of the former prefect of the propaganda inherits the cardinal's silver service and a life annuity. The fortune left by the defunct prelate is estimated at 1,000,000 lire (\$200,000).

It dulls the scythe of Father Time, drives away wrinkles of approaching old age—the elixir of life, that puts hope in the human heart—Rocky Mountain Tea. S. F. Boyce.

the 2nd of the 2nd of section 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

PERSONALS.

Harry Peterson left this morning for a two week visit to his home in Sweden. Superintendent R. D. Denfeld has just returned from a business trip to Minneapolis. E. F. Flood and Thomas Kearns will leave tomorrow morning over the Northern Pacific for Spokane.

Mr. and Mrs. A. V. Young, of Cloquet, have been spending the day in the city. Ed Randolph, of Koochiching, arrived from the border towns today on a business trip.

George A. Stephenson, of Ontonagon, Mich., was a business visitor in the city today.

C. L. Kidder, a merchant of Trenton, one of the towns on the Northern Pacific's extension from Bemidji, is in the city this afternoon.

Miss Nettie Mitchell, of Hancock, Mich., is the guest of her sister, Mrs. W. S. Spearin, of 7 West Fifth street.

Mr. and Mrs. J. A. Shapira and son, of Paul, have been visiting her mother, Mrs. J. L. Cook, left for their home today.

Miss Alice M. Cook has returned from Winnipeg, where she has just gotten out the annual catalogue of the Hinge, artery company. A number of handsome designs and sketches of her appear in the publication.

Dr. James A. Buffalo, of Alexandria, D. C., who has been visiting in the city for the last few days, returned yesterday to his home.

Mrs. A. L. Glover is visiting in St. Paul.

J. A. Brinkley left today for St. Paul. Capt. and Mrs. J. W. Young have gone to Deerwood for a short outing.

Mr. and Mrs. D. C. arrived this morning for a short visit at the home of the lakes. S. H. Hoover, a prominent Philadelphian, arrived in Duluth this morning from a trip up the lakes.

WOULD STING THEM.
French Peasants Threaten Bees For Gendarmes.
Brest, France, Aug. 13.—Soldiers have been requisitioned several places in Finistère, during the past two or three days to protect police commissaires against the bees.

Our own workshop and manufacturing plant.

LAST ONE IS HELD

Final Examination of the Summer School Being Given.

Papers Will Go to State Superintendent For Marking.

First Grade Teachers Are In Great Demand Now.

The last of the examinations following the four weeks' term of summer school in the city was held this afternoon.

This marks the close of the summer school year, which has been a most successful one. The papers are sent to St. Paul, where the state department does the marking. The first grade certificates are issued for five years, and the second grade for two years.

In case conditions in any subject accompany the certificates, they are good for a year only. Many pupils in attendance at the school this summer have been working off conditions.

The examinations this year are considered by the instructors to be good tests, and there has been little dissatisfaction expressed by the pupils. All those who attended the full term of four weeks felt confident that they will pass.

The school boards throughout the county are now busy engaging teachers for the coming year. In some districts it is difficult to retain a teacher for more than a few months' time, and the school directors in such communities occupy very important positions. The boards usually make their own selection, although in cases where it is not his province to recommend certain teachers, the rate that they hold certificates being considered enough of a qualification.

First-grade teachers, of course, in great demand, and County Superintendent Park says there is a shortage. He has just received a letter from the officials stating that Altkin county can accommodate a score of first-grade teachers with positions. School of teachers are the first selected, and then the second-grade fall in and do the best they can. One of the reasons the former are wanted so badly is that the state aids those school districts that engage the better teachers. School of one room get \$100 annually if a first-grade teacher is employed, and nothing at all in the way of a contribution comes when the second-grade instruction is given.

The following school districts in the county will receive \$100: 13, 37, 7, 6, 5, 15 and 28. District 13 has 12 schools and gets \$100 for each, and District 8 will receive \$200, having two schools. The following have one school each: 1, 9, 15, 19, 21 and 20. District 18 has two schools and will receive \$200 to add to the school work.

The idea of assisting first-grade schools is to raise the standard of instruction, and the results are very satisfactory. A teacher to secure a first-grade certificate must be up in high school subjects or else a normal graduate. Botany, physics, chemistry and higher mathematics are some of the subjects included in the list.

CONFIDENT.

Warren Potter Thinks He Has a Cinch on Senatorship.

"I am going to be elected by a big majority," said Warren Potter, of Altkin county, who was in the city today. Mr. Potter is a Republican candidate for the senate district, and came up today on business.

"I see The Herald is trying to get Mr. Gunn in the race, but I believe that if he sticks to his promise to stay out of it I will have no opposition. I did not go after the senatorship of my own accord, and only consented to run when the other four gentlemen said they would withdraw. If anybody is responsible for my candidacy it is the other fellows, the Republicans of Carlton county, that promised me their support, and those of Altkin, who urged me to become a candidate."

"I am not even walking to win the race, but am in the hands of my friends. If they want me for senator they must do the work to elect me. Thus far I have not even put out a postage stamp in my own behalf," continued Mr. Potter with a smile, "but even a single glass of beer."

Mr. Potter says that things seem to be coming his way all over the district so far as he can learn.

Secured But Little.
The South Shore depot at Lake Nebagamon, Wis., was broken into and burglarized last evening. The amount taken was only a few letters, as the agent was not in the habit of leaving much money there over night.

The burglar secured a brake key lying in the railroad yards and after failing to pry up the windows, they broke the glass and obtained admittance to the ticket office. The till was broken open, also a penny-in-slot gum machine. A photograph slot machine was overlooked. There is no clue to the thieves.

Straw hats, half price. A. B. Stewart & Co.

ATHLETIC EVENTS.
Milwaukee, Aug. 13.—The all-around championship meeting of the Central association, A. A. U., will be held under the auspices of the Sodality Athletic club.

CHAFING DISHES—Bought to sell at \$5.50—for\$4.50

In a sale of this kind it is always well to call early.

F.D. DAY & CO., Inc.

etc. association of this city. The date for the games will be either Sept. 8 or 12. The list of events will consist of the 100-yard dash, putting the 16-pound shot, running high jump, half-mile walk, throwing 16-pound hammer, pole vault, running broad jump, 120-yard hurdle, throwing 56-pound weight and one-mile run.

WILL MEET.
Delegates to Two Congresses Will Get Together.

Tomorrow afternoon at 4 o'clock there will be a meeting at the Commercial club rooms of the delegates appointed to represent Duluth at the International Mining Institute, which will be held in Butte, Mont., this month. The delegates will discuss plans for setting up the range. Evelyn is also making the iron mining regions of this country.

The committee appointed to represent the Commercial club and the city at the Minneapolis commercial congress at St. Paul, Aug. 19 to 22, will meet at the club rooms Friday afternoon at 4 o'clock.

C. P. Stine, secretary of the State Editorial association, who is also secretary of the Duluth Commercial club, says that a great deal of importance is attached to the fact that the Duluth Commercial club is holding the delegates in attendance.

Outing and Picnic
Saturday Afternoon at Grand Marais.

—Take the Elegant Steamship—

ROQUELOIS INJUNCTION
At 9 a. m. Saturday, Aug. 16, returning some night. A beautiful ride of 200 miles was made on the Lake Superior. Fare \$1.00 round trip. Leave Superior dock, Lake avenue south. Tickets on sale at the Duluth Transportation Co.

MAY SAVE THE HAND.
Loe Boy May Not Lose the Member.

It is now hoped that George Loe, 7-year-old son of B. O. Loe, 225 East Fifth street, whose hand was shattered by a stick of dynamite yesterday afternoon, will not lose that valuable member.

The chunk of dynamite about two inches in length was attached to two wires, and the results are very satisfactory. A teacher to secure a first-grade certificate must be up in high school subjects or else a normal graduate. Botany, physics, chemistry and higher mathematics are some of the subjects included in the list.

SMALL BUSINESS.
Market's Opening Day Not a Rousing One.

If the city market receives no more patronage in the future than it did on the opening day, it would hardly pay to keep it open. Few farmers brought their stuff to the market, and there were only a few people present. At 11 o'clock there were but two wagons at the market, with one or two prospective purchasers on hand.

The market was not a success. Five years ago, when the market was first opened, considerable business was done. After the first season the people got out of the habit of making their purchases there, and last year business picked up somewhat, and it was thought that this year would be a banner one.

The farmers, however, do not seem to care to bring their garden truck in, and Duluth housekeepers would rather purchase of the grocers. If there is no more attendance Saturday than there was this morning, there is every probability that the market will be closed.

The grocers do not seem to be afraid of the market taking away any of their trade, as they claim that the first thing the farmers do upon coming to town is to let them have their pick of the products; also that the truck gardeners are unable to undersell them.

The market will be opened next Saturday morning at 7 o'clock and will close at 1 o'clock in the evening.

\$3.00 and \$3.50 Hats now \$2.00. A. B. Stewart & Co.

EDITORS' BANQUET

Committee Planning For Entertainment on Their Return.

Will Be Given a Spread With Toasts and Program.

Editorial Visit Means Large Advertising For Duluth.

The entertainment committee that has in charge the arrangements for the banquet to be given the Minnesota Editorial association when the members return to Duluth on Tuesday evening from the visit to the range, held a meeting this morning in the Commercial club rooms. The committee is composed of the following local publishers and printers: R. C. Mitchell, Duluth Tribune; Mills Huppel, News Tribune; A. C. Weiss, Evening Herald; Oscar Longenecker, Nordvesters Handelsblad; E. L. Miller, Duluth Trade News; J. J. LeTourneau, H. J. Achenbach, O. F. Collier, E. F. Brown, H. K. Barker and F. R. Lester. R. C. Mitchell was elected chairman of the committee.

The address of welcome to the visitors will be delivered by Mayor T. W. Hugo, but the toastmaster and the toasts to be given by other local people have not yet been arranged for. The address of welcome will be responded to by President Joseph Leicht, on the part of the visiting editors.

H. P. Hall, of St. Paul Trade Journal and a member of the executive committee of the association, will speak relative to the purposes of the organization.

F. Collins, of the Minneapolis Northwestern Agriculturist, will tell of the association's trip this year.

Among the other editors that will be called on for toasts will be C. S. Mitchell, of the Alexandria Post News; W. C. Stanton, of the Appleton Press, and Mrs. F. W. Lee, of the Rush City Post. Secretary Preston has received a telegram from Peter Schaffer, of the Elly Miner, stating that the citizens of Elly will entertain the editors when they visit the range. Evelyn is also making preparations for the entertainment of the visitors.

The importance of this banquet and entertainment by the city of Duluth to the state editors cannot be overestimated. The clippings relative to the Zenith City from the papers of the Northwest and the Minnesota Editorial association, after their visit here, shows that Duluth occupies a prominent spot in their hearts.

The tickets for the banquet will be placed on sale for \$5 each, and can be secured by members of the Duluth Commercial club, and by the Duluth Commercial club, says that a great deal of importance is attached to the fact that the Duluth Commercial club is holding the delegates in attendance.

Asked Against the Clearwater Logging Company and Others.
St. Paul, Aug. 13.—(Special to The Herald).—The Crookston Lumber company has petitioned the United States district court for an injunction restraining Otto Staples, James Mulvey, William O'Brien and the Clearwater Logging company from disposing of 40,000,000 feet of pine timber along the Clearwater river.

The complainant alleges that Thomas H. Shively, Charles A. Weyerhaeuser and others, principal stockholders in the Crookston Lumber company, authorized the company to acquire a steamed sawmill, planing mill, lumber yard, saw logs, and other equipment in the Red river, and turned over to the company a contract with the timber land which was delivered, and that in consequence the company cannot fill important orders in Nebraska, Dakota, Minnesota and Iowa.

It is alleged that the defendants still have standing 40,000,000 feet of timber, worth \$100,000, from which to supply the needs of the company, according to contract.

It is hinted the logs are being sold elsewhere, and for the injunction is asked to prevent and to enforce the contract.

RED MEN.
State Council Elects Its Officers For Coming Year.

St. Paul, Aug. 13.—A Red Wing, Minn., special to the Dispatch says: The state council of the Improved Order of Red Men today elected officers as follows: Great sachem, Ross Hazard, Minneapolis; great senior sagamore, Lewis Long, Duluth; great junior sagamore, W. W. Lyons, Little Falls; great prophet, Dr. H. Pierce, Duluth; great chief of records, Frank J. Hebl, St. Paul; great keeper of the sacred pipe, three years, C. R. Stevens, Minneapolis; representatives to the council of the United States, Frank Hebl, St. Paul, and E. Meyers, Duluth. W. E. Paul, was appointed official publisher of the Speaking Leaf, the organ of the order.

SON KILLS HIS FATHER.
Ottumwa, Iowa, Aug. 13.—J. H. Sims, a wealthy farmer, was shot and killed by his son John today while endeavoring to murder his wife with a butcher knife. The dead man was intoxicated and made a vicious attack upon his wife for a fancied wrong and the son interfered just in time to save her life.

RAINED ON ONE FARM.<

DATE OF THE FAIR

St. Louis County Association Decides on Sept. 24, 25, 26 and 27.

Dates of Other Fair Necessitate a Late Fair Here.

Outlook Is For Successful Fair—No State Exhibit.

The county fair will be held Sept. 24, 25, 26 and 27.

These were the dates decided on at a meeting of the St. Louis Agricultural and Driving Association held last evening.

This is the first fair for two years, and it is expected to make it a banner one. While the time is later than any fair held here before, the management did not wish to conflict with the Barnum fair, Sept. 16, 17 and 18, and the Minnesota state fair will be in progress the first week in September.

The association will hang up \$1200 in purses for the horse races, and a like amount will be given away for the exhibits. The races will be pulled off on the last three days of the fair, and some good horses are expected here.

In the past the practice has been, it is claimed, for the management of the fair to bring a bunch of horses here from other cities, and promise them so much money irrespective of the positions they gained in the different heats.

The officers of the fair association, however, have decided that to get the money a horse must go in and race for it, and it is expected that this stand will aid greatly in the spirited contests.

Secretary Penney said, in speaking of the races: "Hereafter a man who enters a horse in any race must race him or he won't get any of the money. If out-of-town breeders don't care to come here under these conditions there are many fast ones in St. Louis county, enough at least, to make it interesting."

The track at the park is in good condition, and there are more fast horses in Duluth at the present time than have been here for several years. The buildings will be put in condition at once. One of the members of the association, when asked as to the late date, said:

"Why, the vegetables in St. Louis don't get their full growth until the middle of September. We are six weeks behind other parts of the state. The weather here is beautiful during the latter part of September, and it is not more cold than in St. Louis at the end of the month. In the past men have gone to commission houses, purchased vegetables and shipped them to St. Louis simply to make a showing. We will not countenance anything of that kind. The association is only looking for bona fide St. Louis county exhibits, and we know that they will grade high enough to make the show well worth seeing."

"I drove out in the country last Sunday and saw some pretty wheat. It is a little over waist high. It was green, however. We will receive no money from the state to help this fall as there was no fair in this county last year. The state gives \$50 to every county holding a fair, but the money is not paid until the following year."

"The state fair managers have been urging us to put in a state exhibit of iron ore at the fair now. But the money have no money available for that purpose, and, besides, have arranged to repair their buildings. It is to be repaired and they will put it in condition for future use for the privilege of using it this fall. There is a large exhibit of iron ore at the fair now. The mining men shipped a big lot of it some years ago, and it is rotated out every fall."

The men in the fair association here are well known in the business world, and it is expected will make the event a big success. The fair held two years ago, gotten up in short order, paid expenses, notwithstanding that it rained two days.

Persons interested in placing an exhibit from St. Louis county at the state fair were invited to be present at the meeting last evening. The meeting was well attended, and many of the people of the city, it is quite likely that this county will not be represented.

BERRYING.

Large Numbers of People Are Picking Raspberries.

Hundreds of quarts of raspberries are picked every day in the country back of the city.

The season for this fruit is at its height, and many people are taking advantage of the big crop. Most of the berry pickers go a couple of miles beyond Woodland Park, and the cars to that suburb are crowded every morning with old people, young men and women and little children, laden down with empty pails and other utensils, which is found in large quantities near this city.

One man went out yesterday, and although inexperienced and unfamiliar they return in the evening with the pails filled with luscious berries. This has been a good year for the raspberry, with the locations where they are

Eczema

How it reddens the skin, itches, oozes, dries and scales.

Some people call it letter, milk crust or salt rheum.

The suffering from it is sometimes intense; local applications are resorted to; they irritate, but cannot cure.

It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

Hood's Pills are the best cathartic. Price 50 cents.

ABSOLUTE SECURITY.

Genuine Carter's Little Liver Pills.

Must Bear Signature of

See Fac-Simile Wrapper Below.

FOR HEADACHE, FOR DIZZINESS, FOR BILIOUSNESS, FOR TORPID LIVER, FOR CONSTIPATION, FOR SALLOW SKIN, FOR THE COMPLEXION.

CURE SICK HEADACHE.

found in the greatest abundance, he picked eight quarts. Many children peddle their berries from house to house, and considerable revenue is derived thereby.

ORGANIZE.

Superior Business Men Form Association For Mutual Protection.

The Superior Mercantile association was organized in West Superior last evening by a large number of the business men of that city. Albert Abraham was elected president and H. C. Silvers was chosen as secretary.

A board of directors, comprised of nine members, was also elected.

The association discussed various matters relating to the commercial interests of the city, but its direct work will not be published.

The bylaws of the association indicate that the West Superior business men have started a very active crusade against the practice of giving promiscuous gratuities and donations, the purchase of advertising space in publications other than the daily and weekly papers and the buying of ball, banquet and raffle tickets. It is claimed that the practice has grown to such proportions that it is a nuisance and for the protection of the merchants it will be considered a misdemeanor for a member of the association to give gratuities in any of the forms named, punishable by a fine of \$25.

It has been left with the board of directors to decide whether a member is guilty of a misdemeanor in purchasing tickets for gratuitous purposes. Contributions for public purposes, such as the advertising of the city, encouraging manufacturers, etc., if endorsed by the board of directors, before the contributions are asked, are not prohibited.

The bylaws will be printed on large placards and put up in the stores and business places of the members of the association.

A lazy liver makes a lazy man. Burdock Blood Purifier is the natural, never failing remedy for a lazy liver.

Harvesting is under way quite generally in Minnesota, according to the crop report of the Minnesota weather department, which is as follows:

"The week has been a cooler one; the morning of the 11th the temperatures were much lower than usual at this season, and frosts were reported at Minneapolis with a minimum temperature of 40 degrees, and at Park Rapids, with a minimum of 35 degrees. There was very little rain during the week, the local rains on the evening of the 8th and the general rains on the 9th, the rains on the 10th were locally heavy in portions of the south. Most of the week has been very favorable for harvesting, stacking, threshing and haying. Spring wheat, oats and barley are not nearly all in, but in the southern part of the state, and their cutting is well advanced in central sections."

"In the Red River valley the harvesting of spring wheat, oats and barley is begun, but the ripening of these crops is very uneven, and though harvest will be general in Kittson county about the 15th, there are portions of the valley in which it will be much later than that date."

"Flax harvest is progressing nicely, and in the southeast it is nearly finished. Where harvest is finished, or nearly finished, stocking is well advanced, and some threshing has been done from the shock. The small grains are generally in excellent condition, but there are some complaints of thin stands of wheat, and the effects of the Hessian fly in south central and southwestern sections. There are many fields in which the wheat and oats were so lodged and tangled by local winds as to make them difficult to harvest."

"Corn continues to grow splendidly, notwithstanding the cool weather; the crop is later than usual. The early potato crop is a good one, and it is being gathered, or it is ready to gather; in a few places rotting in the ground has set in. Timothy seed is being secured. Wild hay is being cut in northern portions."

LOOK PLEASANT, PLEASE. PHOTODUPLICATION. O. can do so now, though for years he has been because of the agony from the worst form of indigestion. He will be cured by the use of Hood's Sarsaparilla.

worked such wonders for him that he declared they are a godsend to sufferers from dyspepsia and stomach trouble. Hood's Sarsaparilla cures indigestion, liver and kidneys, they build up each, and they are not with our medicine. Only 50c. Guaranteed by W. A. Abbott, druggist.

BUSINESS BOOMING

In Office of Supervising Architect of the Treasury.

Office Force Is Rushed to the Utmost Limit.

Coming Marriage of Alice Hay and Young Wadsworth.

From The Herald Washington Bureau

Washington, Aug. 12.—(Special to The Herald.)—In the office of the supervising architect of the treasury business is booming as it never boomed before. With nearly 300 buildings authorized by congress to be erected the force of the office is rushed to the utmost limit. Every available inch of space is being used by architects, draftsmen and computers and the clerical force in every division of the bureau is put upon its mettle. Naturally every congressman who succeeded in securing recognition in Congressmen is of more importance than that of any of his colleagues, and each one who visits Washington now goes first to the architect's office to learn as well as may be what are the prospects for the early beginning of work.

There is a regular routine prescribed by law for the acquisition of a site and the erection of a federal building. After such a structure is authorized by congress, a limit of cost fixed and appropriation made, the treasury department invites owners of sites to submit bids for lands of suitable dimensions. When these bids are opened a list of the offers is given to a special agent of the supervising architect, who makes a personal visit to the site upon which the building is to be built. He looks over the lands offered and makes a recommendation to the secretary of the treasury. If the secretary approves the site is chosen. Then the United States district attorney directed to acquire the land by purchase or by condemnation. The title passes to the United States.

The next step necessary is the enactment of a law by which the state legislature, ceiling jurisdiction over the site to the United States. It is claimed that the practice has grown to such proportions that it is a nuisance and for the protection of the merchants it will be considered a misdemeanor for a member of the association to give gratuities in any of the forms named, punishable by a fine of \$25.

It has been left with the board of directors to decide whether a member is guilty of a misdemeanor in purchasing tickets for gratuitous purposes. Contributions for public purposes, such as the advertising of the city, encouraging manufacturers, etc., if endorsed by the board of directors, before the contributions are asked, are not prohibited.

The bylaws will be printed on large placards and put up in the stores and business places of the members of the association.

TRAINING SCHOOL

Joint Superior and Duluth Committee Has a Session.

Will Formulate an Argument to Be Submitted to Board.

Resolutions By Minnesota Editors Favoring Duluth-Superior.

A meeting of the joint committee of the Duluth Commercial club and the One Hundred Thousand club, of West Superior, was held at the Commercial club rooms yesterday afternoon in the interest of the naval training school, which the two organizations are trying to locate in Duluth. The committee was comprised of James Bardon and George P. Knowles, of Superior, and Mayor Hugo and Capt. Alexander McDougall, of this city.

The reasons why the school should be established at the head of the lakes were gone over carefully, together with the information collected as to the locations which the naval commission inspected while here last week, and these were embodied in a document that will be sent to Washington, D. C., within a few days. The papers will be sent direct to Admiral Taylor, so that he may have them when he finishes his inspection trip next week.

Resolutions were presented to the committee endorsing the head of the lakes as the best location for a training school, which were afterward presented to the Minnesota Editorial association while its members were at luncheon at the St. Louis hotel. The resolutions struck the visiting editors very favorably and were unanimously endorsed. They are similar to those adopted by the St. Paul chamber of commerce. They are as follows:

Whereas, by a recent act of congress, which provides for appointment of a board of naval officers to make an examination of several proposed sites for the establishment of a naval training station on the great lakes, and to make a report as to the advisability of the several sites, the cost of the establishment of such a station and its practicability;

Resolved, that we do hereby respectfully request our representatives in congress to recommend to said board a site to be located in the Duluth-Superior harbor.

Resolved, the secretary is hereby directed to forward a copy of these resolutions to each member of the Minnesota

SAD STATE.

No One to Care For George Bicknell, Sick Sailor.

George R. Bicknell, the young man whose pitiful condition was announced a few days ago, is still at the county jail, and the responsibility for his care has not yet been located.

The young man, it will be remembered, served in the United States navy for seven years, and was discharged May of this year. He was found at Tower some weeks ago, and the authorities there, after caring for him for some time, sent him to this city, thinking that he was insane. His examination in probate court showed that he was not insane, but simply ill with a nervous disease.

After his discharge from probate court Bicknell went to the county jail because he had no other place to go. Since that time the officials have been endeavoring to ascertain who should take care of him. The county officials have not the authority to keep him in jail, and are doing so purely out of pity for the man's helpless condition. He made an attempt to leave the jail yesterday afternoon, but after taking a short walk about the city, returned completely fagged out.

The man shipped at Buffalo on the steamer India, and on that account it was thought that he should have been turned over to Dr. Sherwin, the marine physician at this port. The latter, however, said he had nothing to do with the case, and referred him to A. P. Cook, the clerk of the poor commission. Because he is a non-resident Mr. Cook could not take a hand in the case, and there the matter rests. Had he been committed to some institution, the state board of corrections and charities might have sent him to his home in San Francisco if he were found insane, but as it is they can do nothing.

In the meantime Bicknell occupies a cell in the county jail with the rest of the prisoners, and it is feared that his condition will grow worse.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CLEGG & CO., Props., Toledo, O. We, the undersigned, have known F. J. CLEGG for the last 15 years, and believe him perfectly honorable in all business transactions, and he is entitled to carry out any obligation made by him.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 50 cents per bottle. Sold by druggists. Testimonials are free. Hall's Family Pills are the best.

HE ACCEPTS.

W. F. Hatley Will Play Spears For Billiard Trophy.

A billiard match for the 14-inch balk line championship of the Northwest, will be played in this city some time in September. W. F. Hatley, the present champion, has accepted the challenge of George Spears, of Minneapolis. In one game Hatley defeated it is the intention of Peterson, the Fargo expert, to challenge Hatley, if the Duluth man still holds the championship at the end of the current year, the headliner of the Brannan-Hall-Collerander company will remain in this city permanently.

DRUMMOND-RIGG. Pretty Wedding At East Third Street Home.

A pretty wedding was that of Miss Grace M. Drummond and William C. Rigg, of Minneapolis, which took place last evening at the home of the bride's parents, Mr. and Mrs. Peter Drummond, 115 East Third street.

The ceremony took place under a bower of ground pine relieved by fragrant sweet peas. Rev. A. W. Ryan, of the St. Paul's Episcopal church, was the officiating clergyman. Mrs. Watson Mendonhall was the matron of honor and Charles A. Parker acted as best man. The ring bearer was the 8-year-old daughter of Mrs. Mendonhall, Miss Cora Olsen, of the house, decorated with sweet peas and other Western plants. They will make their home in Minneapolis.

The groom is the vice president of the Hunt Perfect Baking Powder company.

BRIEF TELEGRAMS.

Grand Duke Boris, cousin of the czar, emperor of Russia, and party left San Francisco for Chicago, yesterday.

The duke will visit President Roosevelt at Oyster Bay. The meeting will be an informal one. During the stay of the party in California, many places of interest were visited.

James H. Harrison was renominated for representative in congress by the eighth district Republican convention of Wisconsin.

Louis A. Wood, of the firm of Edwards, Wood & Co., of St. Paul, charged with reporting fictitious trades, was expelled from the Chicago board of trade Tuesday.

An electric cat on the Detroit, Ypsilanti and Ann Arbor road jumped ten feet from a car on the Detroit city limits Tuesday. Ten passengers were injured and bruised. No one was seriously injured.

A special dispatch from Marinette, Wis., declares on the authority of a member of the board of regents of Wisconsin University that Professor C. R. Van Hise, the present head of the geological department in the university, will be selected to succeed the late Dr. Charles Kendall Adams as chairman of the Wisconsin Geological Survey.

Harriet Gates & Co. state that T. R. Mitchell, John Blatz, as a committee, have received proxies for about 20,000 shares of Columbia Fuel & Iron stock out of a total of 60,000.

TRAINING SHIP DOCKS. New York, Aug. 13.—The training ship Hartford, docked at the Brooklyn navy yard. She has 300 young sailors aboard, who will shortly be sent to different vessels belonging to the North Atlantic squadron. The last trip of the Hartford occupied seven months.

A complexion grower failed while using Sath-Skin Cream and Sath-Skin powder, he, found best by test.

THE RED MEN.

The Council Fires Burning at Red Wing.

Red Wing, Minn., Aug. 13.—The ninth great council of the Improved Order of Red Men began with an address in Sioux by Hipe Apochodjagie, also known as Thomas Wilson, a scout under Gen. Custer. Hegan Tatagee, another Indian scout, was also present. F. M. Wilson translated the address.

Mayor Rich extended a welcome in behalf of the city. The council went into secret session conferring the past sashmen degrees on fifty. Reports of the grand lodge officers showed fifty-three tribes with a membership in the state of 285, an increase of 40 the past year. Ten-hundred auxiliary degree has a membership of 200. The finances of the order are in good condition.

Yesterday afternoon there was a steamboat excursion to Lake City and Wahpeton. Many delegates are present, particularly from the Twin Cities, Minneapolis and St. Paul. The convention, which is also being held at the same time, is also being held at the same time.

Itching piles? Never mind if everything else failed to cure you. Try Doan's Ointment. No failure there, 50 cents at any drug store.

DR. HOLMES' STORY

About the Man Appointed to Supreme Court.

Washington, Aug. 13.—There will be a demand now for Dr. Oliver Wendell Holmes' charming little story "My Hunt for the Captain," and it may be republished in many daily papers, provided the holders of the copyright will consent. This little story is all about the man who has just been appointed associate justice of the supreme court.

Dr. Holmes, resigned, Young Holmes, then a captain in the United States army, had been wounded at Antietam and carried from one field hospital to another until his parents lost sight of him. The father came to Washington where he secured what information he could and then started on a long search for the missing boy who was finally found in a most unexpected manner. The story was afterwards told in Dr. Holmes' characteristic style and became one of the most entertaining of his shorter sketches.

HOSTESS WEAKENED

And Removal of Mustaches Is Not Required.

Newport, R. I., Aug. 13.—A compromise has been effected in the merry war in which a dozen or more mustaches were at stake and the old-fashioned quadrilles to be features of Mrs. Stuyvesant Fish's colonial ball, Aug. 22, will be danced with full complements of men.

Mrs. Fish has asked some of her friends to consent to part with their mustaches so that the reproduction of the dance of olden days should be perfect, but some men, desiring to please Mrs. Fish, and not to displease themselves, took the matter much to heart.

The hospitable hostess, learning of the dilemma, promptly had them assured that the matter of their mustaches was of no importance compared to their presence at her ball and their peace of mind.

The colonial ball at "Crossways" promises to be the most unique and expensive entertainment ever given in Newport.

MARRIED AT THE PINES. New York, Aug. 13.—Lockhart Honore, of Chicago, a brother of Mrs. Putnam Palmer and Mrs. Nettie Crosby Richardson, a wealthy widow and society woman, who has been married at the Pines, the summer home of the bride's uncle and aunt, Mr. and

TOO SOON

Were Precautionary Measures Against Cholera Withdrawn.

San Francisco, Aug. 13.—The reason given by army officers who have expressed their opinion that the disease had been brought to a standstill, the scourge had only been scotched, however, and with the relaxation of the controlling grip it resumed its work of devastation with renewed vigor.

"We will not get rid of the cholera in the Philippines," said Assistant Surgeon Rhoads, "until the heavy rains come. That will be in October. In the meantime our people are doing everything possible to keep the disease within bounds."

HOSTESS WEAKENED

WALL PAPER PEOPLE

Holding Their Annual Meeting In New York.

New York, Aug. 13.—The wall paper manufacturers and dealers are holding their annual meeting here. The special object is the concluding of contracts for the coming year's business. The meeting will continue for some time, and before its conclusion the subject of forming a new combination of the trade will be discussed. One of the manufacturers present said: "The business during the past year has been bad for everybody. The sales have been large but the profits small. This condition is due to the cutting of prices among the various manufacturers. Since the split-up of the wall paper trust, the competition has been too numerous failures, some of which are recent. The prices for the year to come will be increased about one-half of one per cent, because of the corresponding increase in the price of raw materials. There has been some talk of a formation of a new combination among manufacturers and many seem to favor it."

Ordinarily household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, sprains, instant relief.

BOILER EXPLODED.

Four Lives Lost on the Tug Jacob Kuper

New York, Aug. 13.—The boiler of the tug Jacob Kuper blew up today near St. George's, Staten Island. Four of the crew were killed or drowned. Two men were picked up alive by the Staten Island ferry boat Caxton and brought to this city.

The tug sank almost immediately, and later a quantity of wreckage and clothing and the name board came ashore with the ebb tide along Staten Island. The owners of the tug are G. D. Kuper & Bros. She was on her way down to the Italian ship Guiseppe D'Alli anchored off Tomkinsville ready for sea, bound for Sydney, N. S. W., and waiting for the tug to get her underway.

SENT FREE TO MEN

Free Trial Package of This New Discovery Mailed to Every Man Sending Name and Address—Quickly Restores Strength and Vigor.

Free trial packages of a most remarkable remedy are being mailed to all who will write the State Medical Institute. They cured so many men who had lost their vitality.

A. E. ROBINSON, M.D., C.M., Medical Director.

After years of patient and physical suffering of lost manhood that the institute has decided to distribute free trial packages to all who write. It is a home treatment and all men who suffer with any form of weakness resulting from youthful folly, premature loss of strength and memory, weak back, varicose, or emaciation of parts can now cure themselves at home.

The remedy has a peculiarly grateful effect of warmth and seems to act directly to the desired location, giving strength and development just where it is needed. It cures all the ills and troubles that come from years of misuse of the natural functions and has been an absolute success in all cases. A request for the State Medical Institute, 235 Jackson Building, Ft. Wayne, Ind., stating that you desire one of their free trial packages will be complied with promptly. The institute is desirous of reaching that great class of men who are unable to leave home to be treated and the free sample will enable them to see how easy it is to be cured of sexual weakness. And who would wonder remedies are employed. The institute makes no restrictions. And who would wonder need have no fear of embarrassment or publicity. Readers are requested to write without delay.

ORDER FOR HEARING ON CLAIMS—State of Minnesota, County of St. Louis.

In the Matter of the Estate of John Dunphy, Deceased.

Letters testamentary on the estate of John Dunphy, deceased, late of the county of St. Louis, state of Minnesota, being granted to James V. Dunphy and John T. Dunphy.

It is ordered, that three months be and the same is hereby allowed from and after the date of this order, in which all persons having claims or demands against the said deceased are required to file the same in the probate court of said county, for examination and allowance, or be forever barred.

It is further ordered, that the 24th day of October, 1932, at 10 o'clock a. m., at a term of said probate court, be held at the probate office in the court house in the city of Duluth in said county, and the same hearing is appointed as to the time and place when and where the said probate court will examine and adjust said claims and demands.

And it is further ordered, that notice of such hearing be given to all creditors and persons interested in said estate by publishing this order once in each week for three successive weeks in The Duluth Evening Herald, a newspaper printed and published at Duluth in said county.

Dated at Duluth, Minn., this 24th day of July, A. D. 1932.

W. G. BONHAM, Judge of Probate, (Seal Probate Court, St. Louis Co., Minn.) Duluth Evening Herald, July 29-Aug 2-1932.

PLANS ARE EXTENSIVE

For Entertainment of Women at the G. A. R. Encampment.

Effort to Locate All Visitors in Comfortable Quarters.

Living Is Cheaper in Washington Than in Most Cities.

Washington, Aug. 13.—The work women are doing for the entertainment and comfort of the women's organizations, auxiliaries of and allied to the Grand Army of the Republic, which will meet in Washington at the national encampment the second week in October, is on a most exhaustive scale and it is now thought will exceed anything ever before attempted at a national encampment. The plan of entertainment is now pretty well mapped out, and the committees are vigorously perfecting all the arrangements.

R. H. Warner, chairman of the national committee, appointed Mrs. Ellen Spencer Mussey, wife of the late Gen. H. D. Mussey, chairman of the women's auxiliary committee. Mrs. Mussey, who enjoys the honor of being the only woman dean of a law school in the world, is a lady of great executive ability and much tact. She has succeeded admirably in marshaling under her committee all the patriotic organizations of women in the District of Columbia. The funds that the citizens' committee has apportioned Mrs. Mussey to carry on her plans is far from meager, so it is necessary for each of the sub-committees to raise its own money.

National headquarters of the Woman's Relief Corps, Ladies of the G. A. R., and Daughters of Veterans will be maintained at the Dbbitt house. The army nurses will have headquarters at the Lincoln, and will hold the sessions of their convention at the Washington Hotel.

The national convention of the Women's Relief Corps will hold its sessions in the Church of Our Father, corner of Thirteenth and I streets, which is easily reached by electric cars from any portion of the city.

The national organization of the Ladies of the G. A. R. will hold its sessions in the Lutheran Memorial church, just beyond Thomas Circle, on Fourteenth street, also easily reached by electric cars. The Daughters of Veterans will hold their conventions in the hall at the corner of Fifth and G streets, reached by two lines of electric cars.

All these convention halls have commodious committee and conference rooms, and are easily reached by the convenience for working members of the convention.

The grand banquets for several years, a lunch will be served to the delegates and working members of the convention, Thursday and Friday of convention week.

The general receptions and other festivities and social functions will all take place Monday, Tuesday and Wednesday, Oct. 6, 7, and 8, particulars of which will be given later when all the preliminaries have been settled. The national conventions of the women's organizations will probably open on Thursday morning, as has been the custom. The grand review of the veterans will take place on Wednesday.

The headquarters of the women's auxiliary committee is located in the building with that of the citizens' committee, corner of Fourteenth street and New York avenue. The secretary, M. V. McCullough, will gladly answer all inquiries concerning the encampment, and will be experienced in getting from one point to another.

Committees of ladies from the various organizations, wearing plainly marked badges, will be on duty at the railway stations to meet the incoming guests and direct them to their quarters. If already provided, or to assist them in securing the same if selection has not been made.

It is probable that lodgings will be available at the rate of \$1 a day, possibly a little less, with two or four in a room. These are regular encampment rates for comfortable quarters, and there is no disposition in Washington to raise them. Excellent meals will be served for 15 cents.

In closing it might be well to state that no one should be deterred from

coming to Washington through fear of high prices of living. It is said that one can live more cheaply and better in Washington than in any other city of its size in the world.

Mrs. Mussey has so planned her work that none of it will fall heavily on any one organization. To look after the comfort of the national organization of the Women's Relief Corps she has appointed a committee of 200 women, all members of the order, and has selected for its chairman Mrs. Edith Oldroyd, who is president of the department of the Potomac, Woman's Relief Corps. Mrs. Annie W. Johnson, past department president, is vice chairman.

There are two circles of Ladies of the G. A. R. in Washington. The first, the oldest circle, Mrs. Emma Hawkes, was made chairman, and Mrs. Kate Lennon, president of the department of the Potomac, Woman's Relief Corps. Mrs. Annie W. Johnson, past department president, is vice chairman. The committee has a membership of fifty.

There being no local organization of the Association of Army Nurses, Mrs. Mussey appointed as chairman for that body of women Mrs. Mary Main, a prominent member of the Daughters of the American Revolution. The Legion of Loyal Women, a large organization of patriotic women of the District of Columbia, of which Mrs. Ellen Spencer Mussey is a past president, having no national organization of its own to engage its attention, has determined to make the comfort of the army nurses its special duty, and with its president, Miss H. Weiss, is arranging to entertain its guests in a truly splendid manner.

Mrs. Mussey's aide on this big committee number about 200.

The secretary of the women's auxiliary committee is Mrs. M. V. McCullough, who is giving all her time and attention to the great work before her.

The chairman of the reception committee is Mrs. Ulysses S. Grant. The chairman of the dress committee is Mrs. Isabel Worrell Ball, a practical newspaper woman. Miss H. McCarthy, of the Evening Star, is vice chairman, and the committee is composed of active newspaper women.

The chairman of the committee on Daughters of Veterans is Mrs. Ellenbeth Stanley, its national president. The Ladies Auxiliary, No. 32, Union Veteran Legion, will serve lunch to this organization.

The chairman of the committee on public relations is Mrs. Lizzie Calver, on decorations, Mrs. Ada H. Weiss, on courtesies, Miss Carrella Clay, on flowers, Mrs. Helen B. Matthews, on badges, Miss Helen B. Matthews, on hats, Mrs. Davis.

Only a few months before he died he sold the Carrara Paint company, of Akron, several acres of land as a site for a factory, for which he received about \$5000. He was paid with a check which he cashed at an Akron bank. Upon the death of Shaneman relatives and others searched high and low about his house and farm for the money received from the Carrara company and other sources. Only \$150 was found, and that was concealed in an old cupboard. Since then search for the money has been made at different times, but without success.

Shaneman died suddenly, toppling over in his barn from an attack of apoplexy. The next night afterward the blazing ball of fire was seen at his home. John Breitenstein, a candidate for county commissioner two years ago and a reputable citizen in every way, and worthy man, were staying up with the dead man at the Shaneman home.

Suddenly they saw a ball of fire floating about the ceiling of the room. With a cry they left the room. Time passed and the incident was nearly forgotten, but some time ago the ball of fire was seen again. It hovered over the Shaneman home, now occupied by Harry Breitenstein and wife. It was seen by him and by others. Again it appeared the next night, and the daughters of Peter Shaffer and by Milton Breitenstein. John Breitenstein says the presence of the fire ball recently awakened him at night, and he saw it close beside his window. He arose and tried to follow it, but it vanished before he got to his premises. Simultaneously with the seeing of the fire ball the strange animal is seen, but in a different locality. It is said to haunt an abandoned mine, the Shaneman mine, and has the appearance of a wolf.

On one occasion George Conrad and Cincinnati, Ohio, pursued the animal, but when they came near and struck at it the creature vanished. The animal is said to be the reality to investigate the supposed apparition.

THE ELKS

Elect Their Officers For the Ensuing Year.

Salt Lake, Utah, Aug. 13.—The meeting of the grand lodge of Elks was held in assembly hall yesterday afternoon, and after the annual report of Grand Exalted Ruler Pickett had been delivered and other reports presented, the election of grand officers for the ensuing year was taken up. This resulted as follows:

Returned exalted ruler, George A. Cronk, Omaha.

Grand leading knight, W. B. Vrock, Lexington, Ky.

Grand loyal knight, Judge A. H. Pickett, Denver.

Grand lecturing knight, Joseph E. Henning, Anderson, Ind.

Grand secretary, George Reynolds, Saginaw, Mich.

Grand treasurer, E. S. Orrin, Meadville, Pa.

Grand tyler, Charles Kaufman, Hoboken, N. J.

Grand trustee, J. D. O'Shea, Boston.

Most of the elections were by acclamation, there being contests for only one or two of the minor offices.

Grand Exalted Ruler Pickett took strong grounds against the growing practice of holding street carnivals and fairs.

These enterprises, he held, were more productive of harm than good to the order, and he recommended that they be either regulated, or even altogether prohibited.

The report of the secretary showed the order to be in an exceedingly prosperous condition. About 25,000 increase during the past year was shown, bringing the total up to about 125,000. The

WOMEN GAMBLERS.

Society at Indianapolis Is Given a Shock.

Indianapolis, Aug. 13.—It has developed in connection with a determined effort of the local authorities to break up gambling rooms that a poker game, which is patronized by well known women of the city, is being run at the English hotel, and that those who engage in it from time to time are mostly married women, and are called together by the telephone.

The limit of the game is \$1, but at times this is raised when excitement runs high, and some big wagers have been made and lost during the plays.

Manager Chalmers, of the hotel, did not deny the story. He said poker was being played by women all over the city.

SHADE HAS RETURNED

Spirit of John Shaneman Has Come Back to Earth.

Theory of Terrorized People of Northampton Township, Ohio.

Blazing Ball of Fire and Strange Animal Are Seen.

Akron, Ohio, Aug. 13.—A blazing ball of fire and a strange animal which vanishes into thin air upon being approached, are terrorizing the people of Northampton township near Johnson postoffice. Both are believed to represent the spirit of John Shaneman, and the theory is advanced by the superstitious that his shade has returned to earth to point out to relatives the hiding place of his fortune.

Shaneman was a farmer, and although well-to-do, lived in a very frugal way and was generally supposed to have a box of money hidden about his premises.

Only a few months before he died he sold the Carrara Paint company, of Akron, several acres of land as a site for a factory, for which he received about \$5000. He was paid with a check which he cashed at an Akron bank. Upon the death of Shaneman relatives and others searched high and low about his house and farm for the money received from the Carrara company and other sources. Only \$150 was found, and that was concealed in an old cupboard. Since then search for the money has been made at different times, but without success.

Shaneman died suddenly, toppling over in his barn from an attack of apoplexy. The next night afterward the blazing ball of fire was seen at his home. John Breitenstein, a candidate for county commissioner two years ago and a reputable citizen in every way, and worthy man, were staying up with the dead man at the Shaneman home.

Suddenly they saw a ball of fire floating about the ceiling of the room. With a cry they left the room. Time passed and the incident was nearly forgotten, but some time ago the ball of fire was seen again. It hovered over the Shaneman home, now occupied by Harry Breitenstein and wife. It was seen by him and by others. Again it appeared the next night, and the daughters of Peter Shaffer and by Milton Breitenstein. John Breitenstein says the presence of the fire ball recently awakened him at night, and he saw it close beside his window. He arose and tried to follow it, but it vanished before he got to his premises. Simultaneously with the seeing of the fire ball the strange animal is seen, but in a different locality. It is said to haunt an abandoned mine, the Shaneman mine, and has the appearance of a wolf.

On one occasion George Conrad and Cincinnati, Ohio, pursued the animal, but when they came near and struck at it the creature vanished. The animal is said to be the reality to investigate the supposed apparition.

A GIRL BURGLAR.

Pullman Belle Is Charged With Midnight Raids.

Chicago, Aug. 13.—Pretty Lizzie Ferguson, said to be one of the most admired and sought-after girls in Pullman, is now held at the central station on a charge of burglary, and the police say, has admitted that the charge is true. The many young gallants who sought favor in her slight will be surprised to learn that the dainty gown and fetching bonnets that enhanced Miss Ferguson's own personal charms may have been purchased with money that had been procured by her in the dead of night.

The room of John Donohue, who sleeps above his saloon at 3400 One Hundred and Fifteenth street, was entered about 2 o'clock yesterday morning, and \$20 was taken from his trousers pocket. Donohue awoke about that time with the feeling that there was some one in the room. He felt confident that he had heard the "sweet box" process.

In the morning he awoke to find his money missing. He instituted a search, and confessed to Lieut. Healy, Miss Ferguson in front of the saloon a little after 2 o'clock. The young woman attended to her business and returned to her home some time before 2 o'clock, accompanied by a young man, who had left her at the steps of her home. It is thought that she went to the saloon as soon as her escort was gone.

When arrested by Lieut. Healy, she had a number of skeleton keys in her possession, and one of them readily fitted the lock on Donohue's door. She insisted that she had never been guilty of burglary before, but the fact that several skeleton keys were found in her possession leads the police to connect her with a number of small burglaries that recently happened in that neighborhood.

Miss Ferguson is a daughter of L. Ferguson, a well-known Pullman man, and a graduate of the Pullman schools. She is only 19 years old. The police believe her acts were due to a desire to wear handsome clothing.

COUNTY SUIT

Brought By Former Kankakee Asylum Attendant.

Kankakee, Ill., Aug. 12.—Trustees of the Kankakee insane asylum diverted the course of the inquiry into the conduct of the institution yesterday by twice arresting a former attendant, who had testified against one of them, and by becoming defendants in a suit for \$50,000 brought against them by that same ex-attendant, Harry H. Ball.

Ball, who had been arrested for drunkenness and immorality, was arrested at 2 a. m. charged with perjury. He was tried yesterday afternoon and acquitted "for lack of evidence."

An hour afterward he was again arrested on the same charge, before an other police justice, and the case is set for tomorrow morning.

In the meantime Ball has begun a suit claiming \$50,000 damages from Trustees Small, Murphy and Powell and Col. Buckingham, their attorney, for alleged conspiracy for false arrest.

"My mother suffered from indigestion," said W. S. Sping, Yorkville, Ill., "and years ago I got her to try Kodol. She grew better at once, and now, eating nothing she wants, remarking that years had no effect as she has her bottle of Kodol handy. It is nature's own tonic. Max Wirth."

TWO CENTS.

SUSPECT IS STURBORN

"Sweating" Process Is Applied In Vain.

The Police Fail to Make Thompson Confess.

Chicago, Aug. 14.—Inspector Hunt of the Hyde Park police station today began systematically to weave the net of evidence in the mysterious murders of Mrs. Annie Bartholin and Minnie Mitchell about Oscar Thompson, who for over twenty years was a roomer of Mrs. Bartholin in the Calumet avenue house. The identity of the mysterious woman in black, who last night told the inspector she had seen William Bartholin, Oscar Thompson and "Old Dad" Curley swinging about Thompson's laundry wagon early on the morning of the Mitchell girl's supposed murder, was cleared up. She is Mrs. Mary Talladay. Today she positively identified Thompson's wagon and horse as those she had seen with the men. An attempt to wring a confession from Thompson by putting him in the "sweat box." It is expected, will result in a statement that this horse

BANKERS MUST SETTLE

Immediate Steps Will Be Taken By Internal Revenue Bureau to Collect War Tax on Profits Up to July First.

Washington, Aug. 14.—Commissioner Yerkes of the internal revenue bureau has directed that immediate steps be taken for the collection of the tax on profit and loss accounts or undivided profits of banks, trust companies or private banks under the war revenue act of June, 1898. The amount to be collected will approximate, it is said, \$200,000.

Under an opinion of the department of justice, the tax had only been collected on the capital and surplus of banks, but the commissioner ruled last January that the undivided profits of banks, trust companies or private banks are part of the surplus and therefore subject to the tax.

This ruling was made by request of representatives of the bank commission, and was made on Jan. 2 last, to withhold collection pending the July 1, 1902, so that at present there is no internal revenue tax on capital, surplus or undivided profits of banks. The tax to be collected will be for the year ended July

WAGES WAR ON FILTHY LUCRE

Cleveland, Aug. 14.—Health Officer Friederich has begun a war against the use of filthy money in this city, claiming that many cases of smallpox and other contagious diseases can be directly traced to its circulation. Many

COLOMBIA WANTS SAILORS

San Francisco, Aug. 14.—The Chronicle says that the navy has been asked to accept the position of executive and navigating officer of the Cutch, now being fitted out at Seattle and it has been decided to accept the offer. The number of San Francisco men to be sent to the Cutch

MRS. DEACON SILENCES MATIN

Paris, Aug. 14.—The Matin, which has been publishing the story of an alleged secret betrothal between the Crown Prince Frederick William of Germany and Miss Gladys Deacon, daughter of Mrs. Edward Parker Deacon, today ceases publication of the story in consequence of a letter from Mrs. Deacon, as follows:

TO RAISE FUNDS FOR MINERS

Chicago, Aug. 14.—A movement to organize a committee of 100 or more citizens to raise funds for the striking miners in the anthracite coal regions of Pennsylvania has been started by the union carpenters of Chicago. The

THE FIRST NEGRO EXPOSITION

Chicago, Aug. 14.—President Roosevelt will press a button in the library of his summer home at Oyster Bay at 8 o'clock and the signal will open the first negro exposition ever held—the Middle States and Mississippi Valley exposition—which will occupy the First Regiment armory until Sept. 14. The exposition will show

COAL VERY SCARCE

Inquiries at Eastern Cities Show Stock Is Small and Famine Imminent.

New York, Aug. 14.—Inquiries have been made by the Tribune as to the stock of anthracite coal on hand at several cities in the East, with the following result:

New York city dealers say the supply here has been practically exhausted for weeks. The railroad companies have been able to deliver only a few thousand tons a day recently, and much of it is known as washed coal. Retail price of coal in Jersey City is \$9 a ton delivered, or \$5 at the yards, and orders are taken only conditionally. The dealers here agents only purchasing wherever they can find coal. None is coming in by the cars. Some have a meager reserve supply, but this is not for customers with whom they have contracts. Orders for thousands of tons have been piled up here because they cannot be filled.

Buffalo reports that the Erie railroad's billard is the only anthracite

MORE CLOSED. ONLY MOROS THERE

Another Lot of Religious Schools Are Shut Up.

Brest, France, Aug. 14.—Soldiers and gendarmes left here last evening to protect the commissaries in closing religious schools at Plougonvelin and Ploumoguer, Finistère, and the schools were closed this morning, despite protests by inhabitants of the towns. It was rumored at first that the troops were going to St. Moan and Folgoet, and the peasantry flocked to those places, remaining on guard until 6 o'clock this morning, when it was learned that the soldiers had gone elsewhere.

At Plougonvelin the barricade of carts which barred the way to the sisters' school had been replaced by a network of barbed wire and pointed stakes. The school had been driven into the ground to injure the horses of the gendarmes. In addition, a machine gun was pointed at the school door and filled with

SAVES TEARING IT DOWN

South Wing of the Iowa State Agricultural College at Ames Totally Destroyed By Fire—It Had Been Condemned.

Des Moines, Aug. 14.—The south wing of the main building of the Iowa State College of Agriculture and Mechanic Arts, at Ames, was totally destroyed by fire at 4 o'clock this morning. The north wing of this building was destroyed in a similar manner in December, 1900. The portion which burned today has been condemned by the state architect and was to have been torn down to make room for a new building provided for by the last general assembly.

RUSSIAN SANTOS=DUMONT SKIPS

Securities Listed at the New York Stock Exchange.

New York, Aug. 14.—Russian 4 per cent rentes, aggregating \$230,000,000, were regularly listed on the stock exchange today, the application of Morgan & Co., Belmont & Co., Baring-Magoun & Co., and the National City bank having been unanimously approved. It is said, by the committee on stock list.

According to the statement submitted to the stock exchange by the applicants the rentes are in coupon form and range in denomination from 100 to 25,000 roubles. At the option of the holders they can be registered as principal. Interest is payable quarterly on the 14th of March, June, September and December, at the fiscal agencies in the United States, these dates being, according to the Russian calendar, the first of those months.

The bonds have coupons attached for ten years from date of issue, as well as a talon for the delivery of additional coupon sheets thereafter. The bonds were issued by the Russian minister of finance in compliance with imperial ukases dating from April, 1894, to April, 1901, for the purpose of the conversion of old state loans, bearing high rates of interest, for the purchase of railroads and for other financial operations. No fixed date is named for payment of the rentes, but the Russian government reserves the right to redeem the certificates at any time at its own option, in accordance with a decree issued in April, 1894.

The interest drawn by the rentes is subject to an income tax of 5 per cent, save in the case of the holders who are neither Russians nor residents of Russia. These may avail themselves of the privilege of exemption, as permitted by the minister of finance. By these terms Russian owners of the rentes have their income reduced from 4 per cent to 3.75 per cent, the difference being swallowed up by the 5 per cent income tax. The coupons are payable in Russia at the state bank and its branches and in Amsterdam, Berlin, Frankfurt, London and Paris. Various banks and bankers in the countries named are authorized to exchange the certificates.

TO BE GUEST OF PRESIDENT.

Oyster Bay, Aug. 14.—Governor Odell, of New York, will be the guest of the president at lunch today. He will arrive on the 12:30 train and leave for New York on the 1:30 train. The president will be accompanied by the first lady and the two children. The guests will be seated at the table with the president and the first lady. The guests will be seated at the table with the president and the first lady.

WILKESBARRE, Pa., Aug. 14.—President Mitchell said today that he did not know what significance attached to the gathering of so many operators and mine superintendents at Pottsville yesterday. The impression in coal trade circles here is that the meeting was held to hear the views of Vice President Loomis of the Delaware, Lackawanna & Western company. Mr. Loomis has just completed a tour of the strike region, and it is made report of his observations to the president of the coal carrying roads in New York. Just what the nature of the report was is not known, but it is reported that Mr. Loomis recommended

the starting of some of the collieries in different parts of the region. The presidents of the coal companies, so it is alleged, thought it would be better to get the views of the resident superintendents of the mines before this was attempted. For that purpose, it is reported, a meeting of the superintendents of the mines before this was attempted. For that purpose, it is reported, a meeting of the superintendents of the mines before this was attempted.

MINERS ARE PUZZLED

Would Like to Know the Significance of the Large Gathering of Coal Operators and Mine Superintendents at Pottsville.

Wilkesbarre, Pa., Aug. 14.—President Mitchell said today that he did not know what significance attached to the gathering of so many operators and mine superintendents at Pottsville yesterday. The impression in coal trade circles here is that the meeting was held to hear the views of Vice President Loomis of the Delaware, Lackawanna & Western company. Mr. Loomis has just completed a tour of the strike region, and it is made report of his observations to the president of the coal carrying roads in New York. SITUATION CRITICAL

All Barcelona Officials Are Imprisoned.

Arrival of Cincinnati Has Quieting Effect.

Washington, Aug. 14.—Under date of Wednesday, the 13th inst., Minister Bowen, at Caracas, reports to the state department that the situation there is very critical. At the time of filing his dispatch he had heard nothing from the Cincinnati or the Marietta. He says the sacking of Barcelona continues and that much valuable property is being destroyed.

Minister Bowen in the dispatch, the contents of which the state department made public today, says he "is advised by the United States consul at Barcelona that the revolutionists are sacking that town and searching private houses. They are demanding money from foreign residents in exchange for a guarantee of safety of lives and property."

At the navy department a cablegram has been received from Commander McLean reporting the arrival of the Cincinnati at Barcelona. The Marietta is at Port of Spain, Trinidad, and is subject to the orders of Commander McLean.

Commander McLean's dispatch to the department was in part as follows: "Barcelona occupied by revolutionists. They have imprisoned all civil officials and military officers, and are in possession of entire district. Some pillaging done, but everything now quiet. Twenty-two business houses sacked, mostly foreign; also fifteen private dwellings."

The fact that the navy department received the above dispatch direct from Commander McLean, at Barcelona, shows that Minister Bowen's dispatch of yesterday from Caracas, saying that

the Barcelona cable had been cut was incorrect. The presumption at the navy department is that the revolutionists who are in control at Barcelona refused to allow messages to go through to Caracas, where Castro has his headquarters, and that this accounted for the report from the Venezuelan capital that the Barcelona cable had been cut.

The navy department also received today a cablegram from Commander McLean of the Marietta, dated Cape Haytien, Wednesday, announcing that the blockade established by Admiral Killick was admitted to be ineffectual and had been abandoned.

New York, Aug. 14.—Cablegram from Port of Spain, Trinidad, the Herald correspondent says: The fall of Barcelona into the hands of the Venezuelan revolutionists has put renewed strength into their campaign. The committee here having in charge the interests of the Matos party is enthusiastic over this new success.

The revolutionists now hold the custom ports, Ciudad de Bolivar, Guirica, Cano, Colorado, Coro, Carapana and Barcelona. It is probable that Cumana will be captured Thursday.

In view of this situation the committee purposes to address at once a memorandum to foreign nations asking that the revolutionists be recognized as belligerents.

It is generally understood that Great Britain and one other nation have indicated that they favor granting the request, even in advance of its presentation.

Washington, Aug. 14.—Minister Powell at Port au Prince, Hayti, cabled to the state department today that telegraphic communication between Port au Prince and Cap-Haitien had been cut. It is presumed that this is the work of revolutionists as they have been particularly active in severing lines of communication.

PREPARING FOR STRIKE

Chicago Carmen Making Arrangements to Quit Work In Event of Failure to Adjust Their Differences With Company.

Chicago, Aug. 14.—South Side street carmen took further steps last night to prepare for a strike in the event of failure to bring about an amicable adjustment of their differences with the company by the end of the week. At a special meeting of the men the executive board of the union was instructed to submit all grievances, with corroborative evidence, to the executive board of the Chicago

Federation of Labor at a joint meeting to be held Saturday. The employees of the North and West Side lines will take similar action at a meeting to be held tonight.

Upon the result of a conference to be held this afternoon between a committee of union street car men and the directors of the Union Traction company, it is said to depend in a large measure whether or not a strike will be called on the lines under its jurisdiction.

London, Aug. 14.—In a communication from Lisbon, dated Sunday, Aug. 10, the correspondent of the Daily Express says that May Yohé and Putnam Bradley Strong are living happily together at the Avenida hotel as Mr. and Mrs. Atkinson. In an interview with the correspondent, Strong said: "We are perfectly happy and intend to marry Sept. 25, when Miss Yohé's divorce of divorce has been made absolute. We will then travel, but we shall never return to America, nor will Miss Yohé return to the stage."

Strong denied that there had been any collusion between Miss Yohé and himself; that he had pawned the Smith sword of honor, or borrowed money from Miss Yohé, and that he was perfectly happy, and I hope our troubles are now ended."

Strong looks thinner than he used to, but he has recovered from his illness. The Express says Miss Yohé and Strong left Lisbon since the date of the above dispatch and were at Bordeaux, Aug. 12, from which point they started for Paris.

M'MILLAN LIES IN STATE

Body of the Late Senator Viewed at His Detroit Home By Thousands of His Former Friends and Acquaintances.

Detroit, Aug. 14.—Surrounded by beautiful flowers the body of Senator James McMillan, who died suddenly last Sunday morning, at Manchester, Mass., lies today in his home at No. 515 Jefferson avenue.

The Boston & Maine funeral car, in which the remains left Boston yesterday afternoon, arrived here at 7:45 o'clock this morning attached to the Michigan Central's Detroit and New York special. The members of the McMillan family occupied the private car of President Ledyard, of the Michigan Central, which was attached to the same train. As soon as the train was ferried across the river, these two cars were detached and drawn into the station by a special engine. Gathered at

the station were about 1600 city, county and federal officials and prominent citizens. As the hearse lifted the casket out of the car, two great bunches of American Beauty roses, Senator McMillan's favorite flowers, were placed on it. Through a double line of silent and mourning friends the hearse passed out of the station with the body of James McMillan. The casket and placed it in the hearse. The family had meanwhile taken carriage of the late Senator home. The escort of honor formed a double line ahead of the hearse, and slowly the body of James McMillan was taken to his former home.

This afternoon the body lay in state with an almost constant line of former friends and acquaintances slowly passing by for their last look on Michigan's senator. The flowers that have been sent to the McMillan house are magnificent.

ANOTHER TO COME

Chicago-Great Western Road to Run Excursion to Duluth.

Will Arrive Saturday, August 23, Over the Great Northern.

Will Draw From Northern Iowa and Southern Minnesota.

All previous records of excursions into Duluth are bound to be broken this season. The Chicago, Great Western Railway company, known as the "Maple Leaf Route," has fixed upon Duluth as a very desirable point to which to run a popular excursion, and arrangements have been completed whereby the company will run an excursion to this city Saturday, Aug. 23, over the Great Northern company's tracks from St. Paul.

The territory covered by this excursion will include all stations on the Great Western road south of St. Paul, in the state of Minnesota, and probably a large number of places in Northern Iowa. The people in that section of the country have been hearing a great deal about Duluth from the other Southern Minnesota and Iowa visitors that have been in the city on excursions on the other roads, and they have been desiring a low rate round trip fare to the head of the lakes.

L. D. Ritchie, Northern passenger agent of the Great Northern road, received notice of the excursion from St. Paul in this morning's mail. He says that it is bound to be a large one, considering the distance which the visitors will come, which is from 250 to 300 miles. The traveling passenger agents of the Great Western road are now working in the territory that will be reached, and reports sent in by them indicate that the excursion will be a very successful one. It has not yet been announced from St. Paul what rate will be made the excursionists, but Mr. Ritchie says that it is bound to be as low as any yet made from Northern Iowa.

The excursion will be run in two sections, leaving points in Northern Iowa and Southern Minnesota at a very early morning hour. The first section is scheduled to arrive in St. Paul Saturday morning at 9:45 o'clock and the second section about 10:30 o'clock. The first section will probably reach Duluth about 4 o'clock Saturday afternoon. The tickets will be good for a return on the night train of the Great Northern company.

The country reached by this excursion will be territory in which the people have had little opportunity to learn of Duluth, and for that reason it is all the more desirable that the visitors will be able to see the city, investigate its commerce and manufactures, for they will prove good advertising mediums for the city when they go back to their homes.

The territory reached by the Great Western excursion is not one in which the Duluth jobbing trade, if it is to be a success, will be able to do much. It is a section of the country that is largely agricultural, and it is believed that a visit of those people here at this time may do much to increase the movement.

It has been suggested that steps be taken by all those persons in the city interested in the development of the farm lands of the county and adjoining counties, to bring the advantages offered by cheap lands and good soil to the attention of the excursionists, and to interest them to make further inquiry.

The Commercial club of Duluth, following its custom, will take an active part in looking after the visitors, finding them accommodations and furnishing information usually desired by strangers coming to this city. It will, undoubtedly, be the first time that many of the people coming here will have had an opportunity of seeing so large a body of fresh water as Lake Superior, and numerous excursions on

A Noted Medical Specialist Speaks for the Benefit of Hot Weather Sufferers.

He Maintains That PAINE'S CELERY COMPOUND

Is a Banisher of Disease and a Restorer of Health.

A noted medical specialist—a physician possessing ample wealth—ready to acknowledge worth and merit, speaks of Paine's Celery Compound as follows:

"In summer time, when strength falls, when that tired, listless feeling is experienced from day to day, when the digestive organs are not doing their work properly, when constipation is poisoning the blood, when disease with iron hand takes possession of the body, Paine's Celery Compound will be found a marvelous banisher of disease and a true health restorer."

This strong statement should influence all weak, run down and half sick men and women during the hot August weather. This remarkable indorsement of Paine's Celery Compound should at once convince the suffering and diseased that Dr. Phelps' health remedy is what they need to restore perfect health. The thousands of lives fast wasting away can be saved and made happy and useful to families and friends. May heaven speedily convince the doubting and despondent, and direct them to that unfailing life giver—Paine's Celery Compound.

Dr. Lyon's TOOTH POWDER

AN ELEGANT TOILET LUXURY. Used by people of refinement for over a quarter of a century.

the lake and bay will be in order when the visitors arrive. The excursion trains will make no stop this side of St. Paul. Among the many towns that will be reached are, Mankato, Moline, Mason City, Freeborn, Halcyon, Iowa, and Winona, Rochester, Simpson, Spring Valley, Le Roy, Elkton, Lyle, Austin, Hayfield, Dodge Center, Renova, Eden, Mantorville, Kenyon, Dennison, Mankato, Worville, Fairbault, Northfield, Zumbrota, Red Wing, Empire, in Minnesota.

Many people residing at the head of the lakes have friends and relatives living in the territory reached by the Great Western's excursion, and an announcement of the excursion a week in advance will give an opportunity of inviting them to come here for a visit.

AID ASKED. Aerial Bridge Company Wants City to Take Bonds.

The city may be asked to certify to 75 per cent of the bonds of the Duluth Aerial Bridge company.

The contract for the bridge calls for a three months' test before it is accepted by the city.

Acceptance of the proposition to certify to the company's bonds would mean practical abrogation of the clause in the contract, the city's legal advisers say.

In order to have the bridge built as speedily as possible it is suggested that the city might back up the company in the way asked, providing a board of expert mechanical engineers should report that the structural work is perfect.

The bridge company consists of three men. They figured originally on making \$5,000 each out of the deal, but will now probably lose several thousand dollars each.

The plans for the bridge under which they expected to make a good profit were changed very materially by the city's insisting on more and heavier structural work. This cut the estimated profits considerably and on top of the trouble to the promoters the price of steel began to go up.

At present the company has its mammoth cement foundations in position, and it also has 300 tons of structural steel in Minneapolis almost ready for delivery here.

It is claimed that in its present financial tangle the building of the bridge will be delayed for several years unless the city is willing to practically take over \$75,000 of the company's bonds and be responsible therefor. This would leave but \$25,000 as a guarantee for the perfection of the work.

It has been suggested that the contract with the aerial company be rescinded and that a readvertisement of the project be made in such manner as to attract new bidders.

However, the city is not likely to do that. The aerial company's company gets in line with a direct offer.

PORT ARTHUR

Calling at late Royal. 35.00 ROUND TRIP \$35.00. Including meals and berth. Str. America leaves Duluth's dock 2 p. m. Friday.

AMERICANS KILLED In An Automobile Accident At Evreux, France.

Evreux, France, Aug. 14.—Mr. and Mrs. Charles Fair, Americans, who are related to Mrs. W. K. Vanderbilt, Jr., (Miss Virginia Fair) were returning to Paris from Evreux today, when their automobile swerved and crashed into a tree, fifteen miles from Paris. Both were killed. The chauffeur became insane as a consequence of the shock.

IN HIS GLORY. Corbin Will Display New American Uniforms.

Washington, Aug. 14.—Adj. Gen. and Mrs. Corbin left Washington today for New York to visit Mrs. Parsons. Gen. Corbin's daughter, prior to their departure for Germany, Gen. Corbin and members of their party, who will sail Saturday for Antwerp on the steamer Vaderland, will make a trip to Oyster Bay to pay their respects to President and Mrs. Roosevelt before their departure. An interesting feature of the trip is that the officers on all official occasions will wear the new uniform recently adopted for the service, including the olive drab uniform, designed for field service. This will be the first official display of these new uniforms as, so far as known, no other officers of the service have procured them.

SOCIAL DEMOCRATS File Candidates for Governor And Lieut.-Governor.

St. Paul, Aug. 14.—(Special to The Herald.)—The Social Democratic party today filed with the secretary of state certificates of nomination for J. E. Nash, of Robbinsdale, as a candidate for governor, and M. A. Bratland, of Ada, for lieutenant governor. The candidates were nominated at a convention held July 7. Chairman P. I. Brown of the convention stated that he would file a full list of candidates later.

WOMAN'S BILL PASSES. Sydney, N. S. W., Aug. 14.—The woman's franchise bill has passed both houses of the New South Wales legislature.

THOMAS ROCHER RESIGNS. Boston, Aug. 14.—Theodore T. Thomas, a score of years' service as superintendent of the Boston Telephone company in Boston, Thomas Rocher has resigned. He will be reappointed to succeed Mr. Rocher.

LAST ACT IN DRAMA

Of the Existence of the Son of Wealthy Parents.

Was Vender of Newspapers on Streets of Mattoon, Ill.

Formerly He Was School Teacher, Editor and Politician.

Mattoon, Ill., Aug. 14.—The life story of William H. Buchanan, a vendor of newspapers on the streets of this place, who died last week, is stranger than fiction.

He started life as a student for the ministry, pursued a good education, became, in turn, instructor in colleges, public school teacher, founder of a college, editor and politician.

Crying newspapers on the streets was the last act in the drama of his existence, which was terminated by stomach congestion caused by a lack of nutritious food.

Most of his strange career was known to the citizens of Mattoon who had seen many of the changes in his course, but the story of his early life and of his alienation from his family was not revealed until the scorned relatives came to Mattoon to take his body back to his old home at Buchanan Station, Ohio, for burial. He never mentioned his family or told where he had acquired the learning that astonished those who came in contact with him.

The ministry was selected by Buchanan's parents as his life calling, and he was sent to Danville, Ind., to prepare for it. After his graduation he announced to his father that he was not fitted for preaching and had decided to abandon it.

A stormy scene ensued, and, when it was over, Buchanan had gone from his home forever, and broken family ties that were never to be united in life.

The parting broke his devoted father's heart and death soon ended his grief.

Despite the trouble between them, the parent did not alter his will to punish his disobedient son. He left him an equal share, with five other children, in his estate.

But the fortune was never claimed, although it amounted to nearly \$10,000. Buchanan never forgave his father for what he said in their last interview and would not have the money.

When the break with his parents came he had some funds, and he entered a college to take a post-graduate course in education. He prepared himself for teaching. After he had graduated he taught for many years in Illinois and Indiana, and then came to Mattoon.

He seemed to have worn out his ambition and to have become discouraged by the fact that, though he had traveled all ways in life, he had settled in none.

Conservative Action Is Being Taken By International Union.

Cincinnati, Aug. 14.—The fight between the American Federation of Labor and the American Union was brought before the convention of the International Typographical union today by a letter to President Lynch from C. L. Sholdice of the Laundry Workers' union, at Denver. Sholdice wanted the printers to restrict their membership strictly to printers, and not include printers who are also members of Machinists' union or other unions.

The proposition was voted down, as was also a proposition to exclude married women from membership in Typographical unions.

A proposition was discussed at length that the practice of foremen of selecting their forces from day to day, or not having any regular situation, be prohibited. It was regarded as doing away with the phalanx system, and was finally adopted for reconstruction.

A proposition was made a law providing that a strike or lockout be declared only by a majority vote of the union in advance, while a three-fourths vote is necessary to declare a strike or lockout.

President Lynch concurred with those who held that a majority should be required in ending a fight. After a long discussion no change was made in the law for foremen to observe priority of giving positions. The matter was left to local unions for enforcement.

Washington was selected as the place for the next convention.

Knox Hats—Fall Styles. Opening day tomorrow. M. S. BURROWS.

VAN SANT WIRES An Invitation to the Philippine War Veterans.

St. Paul, Aug. 14.—(Special to The Herald.)—Governor Van Sant wired the Philippine war veterans in session at Council Bluffs a cordial invitation to hold their next annual meeting in St. Paul. In his message he said: "The people of Minnesota honor you and your comrades for your splendid services and are proud of your achievements. You will receive a cordial welcome."

EXPLOSION Of Gasoline Causes Fatal Burns to Chinaman.

Pittsburg, Aug. 14.—A gasoline explosion in a Chinese laundry on Frankstown avenue, East End, today caused a fire in which two persons were burned, one fatally, and three houses were destroyed. The injured: Wing Lee, a Chinaman, burned from head to foot; Willie Field, a workman, seriously burned while trying to rescue Wing Lee.

The Chinaman was cleaning a suit of clothes with gasoline when it exploded, scattering the burning vapor over him and setting fire to the house.

NEW GOLD FIELDS. Johannesburg, Aug. 14.—Considerable excitement has been created here by the discovery of a new gold reef, which is said to traverse a large extent of territory. Local geologists think the strike is a continuation of the Witwatersrand main series, but the discovery of new gold fields that will be the equal in size of the Witwatersrand.

FORMER SHERIFF SUICIDES. Williamsburg, Ky., Aug. 14.—Ex-Sheriff James L. Sutton committed suicide last night by jumping from the county bridge into the Cumberland river. Sutton had had stacks of insanity for some time. The fact that his wife had sued for divorce is supposed to have been the immediate cause.

DEPILATION IN SWEDEN. Stockholm, Aug. 14.—An investigation of the department of one of the principal officials of the state treasury named Torgberg, who was killed in an accident in June, reveals a serious depilation. Three checks respectively of 3,000, 5,000 and 9,000 crowns (3,000, \$1,500 and \$2,250) were raised by Torgberg to 30,000, 50,000 and 90,000 crowns and were cashed by him at the state bank. It is supposed he had lost heavily in house speculations.

KING TO VISIT IRELAND. Liverpool, Aug. 14.—According to the Daily Post, King Edward has promised the chief secretary for Ireland, Mr. Reginald McKenna, to visit Cork and Belfast in February at the latest, possibly in November.

HIGH CLASS LADIES' TAILORING. Latest and most up-to-date styles, finest workmanship. New patterns just opened. S. GOLDBERG, London, Paris, Ladies' Tailor. 15 Phoenix Block.

CANDIDATES AT THE PRIMARY ELECTION.

For Auditor.

ODIN HALDEN.—The present county auditor, announces that he is a candidate for re-nomination at the hands of the Republican voters of St. Louis county at the primary election to be held Sept. 16. During his services as county auditor he has made a record as a careful, conservative and reliable official, one who has done what he thought to be right without fear or favor, and in asking the voters to support him at the primary election he rests his claims for support upon that record.

For Register of Deeds.

L. M. JOHNSON is a candidate for Register of Deeds. He is a member of the Typographical union, and is prominent in the West End of the city. He is a Swedish-American, and if nominated will bring strength to the ticket.

For State Senator Fifty-First District.

SENATOR F. B. DAUGHERTY announces that he is a candidate for re-nomination upon the Republican ticket for state senator in the Fifty-first district, which includes the First, Second and Fourth wards of Duluth, the townships of Morse, S. Louis and Duluth, the city of Ely and Lake and Cook counties. He has represented this section of the state once before, for the term that is now expiring, and both times he has served with distinction, and has been directly responsible for the passage of many measures of great benefit to this district and its people.

His efforts in the legislature have been for the good of all classes of his constituents, and he has been able to materially help the interests of business and labor many times. In considering this matter, the attention of the voters is invited to his record as citizen and legislator.

County Superintendent of Schools.

BERT N. WHEELER, of Oneota, wishes the support of the Republicans for the nomination of superintendent of schools in St. Louis county.

ANDREW T. PARK is a candidate for a second term as superintendent of schools of St. Louis county. Superintendent Park has filled his office one term, and his thorough knowledge of the present needs of the school make him the logical candidate.

He points to his career as superintendent and as a Republican as the reason for his asking your support on Sept. 16th.

For Sheriff.

JOHN T. ARMISTEAD desires to be sheriff of St. Louis county and is a candidate for the Republican nomination at the coming primary election. He respectfully solicits the favor of voters on the ground that he is and always has been a law-abiding citizen.

has been a consistent Republican and a successful business man of the city of Duluth.

State Senator, Fifty-First District.

HON. GEORGE R. LAYBURN is a candidate for the Republican nomination for state senator from the Fifty-first district, which he has ably served three terms as representative. His work and standing in the legislature reflect credit upon himself and his constituents, and his nomination as state senator will be only a well deserved promotion. Vote for him on Sept. 16th.

MAY TRAMPER FIGHT. Louisville, Aug. 14.—Robert Gray, manager of the Southern Athletic club, left for New York last night, in response to a request of Sam Harris acting, it is said, for the nomination of Gray for the fight between McGovern and Young Corbett. It is understood here that the purpose of the conference in New York is to try to get the fight between McGovern and Corbett to Louisville, the attitude of Connecticut being antagonistic to the proposed meeting.

BOSTON IN COMMISSION. Valparaiso, Cal., Aug. 14.—The cruiser Boston has been recommended after undergoing extensive repairs.

CRITICAL IN INDIA. Bombay, Aug. 14.—The agricultural situation in the whole of the Bombay presidency is extremely critical. The rainfall has been so deficient that young crops are withering and unless there should be abundant rain before the autumn harvest will fall over a wide area. The cotton crop, which is the mainstay of the province, is in a very precarious position. The monsoon on the progress of the monsoon in the next few days will be of great importance.

RAILROAD RUMBLES

R. P. Ober of Northern Pacific Discusses the Year's Fruit Crops.

Work of Completing Rice's Point Yards Being Rushed.

Harvest Hands Beginning to Return From the West.

R. P. Ober, who is in charge of the perishable freight department of the entire Northern Pacific system, was a business caller in the city yesterday. Mr. Ober came here to meet with the local officials of the road and talk over the matter of fruit shipments with the local commission men. He is always a welcome visitor among the commission men, for it is under his direction solely that the California and Western fruit is delivered to the wholesalers. The work of his department is both important and immense. Mr. Ober is in very close touch with the fruit shippers in all the territory reached by the Northern Pacific road. The big shipments of fruit are turned over to him to be diverted en route as he deems best. He is, therefore, thoroughly posted as to conditions in the fruit market, and in the course of his business watches the varying demand and supply very closely. In fact, it is claimed that there are few men in the country that are better posted on the fruit market than Mr. Ober.

"The prune crop in the West," said Mr. Ober yesterday afternoon, "will be a very large one, but it will come much later in the season than usual. For this reason it is safe to predict that the price of prunes will be cheaper this year than last."

"There will be a bumper crop of apples all over the country in the apple raising states this season. This may be regarded as a somewhat unusual condition, for, as a rule, when one state has a big apple crop, some of the other states will have a smaller crop. This year New York, Michigan, Missouri and other states will put out the largest apple crop that they have in years past. Apples will be far cheaper the coming winter than they were last year, when there was a shortage in the crop. Predictions are freely made that apples will be selling for \$2 and \$2.50 per barrel this winter, compared with \$5 and even \$6 last winter. "The Western shipments of fruit to Northwestern and the Eastern markets have been unprecedented this season. The increase in the refrigerator car trade has been something enormous."

COMPLETING THE YARDS.
Northern Pacific Rushing Work on Rice's Point.

The network of new tracks for the Northern Pacific company's new yards on Rice's Point is spreading out rapidly under the work of a large crew of men. The company is putting every available man on the work, with a view of getting the trackwork ready for the rush when the grain begins to come in. Today the rails are being laid for a track under the viaduct around the elevators on the bay front. Two of the old tracks have been left at the foot of the Garfield avenue viaduct, but these would be wholly inadequate to handle the increased traffic of the company's wheat trade. There were formerly four or five tracks across the avenue, but the remainder were removed when the lower approach to the viaduct was built. The new trackwork in connection with the round house ready large yards at South Superior will give the Northern Pacific company ample yard room for the handling of its grain trains this fall.

The upper end of the grain sewer that the Northern Pacific company has been constructing alongside its track between Garfield avenue and the foot of Twentieth avenue west has progressed so far that little remains to be done before the sewer begins to discharge into the old National iron works at the head of Garfield avenue. The sewer belongs to the railroad company and is a large one for a private sewer.

ARE COMING BACK.
Some Harvest Hands Returning From the West.

There are practically no more sales of tickets to the Western harvest fields, in fact the return movement has already set in. There is scarcely a day that passes without the return to the head of the lakes of from five to a dozen of the men that went out to North Dakota to work in the harvest fields. The most common claim that their return is not due to any failure of crops, but they say that at many of the places they visited there were from two to three men for every job, and rather than starve they came back to get work again on contract jobs in this part of the country.

It is alleged that the Western farmers have followed out their old tactics of sending out all over the Northwest big demands for men with the view of flooding the labor market and keeping wages at a lower figure than they would be were there a scarcity of labor. The railroad contractors who have been in urgent need of men, are beginning to breathe easier, and the railroad construction work in this section will be pushed on faster toward completion.

TRYING TO SETTLE IT.
Efforts to Adjust Superior Great Northern Strike.

The city authorities of West Superior are bringing influences to bear to provide for a settlement between the striking machinists' helpers on the Great Northern road at West Superior, and the company, through arbitration. Mayor O'Hare has been authorized by the council to appoint an arbitration committee of four to confer with the

Great Northern officials and the strikers. There is a belief expressed that if an understanding of the situation can be brought about between the two sides a satisfactory settlement can be had. A few days ago it was claimed that the strikers had an indirect offer from the company of \$1.65 per day, an advance of 15 cents, but that the men would not consider it, their demand being \$2 per day.

STILL OBJECTING.
Removal of Railroad Men to Allouez Unpopular.

Objection is said to be growing stronger among the trainmen of the Great Northern road who are handling the company's ore business because of the establishment of the headquarters of the train crews at Allouez bay. A demand is being made this year by the crews for a lay over at each end of the route, which makes some difference to the railroad company, as it now requires thirty-six instead of twenty-four hours for a crew to make a trip. All of the train crews and their families formerly lived in West Superior, and when sent out to the ranges preferred to work twenty-four hours and get back home rather than lay over at the mines. Since they have moved out to Allouez they take advantage of a lay over at both ends of the ore road. This requires a third more men for the operation of the ore trains than formerly.

The Great Northern company has about forty crews of five men each in the ore trade, the majority of them being married men, some owning their own homes in the West End of the city. Their removal to Allouez has said to have been quite a loss to the merchants of the West End, and there is talk that the mercantile interests will take the matter up with the railroad officials. Railroad men do not anticipate that any action the merchants might take will affect the plans already outlined by the company in establishing and keeping its headquarters at Allouez.

Railroad Notes.
The Great Northern company has increased its facilities for log handling at Crookston. The company has connected the unloading dock of the Crookston Lumber company with its line to Duluth, and four cars of logs may be unloaded without breaking up a train.

W. W. Walker, engineer in charge of the Great Northern company's mining operations on the range, was in the city today on his way back to the range.

BOY CHUMS
Are to Wed Twin Sisters in St. Louis This Month.

Louisville, Aug. 14.—Two young men who have been close friends since they were children will marry twin sisters of St. Louis on Aug. 29. It will be a double wedding. After the ceremony they will take an Eastern trip together and on their return will occupy the same house.

More than twenty years ago Irvine E. Rummage and Joseph Bronnert, two boys, lived here. Before they were five years old they were constantly together, and kept pace with one another. As they approached manhood the subject of marriage was discussed and they agreed that they would never allow any woman to break the close relations. They decided to wait until they found two girls who were chums or sisters.

About four years ago the two young men first met for the first time. Rummage enlisted in the army and was assigned to a Western station. Bronnert resided in Louisville, following his trade of photographer. Before parting each promised to keep his eyes open for the two girls who would fill all requirements.

As his regiment was passing through St. Louis Rummage met Miss Amy Spillman.

It was a case of love at first sight and Rummage wrote to his friend in Louisville that he met the girl whom he desired to marry. He also wrote that Miss Spillman had a twin sister, Belle, and inclosed a letter introducing Bronnert to Miss Spillman. Bronnert at once began a correspondence with her, and Rummage from his station in the West corresponded with Miss Amy. Three months ago Rummage was transferred to St. Louis. He telegraphed to his chum to meet him there. Together they visited the two sisters and together they proposed and were accepted.

They at once decided to have a double wedding and to live together as one family all their lives.

AN OLD LAND MARK.
Building at Port Arthur Brought From Ashland.

Port Arthur, Ont., Aug. 14.—There is being demolished at the corner of South Water and Lorne streets, a building which saw its birthplace, so to speak, in Ashland, Wis. The building is now the property of G. T. Marks. When the late George H. Kennedy came to Port Arthur in 1875, he brought the building, a frame affair, with him. It was in "knock down shape" that is all the various pieces of board and timber had been cut out of the building ready to be put in place. The windows and doors, sash and frames, were all ready to take their respective places. The ready-made building was erected by the corner of Park and Water streets, where Bouquet's restaurant is now located. Mr. Kennedy entered upon a successful career as a hardware merchant and amassed a comfortable fortune here in the next few years. In the eighties they moved back to Ashland, where Mr. Kennedy died, and where Mrs. Kennedy and her children now reside.

GOLF IS UNDOING.
Naval Officer Neglects Duties and Ordered to Sea.

Washington, Aug. 14.—The fascinations of golf have proved the undoing of a naval officer who was practically certain of a good long stay ashore when the game got its hold on him. This officer is assigned to inspection duty under one of the naval bureaus, and the navy department has recommended to the act that the officer be too much interested in golf to give enough attention to his official duties.

MILLIONS ARE SUNK

By Flooding of Mines In the Anthracite Region.

Shafts Have Filled With Water During the Strike.

Cost of Pumping Out Would Exceed Their Value.

Wilkesbarre, Pa., Aug. 14.—As nearly as can be at present learned, mines in the anthracite region will be abandoned entirely, owing to the great damage done by flooding with water and the falling of earth from the roof. The loss will amount to \$5,000,000.

It is possible this list will be considerably increased, because it cannot be told now just what the condition of some of the mines is. The abandonment is due to the fact that since the strike began the companies have been unable to keep them clear of water, and they have gradually filled until now the expense of pumping them out and getting them in shape for work would be greater than the profit on the coal left in them.

Conservative estimates place the loss of the mines at over \$5,000,000, while the cost of clearing the great number which are badly damaged will be twice that sum. Already the loss to operators by unmined coal at the northern price is \$2,000,000 and the immense sum of \$40,000,000 will hardly cover their aggregate losses and expenses for the thirteen weeks of the strike which ended today.

Inspectors of various districts estimate that it will take from one to four months to get most of the mines in shape for working, and as there are 37 collieries the immense expenditure, mostly for clearing up the workings, is difficult to estimate. The mines which are to be abandoned are chiefly the oldest in the region and those which have been most worked. The loss to each of the strata is well worked out, so that there is an enormous amount of room for the water to gather.

The deeper the mine the greater the amount of water that flows into and the greater the cost of operations, both in clearing the mine and mining the coal. That is the reason most of the mines to be abandoned are in the Schuylkill district, where the operations are at a greater depth than anywhere else in the coal fields. The deepest is 700 feet down.

In the Lackawanna and Lackawanna region, where many of the mines are at a higher elevation than those in the Schuylkill district, the flooding has not been so great, and it is easier to keep them in condition, but where the operators have been unable to fill the places of the striking engineers, firemen and pumpmen, the losses are very great, and it will be months after the strike is over before some of the collieries are in condition to operate.

In the Scranton district they are in somewhat better shape. But the greatest loss will be in the Schuylkill district. The seven mines whose names can now be had represent, in the opinion of experts, only about one-third of the mines which will be abandoned, some perhaps only for a few years, but most of them permanently.

The whole number of men affected will be about 10,000, and many small mining villages will be deserted, so that there is to be added to the mining loss a property loss which cannot be estimated now.

The companies are not admitting that their mines will not reopen, because they desire to keep all the hands they can ready to resume work when the strike is over. So many have gone West that it is anticipated there will be more places than there are men when the strike ends. Nevertheless, the matter and know about the conditions of all the mines.

It is noticeable that the men formerly employed at those mines which are to be abandoned are moving from the region or searching for other work. The loss of a great number of men of Philadelphia and Reading Coal company will not seriously decrease the output of that company, as the great tract of virgin coal in parts of the Schuylkill region which will now, it is expected, be mined.

\$142,500.00

WILL BE GIVEN AWAY IN JAN. 1903

TO SMOKERS OF THE

BEST AND LARGEST SELLING BRANDS OF CIGARS IN THE WORLD!

CUBANOLA 5¢ GREMO 5¢
FLORODORA 3 for 10¢
FONTELLA 5¢
BENEFACTOR 5¢ JACKSON SQUARE 5¢

HOW MANY CIGARS

will the United States collect Taxes on during the Month of December, 1902?
(\$142,500.00 will be given in January, 1903, to the persons whose estimates are nearest to the number of cigars on which \$3.00 tax per thousand is paid during the month of December, 1902, as shown by the total sales of stamps made by the United States Internal Revenue Department during December, 1902.)

Distribution will be made as follows:

To the.....(1) person estimating the closest.....	\$5,000.00 in cash
To the.....5 persons whose estimates are next closest.....	5,000.00 "
To the.....10 persons whose estimates are next closest.....	5,000.00 "
To the.....15 persons whose estimates are next closest.....	5,000.00 "
To the.....20 persons whose estimates are next closest.....	5,000.00 "
To the.....25 persons whose estimates are next closest.....	2,500.00 "
To the.....30 persons whose estimates are next closest.....	2,500.00 "
To the.....100 persons whose estimates are next closest.....	2,500.00 "
To the.....3,000 persons whose estimates are next closest.....	20,000.00 "
To the.....30,000 persons whose estimates are next closest.....	15,000.00 "
To each one box of 50 "Cremo" Cigars (value \$2.50 per box).....	75,000.00
35,213 persons.....	\$142,500.00

Every 100 bands from above named cigars will entitle you to four estimates.

(One "Florodora" band counting as two bands from the 5 cent cigars mentioned, and no less than 100 bands will be received at any one time for estimates.)

Information which may be of value in making estimates—the number of Cigars now bearing \$3.00 Tax per thousand, for which Stamps were purchased, appears below:

In December, 1900, 467,092,203 Cigars.	In March, 1902, 516,590,027 Cigars.
" December, 1901, 470,312,170 "	" April, 1902, 516,835,163 "
" January, 1902, 496,983,717 "	" May, 1902, 623,035,907 "
" February, 1902, 445,495,453 "	

In case of a tie in estimates, the amount offered will be divided equally among those entitled to it. Distribution of the awards will be made as soon after January 1st, 1903 as the figures are obtainable from the Internal Revenue Department of the United States for December.

Write your full name and Post Office Address plainly on packages containing bands. The Postage, or Express charges on your package must be fully prepaid, in order for your estimate to participate.

All estimates under this offer must be forwarded before December 1st, 1902, to the FLORODORA TAG COMPANY, Jersey City, N. J.

You do not lose the value of your bands. Receipts will be sent you for your bands, and these receipts will be just as good as the bands themselves in securing Presents. One band from "Florodora," or two bands from any of the other Cigars mentioned above, will count in securing Presents the same as one tag from "Star," "Horse Shoe," "Spear Head," "Standard Navy," "Old Peach and Honey," "J. T.," "Master Workman," "Piper Hildesack," "Jolly Tar," "Boot Jack," "Old Honesty," "Razor," or "Planet" Tobacco; or one "Sweet Caporal" Cigarette Box Front.

Send each estimate on a separate piece of paper, with your name and address plainly written on each. Blank forms for estimates will be mailed upon application.

Illustrated Catalogue of Presents for 1903 and 1904 will be ready for distribution about October 1st, 1902, and will be mailed on receipt of ten cents, or ten tobacco tags, or twenty cigar bands.

BRIEF TELEGRAMS.

A cloudburst north of Davenport City, cut that city off from the country and raised the Mississippi a foot. Three inches of rain fell in a few minutes.

According to an Omaha paper, the Omaha Street Railway company stock, aggregating \$400,000, has been sold in a lump to a New York syndicate, headed by the firm of J. & W. Seligman & Co.

The price paid is 92 cents on the dollar of the total capitalization of the company.

The general strike of the structural iron workers throughout the country has been declared off, the American Bridge company having granted the demands of the Philadelphia strikers.

Governor Henry T. Gage, of California, was placed under arrest by a detective of San Francisco, who served on him a warrant charging him with criminal libel.

The warrant having been sworn to by the proprietor of the San Francisco Call. The governor was immediately afterwards released on a writ of habeas corpus.

Peter Power, who is wanted in New York, in the Northern Pacific suit, and who has been in Montreal for some time, is being advised by a prominent Montreal lawyer, who claims that arrangements are being made by which Power can re-

turn to New York and that a compromise in the case is likely.

Baltimore was chosen as the place of meeting of the grain lodge of Elks for 1902. Saratoga Springs, withdrew. The Seattle, Wash., delegation received the first prize for the finest flag and Helena, Mont., the first prize for the handseme banner. The Third Regiment band of San Francisco took the first prize for the best marching band in the procession.

NEWS OF THE LAKES

Longshoremen at Ash- tabula Will Not Assist Striking Tugmen.

**Permission to Engage In
a Sympathetic Strike
Refused.**

Decision Is Likely to Have Far Reaching Effect.

Detroit, Aug. 14.—(Special to the Herald.)—The contract of the "longshoremen at Ashtabula with the Lake Carriers' association will be carried out, notwithstanding the desires of the unions there to engage in a sympathetic strike to add to the tugmen. Secretary Barter, of the Marine Transport Workers' association, said last night that permission had been refused to the local unions at Ashtabula to join in any sympathetic strike. Mr. Barter said the tugmen were not yet in a position to make a decision that, if members of the action could be taken, a decision of the longshoremen not to allow sympathetic strikes in aid of the tugmen's cause will have a far-reaching effect on the maritime industry.

NEW HARBOR CHART.
A new chart, in colors, of Marquette and Presque Isle Harbors, Michigan, has just been issued and is now on sale at the United States survey office, 33 Campan building, Detroit, Mich., at 15 cents per copy.

GRAIN RATES STEADY.
Chicago, Aug. 14.—(Special to The Herald.)—Grain here held steady at 1½ cents for corn to Buffalo and 1½ cents for wheat to Midland. The supply of oats, even at the recent advances, remains limited, and the prices of kernels of corn, as well as of coal, being not being attractive to vessel men at any prices thus far paid on grain.

AN ADDITIONAL CREW.
Fireman employed on the large steam-

instead of two as has been the custom. The men at the docks have not yet made known the demands and in many cases are not receiving what they ask for. A report from Buffalo says that the Steel corporation boats have agreed to employ the extra men. There have been three crews of men of the boats for some time but officials of the company state this afternoon that they had heard of no new demand.

A number of boats hauling from Buffalo have granted the demand of the men to avoid trouble.

ADDITIONAL FORECAST.

The following additional weather forecast was received here this afternoon: "For the upper lake region—Fresh north winds, light to moderate, with showers or drizzle over Michigan and Superior Friday."

Herald.)—John J. Boobar, of St. Cloud,
arrived from Washington this morning
and will go to St. Cloud, where he will
open the headquarters of C. B. Buck
man, candidate for congress.

DUKE REMAINS AT HOME.
London, Aug. 14.—The announcer
made yesterday that the Duke of
Marlborough had sailed for New York

ampton to say goodbye to the duchess who salled with her mother, Mrs. O. P. Belmont and Mr. Belmont, and then returned to Blenheim.

BULLET PROOF VEST.
Bloomington, Ill., Aug. 14.—The session of the Police Chiefs and Sheriff's association of Illinois, was marked to day by a test of a bullet proof vest.

Phil Holland, the editor of the Chicago Detective, allowed a revolver to be fired at him. The bullets did not penetrate the garment.

DUMAS THE ELDER.

Dumas himself is more interesting than his novels, being, as it were, a fiction founded upon fact, or a fact that serves as the foundation of a legend, says the Critic. He swaggered through life like a Porθος of the period; and his career exhibits all the magic of romance, rounded off by the pathos of the real.

He was an inmemorable phrase, said that he was not a man, but one of the forces of nature; and there certainly was much in his manner of life that suggested a flood, an eruption or an earthquake. But an alternative metaphor would be

Fred Starring was in a bad way.

Though successful in business, clean-

hearted and quite good-looking and well-

dressed besides, he was in a bad way.

He was afraid of girls, and Neil Bouche, who had

turned his head and filled his heart so

full that business had to take the corners

of it, was the merriest, funkiest and

most mischievous of all the girls in

Thornton. She had no mercy for boys,

she made criminals and she made

work of the veteran boxer, who liked to

dance about a spruce girl, she would

take her choice of the unmarried young

men, and she would take them as they

came, and she would take them as they

came, and she would take them as they

came, and she would take them as they

came, and she would take them as they

came, and she would take them as they

came, and she would take them as they

A LIFTER CAUGHT

Mrs. Ella Wittick Arrested In Pantons & White Store.

Endeavoring to Carry Off Considerable Portion of Store.

A Clever Worker Tucking Goods Under a Light Wrap.

While attempting to acquire a three-fourths interest in the big department store of Pantons & White this morning, Mrs. Ella Wittick was arrested.

She made the mistake of trying to put a big stock of dry goods into a rather ordinary-sized hat box while several clerks and Mr. Pantons were watching her.

Mrs. Wittick is a tall, slender woman. She entered the store shortly after noon with a 3-year-old boy. Purchasing a pair of shoes and some dry goods, she told a cash boy that she would like something to carry her packages in, and asked him to get the largest hat box she could find.

Securing the box, she walked directly to the floor department at the main entrance and asked the clerk in charge if she could leave the box there while she went to the various departments of the store making purchases.

Soon afterward she returned from the basement with three pieces of bric-a-brac and put them in the box at the door. She then returned to the store and she again appeared at the box with a bolt of silk. The next contribution to the box was a telephone.

Officer George Dreeman was sent to the store to see if a telephone message to police headquarters, and he took the shoplifter and her booty in charge.

At the station the woman said she was Bertha Wilmington, of Herman, Minn., and she claimed that her husband, John Wilmington, was working out in Dakota. She said she had two other small children at home, and stole from poverty.

Chief Trotter found a bank book in her possession, made out to Louis Wittick, and having a balance of \$70 in the credit column. She admitted that she was Mrs. Wittick, living at 2412 West Tenth street, and her husband is well known in Duluth, and in Dakota, was a railroad laborer.

WILL HE ACCEDE?

Politicians Greatly Excited Over the Morris Movement.

Opinions Divided as to Whether He Will Reconsider.

Edson's Withdrawal Said to Be Necessary In That Event.

The evident movement that is on, in view of the more favorable turn his fortunes have taken, when Congressman Morris was a candidate for congress this year, is the exciting topic among politicians now and there is much anxiety upon the subject.

Options are divided as to the possibility of success attending the labors of those who will endeavor to persuade Morris to reconsider.

On the other hand those who want to see him run say that Washington life is not so pleasant as it seems to be.

The suggestion that Senators Clapp and Nelson are laboring with Mr. Morris on the fishing trip upon which they now are, is not so much a rumor as it is a fact.

One thing that is very generally agreed upon is that Mr. Morris would not enter the race unless Judge Edson could be induced to take considerable money to get out of the city now, but his friends do not think he will do this.

Chief Trotter found a bank book in her possession, made out to Louis Wittick, and having a balance of \$70 in the credit column. She admitted that she was Mrs. Wittick, living at 2412 West Tenth street, and her husband is well known in Duluth, and in Dakota, was a railroad laborer.

EVIDENCE OF STERN

In Power Case Would Make Attorney Lamb a Prevaricator.

The Captain Explains His Relations With Mr. Weidenfeld.

Northern Pacific Shares Were Always In His Possession.

New York, Aug. 14.—Walter Contant, the stock brokerage firm of S. H. Contant & Co., was the witness called today at the Power-Northern Pacific hearing. Mr. Contant declined, unless ordered by the court, to produce the books of the firm or sworn copies of the articles relating to the business relations of Captain Stern and Mr. Contant.

Capt. Stern described himself as a consulting engineer. He had desk room in the office of H. Contant & Co., but had no further business connection with that firm. He had known Mr. Weidenfeld in a casual manner for some years and had spoken with him. Mr. Contant knew both Mr. Lamb and Peter Power and had spoken with them. Mr. Contant knew both Mr. Lamb and Peter Power and had spoken with them.

Witness said Mr. Weidenfeld told him that Lamb had gone to Minnesota to see the state authorities, whom it was expected would assist them in preventing the merger. That if this aid was obtained, the situation, he would contribute to the situation, he would contribute to the situation, he would contribute to the situation.

Witness said Mr. Weidenfeld told him that Lamb had gone to Minnesota to see the state authorities, whom it was expected would assist them in preventing the merger. That if this aid was obtained, the situation, he would contribute to the situation, he would contribute to the situation, he would contribute to the situation.

STRAW HATS MUST GO.

Your choice of our entire line of \$2.00, \$3.00, \$4.00 and \$5.00 straw hats tomorrow for **50c**

**The ARIZONA SOFT HAT.**

The season's newest idea in all the new fall colors; hat store prices \$3.00 and \$3.50; here tomorrow for **\$1.90**

Burrows August Clearance Sale!

We're not studying the sales reports now. We're after clearance at any cost. Clearance is a merchandise policy of ours that's plainly too progressive for other stores to comprehend. It's not wholly unselfish, because it helps us to keep up our stock standard—one of the foundations of leadership. Neither is it wholly selfish. In striving to accomplish the end we pay liberal tribute in absolute and deep reductions. Rather are The Burrows August Clearance Sales mutually beneficial. They are so recognized—so appreciated—so patronized.

Startling reductions in boys' clothing.

Parents should take advantage of these prices to dress the children up for school.

Boys' \$4.50 knee pant suits, now **\$2.45**

Boys' \$4 manly vestee suits, now **\$1.98**

Boys' sailor suits, formerly \$4, at **\$1.98**

Boys' Suits, formerly \$8.50, now **\$5.95**

Boys' Suits, formerly \$12.50, now **\$6.48**

Russian Blouse Suits at **HALF PRICE!**

Pants Clearance tomorrow.

Men's Pants, worth up to \$8 at **\$4.44**

Men's Pants, worth up to \$5 at **\$3.33**

Men's Pants, worth up to \$4 at **\$2.22**

One-fourth off on all boys' and girls' tan shoes. Broken lines ladies' & gentlemen's \$2.50 and \$3 shoes, \$2. Ladies' and gentlemen's oxfords at one-fifth off.

**The suit sales continue tomorrow.**

Just exactly as good choice this week as there was even the first day of last week. We don't make these clearance offerings of slim assortments nor of certain styles. The variety is always large because the stock is always varied.

Choice of Men's Suits that have sold up to \$25 for **\$14.55**

Every one of the suits in this collection is a Stein-Block Co., or Burrows Form Fitting Suit; and the choice includes fancy and mixed effects that have constituted our exclusive showing—the most popular showing we've ever made. They are the \$20, \$22.50 and \$25 grades.

Choice of Men's Suits that have sold up to \$16 for **\$9.55**

Every lot among the Fancy and Mixed Cheviots, Cassimeres and Worsteds that is in the least depleted in sizes has been turned over for clearance sacrifice. Single and double breasted sacks, worth their regular marking, but this isn't a time for us to consider values. So they are \$9.55.

Choice of Men's Suits worth up to \$12 for **\$5.55**

These are ideal summer suits, in single and double breasted sacks; in light, medium and dark effects; every suit union made and well worth the original prices, but we have too many and cut the price more than half.

Opening Sale—Fall Overcoats.
Choice of our entire stock carried over from last season—elegant garments—perfectly tailored—\$15, \$18 and \$20 values for **\$10.00**

RAILROAD RUMBLES

Activity In Construction Work Is Quite Marked at Present.

Scarcity of Steel Rails Is Hindering Some Work.

Miss Burnham's Railroad Posters Making a Big Hit.

There is said to be rather more activity manifest in railroad construction work in the Northwest at the present time than for some time. It cannot be said, however, that there is as much work under progress now as shortly after the opening of the season, for the reason that a great deal of the spur track work on the iron ranges has been finished and the contractors have either turned their attention to other jobs or have moved their equipment to other points.

One of the setbacks to railroad work a week or ten days ago was the great scarcity of men, it being next to impossible to hold the men to the work after the harvesting season in the western part of this state and in the Dakotas. Contractors are not now having so much trouble to get men as they are coming back from the West in large numbers.

Winston Bros., of Minneapolis, who were building the Black River Falls extension for the Northwestern road, have again resumed operations and are sending men to the work from this city almost daily. The contractors have closed down construction work on the track over a month ago, since which time a number of bridges have been built. The firm will crowd its work from now on to the freeze up. There are said to be more men employed in railroad construction immediately around the head of the lakes than for a term of years past. This is accounted for by the fact that the Northern Pacific company is making large improvements, and the other lines are doing more than the usual amount of repairs on tracks and roadbeds. Locally the wages run about \$1.75 per day, but the outside railroad contractors are paying \$2.

The scarcity of steel rails has been a great hindrance to track-laying this summer, and there are several pieces of work that would be much further advanced had the steel been available.

POSTERS MAKE A HIT.

Miss Burnham's Railroad Advertising In Big Demand.

Miss Annie Burnham, of Chicago formerly of this city, has created quite a furore in the East with her "Summer Girl" drawings for the Chicago & Erie Railway company. The designs were quite large and were for the purpose of advertising the road. So popular did the posters become that the management of the road was besieged with letters asking for the artist. The pictures are in great demand and cannot be printed fast enough to supply it. Miss Burnham has received a number of flattering offers from the Eastern roads, but it is not known that she has accepted any of them. She will visit in Duluth next week.

Out of Effect Aug. 20.

The harvest rates on both the Great Northern and Northern Pacific roads will go out of effect next Wednesday, Aug. 20, and the contractors of the Northwest will at that time breathe a sigh of relief. The local passenger and ticket agents say, however, that there has not been so large a rush of men from the head of the lake region to the Western wheat fields this year.

Railroad Notes.

The Great Northern, it is reported, will build a connecting line from its main line at Kallispell and Jocko, on the Northern Pacific. This gives the two lines four connections between the extreme Eastern and Western terminals.

The Northern Pacific has abandoned the order of more 75-pound rails, and has adopted the 85-pound rail as its standard. More than 40,000 tons of the latter, aggregating 300 miles track, have been ordered of Eastern rail makers for spring delivery. Portions of the main line will be relaid with the new steel.

President W. H. Cook, of the Duluth, Virginia & Rainy River road, returned this morning from a trip to Chicago.

F. D. Babcock, of the Great Northern's auditing department at St. Paul, was a visitor in the city today.

William Owen, Jr., traveling passenger agent of the Chicago & Alton road came up from Chicago this morning to call on the local traffic men.

W. G. Ulrich has been appointed by General Agent George M. Smith of the Omaha road to the position of assistant city agent. Mr. Ulrich succeeds Mr. Philm, who was this week advanced to the position of contracting freight agent.

Freimuths In Demand.

Arrangements are under way for two games between the Freimuth baseball team and the Eau Claire team at Eau Claire, Aug. 31 and Sept. 1. In all probability the deal will go through, as Manager Carroll, of Freimuth's, has received a good proposition. If such is the case, an excursion on the Omaha will probably be run to Eau Claire and a good-sized crowd of rooters taken down.

The Lage Nebagamon team is after another game with the Freimuth team, which defeated them so signally a short time ago, but so far has not put up a good enough proposition. The game will probably be played, although a date has not been settled on.

The average age of men and women in health in the city of St. Paul during the last decade. People have been taking Rocky Mountain Tea. A life preserver. S. F. Boyce.

All Latest Maps. Up-to-date. See new map India Reservation about to be opened. 10 West Superior Street.

ARE MARRIED.

Albert Hoelscher and Young Woman Arrested ---Later They Marry.

A sadly dramatic arrest last night was that of Miss Laura Prieur and Albert Hoelscher. They were arrested at the Lowell block at an early hour this morning.

She is a beautiful young woman, stylishly gowned, and until this morning a stenographer in one of Duluth's largest jobbing houses.

He is a musician who has had a more or less checkered career. At the police station the girl gave her name as Jennie Gardner and the musician as Andrew Johnson.

Hoelscher's friends put up \$25 bail, while prominent men of business, hearing of the case and not being willing that the young girl be taken into court while the man responsible for her arrest should get off, put up \$15 bail for her and she forfeited it.

Early this morning Miss Prieur was married to Hoelscher at the court

house by Judge Bonham of the probate court. Before the municipal court authorities learned of the marriage, a bench warrant was issued for the arrest of Hoelscher, with the understanding that when he should again be taken into custody he would be requested to appear on concert programs only in cities other than Duluth in the future. Later, when the marriage became public, the bench warrant proceedings were quashed for the sake of the bride.

Will Be Wedded.

Next Tuesday Joseph Weinberg, of the Zenith Tea and Coffee company, of this city, and Miss Fanny Shuniewicz, of Chicago, will be united in marriage. Mr. Weinberg left for that city today, accompanied by his mother, father and sister and a number of intimate friends.

AN AUTO ACCIDENT.

New York, Aug. 15.—A serious automobile accident has just occurred near Bourg-En-Bresse, says a Herald cable from Aix Les Bains. M. Maurice Dollfus and his mother, wife of the well known stock broker, were riding when the machine collided with a tree. M. Dollfus had a leg and an arm broken and the automobile was completely smashed. M. Maurice Dollfus and the chauffeur were uninjured.

MORRIS REFUSES

(Continued From Page 1.)

and improved its weak points during street gossip, there seemed to be something to the story.

Mr. Morris said that the reports of the amount of money made in his iron property have been exaggerated, and after his first surprise and annoyance at hearing the report, seemed greatly amused.

Senators Clapp and Nelson both deny flatly that they had been endeavoring to have Judge Morris reconsider the matter of entering the congressional race.

They claim that trout fishing was uppermost in their minds during their trip up the north shore and that politics was tabooed in the daily routine of the day.

When asked if such a movement had emanated from the Minnesota senators Senator Nelson said:

"Such a rumor is entirely new to me. I hadn't heard of such a thing before. But we didn't have time to talk politics while away. Personally I don't know whether Judge Morris would or would not consider the proposition to run at this late hour, but I do know that he is an awfully good man and his place will be hard to fill."

Senator Clapp had the following to say on the subject:

"We didn't talk politics while away. It was simply a happenstance that we all went fishing at this time. But there was no political significance in connection with the trip. As to Judge Morris, the entire Minnesota delegation regretted his decision to retire from public life. He was a great favorite with the delegation and his standing and experience make him a most efficient member. It will be a difficult matter for any man to fill the position he occupied. However, all of us recognized his decision to withdraw as final, much as it was regretted."

Senators Clapp and Nelson expressed themselves as having had a delightful outing on the north shore. The senator member caught about fifty trout and he brought with him a healthy coat of tan, while the trip made him look refreshed and rested.

Senator Clapp purchased a number of curios, including a large roll of matting. While most men would have considered it a burden to carry the clumsy bundle across the street, Mr. Clapp put the dock at the foot of Lake avenue to the hotel and then to the train.

Senator Clapp took the 9 o'clock train for St. Paul, while Senator Nelson was at the St. Louis hotel until this afternoon. During the few hours he spent here he met a large number of his friends.

While Congressman Morris does not say to what extent fortune has actually said upon him in his iron deal, it is said that he has only a thirty-second interest in a forty-acre tract and that of it, instead of from \$5,000 to \$7,000, as was reported.

RUSSIAN BUDGET

Much Interest Felt In Railroad Backed By Americans.

Sugar Policy of M. Witte Finds Few Supporters.

His Action Is Roundly Scored By Leading Newspapers.

St. Petersburg, Aug. 1.—(Correspondence of the Associated Press.)—Alexander Constantinovitch Basky, a high official of the foreign office, died recently in Paris of pneumonia. M. Basky had a leading part in the peace conference at The Hague. After a varied diplomatic career he became director of the Asiatic department of the foreign office, from which responsibility he was displaced by nominal promotion in April, 1900.

A Pan-Slavic industrial and art exhibition will be held in this city in 1904.

Russian newspapers are displaying keen interest in the projected Alaska-Bering Straits and Irkutsk railroad. They report it to be backed by American millionaires, but do not mention the names of the promoters.

A special government commission has recommended the construction of a railroad from Alexandropol, in Transcaucasia and Persian frontier, with a view of its being a branch of the Erivan line when that is built.

The construction of another railroad from St. Petersburg to Petzavodsk, on Lake Onega, and a short line in the Baltic district, has been recommended.

It has long been an open secret that M. Witte, the financial minister, finds no more support in Russia, outside the ranks of the sugar producers, than now to have extended even to Kieff, the center of the Russian sugar business.

The newspaper, the Kievanian, treats M. Witte's last diplomatic escapade just as marked outlandish as did the foreign press. The Kievanian observes rather sharply that Mr. Witte's appeal to the most favored nation clauses in Russia's commercial treat-

ies is of greater theoretical than practical value, since Russia has no commercial treaty with England and all her most important treaties will soon expire. Moreover, it supports the position taken by the United States that a general law directed against all bounties on sugar cannot be regarded as an infringement of the most favored nation principle. The paper sees no sense in embroils such as M. Witte brought about between the United States and Russia, for the sake of what he calls "A clique of favored manufacturers."

It characterizes M. Witte's denial of a second term as not corresponding to the facts of the case. The Brussels conference, says the Kievanian, "opened the door to the healthy competition of Russia in the world's sugar market, and Russia proceeds to slam this door in the interests of an artificial system."

S. H. HOUGHTON AND HANCOCK—VIA NORTHEASTERN PACIFIC, ASHLAND & BOOTH LINE.

The Northern Pacific will sell tickets to Houghton and Hancock, Mich., via Ashland & Booth line, including berth on the Great Northern, for \$4.00, in day arriving Houghton and Hancock next morning. Tickets and information call at city office, 322 West Superior street, or Union depot.

of his constituents, and he has been able to materially help the interests of business and labor many times. In considering this matter, the attention of the voters is invited to his record as citizen and legislator.

County Superintendent of Schools.

BERT N. WHEELER, of Onota, wishes the support of the Republicans for the nomination for superintendent of schools in St. Louis county.

ANDREW T. PARK is a candidate for a second term as superintendent of schools of St. Louis county. Superintendent Park has filled the office one term, and his thorough knowledge of the present needs of the school make him the logical candidate.

He points to his career as superintendent and as a Republican as sufficient reason for his asking your support on Sept. 15th.

For Sheriff.

JOHN T. ARMSTEAD desires to be sheriff of St. Louis county and is a candidate for the Republican nomination at the coming primary election. He respectfully solicits the favor of voters on the ground that he is a Republican and has been a consistent Republican since he was a successful business man of the city of Duluth.

For Auditor.

ODIN HALDEN—The present county auditor, announces that he is a candidate for re-nomination at the hands of the Republican voters of St. Louis county at the primary election to be held Sept. 16. During his services as county auditor he has made a record as a careful, conservative and reliable official, one who has done what he thought to be right without fear or favor, and in asking the voters to support him at the primary election he rests his claims for support upon that record.

For Register of Deeds.

L. M. JOHNSON is a candidate for Register of Deeds. He is a member of the typographical union, and is prominent in the West End of the city. He is a Swedish-American, and if nominated will bring strength to the ticket.

For State Senator Fifty-First District.

SENATOR F. B. DAUGHERTY announces that he is a candidate for re-nomination upon the Republican ticket for state senator in the Fifty-first district, which includes the First, Second and Fourth wards of Duluth, the townships of Morse, St. Louis and Duluth, the city of Ely and Lake and Cook counties. He has represented this section of the state on the national platform for many years, and for the passage of many measures of great benefit to this district and its people. His efforts in the legislature have been for the good of all classes

of his constituents, and he has been able to materially help the interests of business and labor many times. In considering this matter, the attention of the voters is invited to his record as citizen and legislator.

County Superintendent of Schools.

BERT N. WHEELER, of Onota, wishes the support of the Republicans for the nomination for superintendent of schools in St. Louis county.

ANDREW T. PARK is a candidate for a second term as superintendent of schools of St. Louis county. Superintendent Park has filled the office one term, and his thorough knowledge of the present needs of the school make him the logical candidate.

He points to his career as superintendent and as a Republican as sufficient reason for his asking your support on Sept. 15th.

For Sheriff.

JOHN T. ARMSTEAD desires to be sheriff of St. Louis county and is a candidate for the Republican nomination at the coming primary election. He respectfully solicits the favor of voters on the ground that he is a Republican and has been a consistent Republican since he was a successful business man of the city of Duluth.

CORRECTS EVIDENCE

Mr. Weidenfeld Explains Some of His Previous Testimony.

Finds That He Bought Stock for Mrs. Chapman.

Content's Books Brought Into Court by Attorney Limberger.

New York, Aug. 15.—When the hearing in the case of Peter Power against the Northern Pacific directors was resumed today, Herbert Limberger, counsel for H. Content & Co., appeared with records of transactions between that firm and Camille Weidenfeld. Entries as to the purchase of 100 shares of Northern Pacific stock by Weidenfeld on Dec. 26, 1901, and of payments of cash on account of Weidenfeld and Capt. Stern were put in evidence. The account of Ellsworth I. Chapman, who had been the stockholder, was asked for but Limberger declined to produce it, on the ground that it was not pertinent.

Mr. Guthrie pointed out that the Power suit was only one of several brought against the Northern Pacific for the same purpose. Therefore he thought that the entries of Chapman's account being material to the suit brought by Mrs. Chapman, was pertinent to the Power suit. But Mr. Limberger pleaded privilege.

Mr. Weidenfeld was recalled as a witness. He testified that he had bought stock for Ellsworth I. Chapman or Mrs. Sophie Chapman, and that he had bought through Content & Co. 100 shares of the Northern Pacific stock. The price was \$80. She paid by check. Delivery was made to Mr. Chapman. I do not remember whose check it was.

"In relation to the Houdon stock, in the conference with Judge Lancaster it was understood that suit could only be brought by a stockholder. Governor Van Sant said he would have nothing to do with any strike. He would not touch the case unless it was understood that the action would be carried to the supreme court by the United States if necessary. It was after that that Mr. Bouden quitted and he authorized the suit."

Replying to questions by Mr. Guthrie, counsel for the Northern Pacific, Mr. Weidenfeld said that E. R. Thomas (a banker) was at first adverse to the proposition that he and Mr. Thomas had jointly purchased 60 shares of Northern Pacific stock.

"Did not Capt. Stern or Mr. Lamb tell

you," Mr. Guthrie went on, "that Judge Lancaster had declined to go on with the case, unless he was convinced that Peter Power was a bona fide stockholder?"

"I don't remember," was the reply. "Did not Judge Lancaster say that if you would have nothing to do with the suit, he would have nothing to do with the case?"

"I really cannot answer the question," replied Mr. Weidenfeld.

TO DECIDE THE POINT

Dispute Over Race August 2, to Be Settled Tonight.

Sailing Committee to Decide on Course For Races Saturday.

Interest In the Events Is Keener Than Ever.

Tonight a meeting will be held at the Duluth yacht club at which a race that took place two weeks ago will be decided. In one of the Class A races on Aug. 2, two of the boats floated out of their positions and the boats were some time in making up. Whether or not the contest should be called a race, has never been decided, as some of the boats went four miles out of their course. The Mildred J. came in first. Should the club at the meeting tonight decide to call it no race, the course will probably be sailed over again tomorrow afternoon when the regular races occur.

The sailing committee will meet tomorrow afternoon. If the wind is too strong for successful racing on the bay they will be pulled off in the Superior bay. Much interest is taken in the contest tomorrow as several of the boats are hard after those who have been successful thus far, and some interesting events can be looked for. The boat club since its start has been very successful, and many who previous to that time had never taken any interest in sailing, have become ardent sportsmen. Very few afternoons and evenings pass but what several yachtsmen can be seen on the bay testing the sailing qualities of their boats.

INJUNCTION

Asked By Gates Faction Against Fuel Company's President.

Denver, Aug. 15.—Application was made today to Judge Hallet, in the United States district court by John Lambert, J. Mitchell and others representing John W. Gates in his effort to control the Colorado Fuel and Iron company, for an injunction to restrain President John C. Osgood and other officers of the company from preventing the plaintiffs from voting the proxies which they hold in the annual meeting on Aug. 20 next. Conspiracy of the defendants to prevent the plaintiffs from voting the proxies is alleged. The case was set for hearing tomorrow.

ALGER

Will Be a Candidate to Succeed Senator McMillan.

Detroit, Aug. 15.—The news this afternoon says: At a meeting of the advisory council of the State League of Republican clubs at the Hotel Cadillac this noon, President Weston, attorney John C. Alger, a half-brother of the late Mrs. Fair, will leave their home at Newmarket, N. J., on Sunday for San Francisco, where they will employ lawyers to represent them in the distribution of the Fair estate. The paper adds that the trip is made at the instigation of George Harvey, of San Francisco, who had telegraphed Mrs. Nelson immediately.

The paper also quotes Edward S. Leffer, a real estate dealer of this city as saying that he and his family would take steps to protect their interests as heirs. Mr. Leffer's mother was a sister of Mrs. Charles Fair. Among Mrs. Fair's heirs besides her mother, others who live in the last are said to be Mrs. Elizabeth Burnett, of Union, N. J., Mrs. Laura Leonard, of Caldwell, N. J., William B. Smith, of New Market, N. J., and a number of members of the Leffer family.

PRODUCE MARKET

Past Week Has Seen But
Few Changes In
Prices.

Veal Advances Slightly
and Other Meats
Hold Steady.

Apple Crop Coming Fall
Expected to Be
Enormous.

The past week saw but few changes in the local produce and commission market.

Veal is up a little, but the packers expect this as one of the natural results of harvest time. The price has gone up half a cent, the best grade selling at 9 and the other at 8½ cents. When the harvesting begins the farmers have but little time to devote to their stock, and consequently ship but little to the market. The market for the meat now is from the ranges, and while the grade is not quite as good as that received from the ranges, it brings the price owing to the scarcity.

Beef has not been affected by the harvest season. The beef, or the largest portion of it, comes from the ranges, the farmers shipping but little.

Oranges took a jump yesterday from \$4.75 and \$5.25 to \$5.75 a box. Vegetables and fruit remain about the same.

Apples are selling on Michigan street at \$3 and \$3.25 a barrel, but will probably get cheaper as the crop this year is expected to be very good one. There is no telling at this early date just how the market will turn out, although the most interesting look for something enormous in the way of a crop.

The most serious part of the orcharding is the fact that the fruit from the orchards is not yet in the market. Not only is this true respecting quantity, but the quality of the fruit from the orchards is superior to any other section in the world, with the possible exception of Australia, which country is growing a very fine apple of most excellent flavor.

Other important states in the growing of apples are Michigan and Illinois, the former having one of the largest crops in its history this year, and in some parts of the apple belt of Illinois the orcharding is on such an extensive scale that it is estimated that the one county alone will have fully 1,000,000 barrels this season.

The most serious part of the orcharding is the fact that the fruit from the orchards is not yet in the market. Not only is this true respecting quantity, but the quality of the fruit from the orchards is superior to any other section in the world, with the possible exception of Australia, which country is growing a very fine apple of most excellent flavor.

One commission man said this morning that he was in for the big crop of apples from the country and the prospect of a liberal export demand. It is not possible that this fall will be as low as in 1896, which was a record-breaker. The values were so low, in fact, that in many sections of the country the fruit was not gathered at all.

However, look for the price to remain fairly firm, notwithstanding the big yield.

AMUSEMENTS.

"THE BURGLAR AND THE WAIT." Everything from burlesque to the most serious drama is being presented in "The Burglar and the Wait." The people who saw the performance at last night got more than they expected and were pleased.

While the plot and happenings of the play are almost unreasonably and inconsistent as one would expect to see, the actors do very well, and the play is new and while some of the people were not quite so much as before with "A Milk White Flag," and "A Telephone Girl," and she made a most fetching Emma.

A well executed and acrobatic dance by her was one of the enjoyable bits of the evening's entertainment. James Devlin, in the part of the burglar, was good, and the rest of the cast was fair. James Devlin, who looks like Eddie Fox, had a character part and is deserving of mention.

"DOWN MOBILE." Lincoln J. Carter's latest comedy drama of Southern life, will be seen at the Lyceum Monday night, Aug. 18. The piece will be presented here on the same scale of magnificence as marked the production at the Criterion. Mr. Carter's own theater in Chicago. There are four different scenes, all impressive in construction and beautiful in execution. Among the most home of Josephine Edgerly, the heroine; the negro quarters of the plantation; the famous Dismissal swamp; and the burning of the old cotton mill in the last act. The story of "Down Mobile" is described as absorbingly interesting, and he said to deal in an intelligent manner with the many different characters found on a plantation in the South today.

"WITCH-HAZEL COMBINE." Four Million Dollar Organization in New Jersey.

New York, Aug. 15.—Articles of incorporation filed in Jersey City yesterday by the Witch-Hazel combine, which is capitalized at \$4,000,000, indicated a witch-hazel trust. An ominous name for a company to organize in any line of business. The article of incorporation, however, that it will manufacture, distill and sell extracts of the distillation of any kind of wood, and in part from the by-product and waste of the manufacture of the same.

TOOK LADYDUM ROUTE. Chas. D. Dwyer, of A. S. Street, a disciple of John Alexander Dowie, a communitarian, who is at the hotel at Waukegan, No. 4 is assigned.

Fire Near Daisy at Superior Proves Dangerous.

A small fire on one corner of the Daisy mill dock at Old Superior, shortly before midnight last evening, threatened to become a serious one.

The fire is supposed to have been started from a spark from one of the tugs, the blaze being fanned by the stiff northeast wind that was blowing. Fortunately the four acres nearest the blaze were sheathed in corrugated iron and the fire did not spread to the building, but was confined to the dock, the damage amounting to less than \$200.

Some difficulty is said to have been found in getting the fire department to the blaze on account of the weakened condition of Quebec pier. The dock has been built for a long time, and many of the piling put in have rotted away.

Will Resume Next Week.

The glass twin factory at West Superior, which has been closed down for several weeks for lack of material, will resume operations the first of next week. It will employ from 250 to 300 persons. The glass twin company has had a large crew out harvesting its immense crop of glass along the Northern Pacific road near Brainerd.

This store remains open until 10 p. m. Saturday. Your friends will be here—you ought to be here.

PATTON WHITE COMPANY
THE BIG GLASS BLOCK STORE.

TO JAIL.

Well Known Brokerage Firm at Boston Is Under Arrest.

Boston, Aug. 15.—Frederick F. Betts, of the brokerage firm known as J. M. Fisher & Co., of this city, was arrested yesterday afternoon. Some nine months ago Betts and Fisher, who had palatial banking offices on State street, were arrested on various charges in which it was alleged that they had swindled the public by the wholesale. The method by which the concern operated was to advertise glittering opportunities wherein investors were sure to make a fortune. Fisher and Betts operated as one in the concern known as J. M. Fisher & Co. At the same time "Fisher & Co." were the head and front of another concern known as the Cobb-Everett investment company. The new charge is that of conspiracy. In the warrant it is alleged that Betts and Fisher conspired and entered into an agreement to commit fraud upon the public and that the commission of such fraud they used the United States mails.

Betts appeared in court somewhat surprised upon being taken into custody. He was immaculately dressed in the height of fashion and had every appearance of prosperity when taken before United States Commissioner Fiske. He waived the hearing of complaint and pleaded not guilty, but was much disappointed when Mr. Casey asked that he be held in \$10,000 bail. Betts demurred, whereupon Mr. Casey presented a most important document as bearing upon the tremendous amount of money which Fisher & Betts had secured from the public.

An expert accountant for the government has gone over the accounts of Fisher & Betts at the Federal Trust company and also at the Mercantile Trust company. During a very short period of time in 1901 it was shown that J. N. Fisher & Co. deposited at the Federal Trust company \$57,431.49 and in the name of William A. Betts trustee over \$3,000. William A. Betts is a brother of Frederick.

ROYALISM

Strongly Denied By Opponents to Religious School Closing.

Paris, Aug. 15.—The semi-official announcement made after yesterday's cabinet meeting that the Royalists are directing the agitation against the closing of religious schools in Brittany has evoked considerable comment. Catholic leaders and the Catholic press deny that the movement is anti-Republican. Count Albert de Mun, who, with Abbe Gayraud, is the guiding spirit of the resistance in Finistère, declares that the movement is entirely spontaneous on the part of the people themselves, and that not an act or a shout has occurred in Brittany to justify the allegation that a Royalist conspiracy exists. Count Albert de Mun says the Royalists have been seen everywhere and that it is evident the government is embarrassed by the situation and has invented the Royalist scare in order to create a diversion. Francoise Coppe, in an interview, expressed a similar opinion in more violent and picturesque language. The Patrie says it is rumored that the government intended to arrest the Royalist senator from Finistère, M. de Chamillard. Ministerial organs assert that the government possesses curious information as to the manner in which the Breton peasants were deluded into a belief that they could successfully resist the republic. The situation at St. Meen and Folgoët remains unchanged. An important pilgrimage to Folgoët took place today, on the occasion of the feast of the assumption, 15,000 people gathering from the surrounding country. Processions from nearby villages arrived during the morning, headed by priests, bearing crosses and banners and chanting.

Admiral De Cuverville, Abbe Gayraud, who is a member of the chamber of deputies, and Councillor Souffron, have addressed a protest to the premier, M. Combes, on account of the allegations or Royalism, saying: "We protest against the attempt to give a political character to the demonstrations of an indignant public conscience. While applauding the legitimate protests of the population, who are grateful to the sisters, we shall continue to strive to prevent acts of violence. Long live the Liberal republic!"

FUNERAL SERVICES

Of Senator McMillan Are Marked By Extreme Simplicity.

The Large House Was Crowded to Its Utmost Capacity.

Governor Bliss, Senators and Other Leading Men Present.

Detroit, Mich., Aug. 15.—Extreme simplicity marked the funeral services this afternoon over Senator James McMillan, who died suddenly last Sunday at his summer home in Manchester, Mass. The services were at the dead would have wished, without ostentation or display. It had been proposed that his thousands of employees should march in procession behind the hearse bearing his body to the tomb; that there should be military escort and a public funeral commensurate with the senator's career. In obedience to the wishes of the family, however, this was given up and the simplest of ceremonies held.

The services began at 2:30 p. m. at the senator's late residence, 515 Jefferson avenue. The large house was crowded to its utmost capacity and many persons were unable to gain admittance. Both branches of congress, the state legislature and all departments of the state and city governments were represented at the services.

Governor A. T. Bliss was present with his staff. The senatorial delegations included some of the most intimate friends of the dead senator. It was made up as follows: Senators Hanna, Foraker, Ohio; Keane, New Jersey; McComas, Illinois; Chandler, Iowa; Lodge, Massachusetts; Burrows, Michigan; Fairbanks, Indiana; Cockrell, Missouri; and Gallinger, New Hampshire.

The District of Columbia, in which Senator McMillan was so deeply interested, was represented by District Commissioners McFarland and Biddle. The congressional delegation included distinguished visitors assembled at the Russell house at 1 o'clock and proceeded to the house in a body. At 2:30 p. m. the soft strains of Handel's "Largo" from the "Music for Anna" and a hush fell over the assembled friends as the service began. Rev. Alfred H. Barr, pastor of the First Methodist church, read the first verses of Psalm 96 and the last few verses of the Gospels. The choir sang "The Church's One Foundation." Sweetly then the musicians played "Jesus, Lover of My Soul" to the music of the organ.

After a moment's silence, Rev. Mr. Barr delivered a short prayer, and the benediction ended the service. Tenderly the bearers raised the casket and carried it to the hearse. The funeral was private. Followed only by the family and a very few intimates, the body was taken to the McMillan mausoleum, which was filled with beautiful flowers. As a mark of respect the mausoleum here, which Senator McMillan built up and developed was closed today, and in many other places in which he was interested work stopped at the hour of the funeral. For the first time in the history of the city, the Buffalo steamers stopped at 2:30 o'clock and did not move for ten minutes.

The Regular Saturday Evening Dance

Will be given tomorrow evening, Aug. 16, at Columbia hall, by the Young Men's Association. Extra ladies free. Bluet's full orchestra. Stephenson prompter. Come and enjoy yourself.

HOT FIRE

In Pike's Opera House Caused By Boy and Cigarette.

Cincinnati, Aug. 15.—Shortly after noon today Pike's opera house, on Fourth between Vine and Walnut streets, was discovered on fire. At the time the delegates of the convention of the International Typographical union were leaving the auditorium, but all escaped without any trouble. No lives were lost, and the only one injured was Fireman Beckman, from falling glass. The fire started in the sub-cellar of George Joffe's grocery, where a boy was smoking cigarettes while unpacking goods. The fire rapidly spread, but it was controlled in less than an hour. The losses aggregate \$75,000, distributed among many tenants. George Joffe lost \$20,000 and Henry Strauss, cigars and tobaccos, \$15,000. The Pike estate and Manager Hunt of the opera house are among the losers.

JOCKEY'S HURT. London, Aug. 15.—In a race today at Redcar for the Cochran handicap plate, Lord Harewood's Argovian, ridden by J. H. (Skeets) Martin, fell, and Martin's collar bone was broken. J. Lowther's Standerton, ridden by Tyrell, also fell. Tyrell was rendered unconscious.

FISH TO FIGHT MOSQUITOES. Admiralty officials at house pets and ornaments for aquariums and artificial ponds may be able to show that their favorite fish are something besides the substitute of Technology, reports that mosquitofish are a favorite food for goldfish and suggests that their introduction into small bodies of water where mosquitofish breed would be preferable to the use of poisons. Goldfish will thrive in our Northern waters, and can be easily kept in a sheltered pool, where the water is not fed by too many cold springs.

SCOTLAND WOOLEN MILLS.
New Tailoring Establishment
Located in Duluth.

The Duluth branch of the Scotland Woollen Mills company will be opened at 109 West Superior street tomorrow. The Scotland Woollen Mills company is a pronounced company with numerous stores, and turns out pronounced goods. Many people have wondered why one of its paid stores had not made its appearance in Duluth long ago, and there is no doubt but that, now that the company is here, it will receive a great deal of patronage.

This company is the owner of forty-seven stores in this country, besides fourteen in Europe, and has been uniformly successful in all of the places. It puts out nothing but \$15 suits and overcoats, being able to turn out the best work at this price on account of the large number of orders it receives and the tremendous facilities it has for handling them. It has one of the most noticeable places in the city, the front being painted as a tartan plaid. Many men in Duluth like to wear tartan-made clothes, but the price heretofore has been prohibitive. Now comes the Scotland Woollen Mills company, with its motto, "tailor-made clothes that fit, or your money back, \$15—no more, no less."

Round \$1.00 Trip.

HORSE AND MOOSE ELOPE. Joe Tomah, the noted Indian guide, is believed the possessor of the best stock in the territory. He has a fine team of horses and a cow, whose names are almost as well known as Joe's. The horse and cow were seen in the vicinity of the city of Duluth, and the horse was seen in the city of Duluth, and the cow was seen in the city of Duluth.

BEAN KETTLE EXPLODED. A new kind of marine explosive has been developed by the U. S. Navy. It is called the "bean kettle" and is made of a material that is as light as a feather and as strong as iron.

STATE OF MINNESOTA, COUNTY OF ST. LOUIS. In the District Court, Eleventh Judicial District. L. Ruppert, vs. Plaintiff.

Alfred Burke, Defendant.
Pursuant to the judgment of the court and sale, duly rendered in the above entitled action and entered in said court on the 21st day of July, 1902, by which it is adjudged that the premises described in the complaint in said action, hereinafter, in said County of Minn., By V. A. BASH, Deputy.

FREDERICK A. TEALL, Plaintiff's Attorney.
Duluth Evening Herald, July 25-Aug-15-15-25-1902.
NOTICE IS HEREBY GIVEN, THAT an application has been made by Daniel D. Murray, under the provisions of Chapter 45 of the General Statutes of 1892, and acts amendatory thereof, for a deed of so much of lots 9 and 11, of East Caldwell street, in that part of "Duluth formerly called Portland," as lies within the limits of lot 2, in block 34, of Portland Division of Duluth, in said County of Minn., according to the recorded plat thereof.
And it is ordered that notice of such application and hearing be given by publication in the Duluth Evening Herald, once in each week for three successive weeks before said day of hearing.
Duluth, Minn., August 14th, 1902.
HOMER B. DIBBLE, Judge of District Court.
Duluth Evening Herald, Aug-15-22-29-1902.

A STRONG CAMPAIGN

To Be Inaugurated For Universal Eight-Hour Day.

Was So Decided at Convention of Typographical Union.

Suggestion of Publishers' Commissioner Adopted By Convention.

Cincinnati, Aug. 15.—The convention of the International Typographical union today adopted a proposition for an aggressive campaign next year for a universal eight-hour day. President Lynch and Vice President Hawkes were directed to act with all local unions where the working day exceeds eight hours and secure observance of the eight-hour law. A resolution was adopted boycotting certain brands of cigars.

Ex-President William Emerson addressed the convention in favor of holding the convention at Nashville in 1903. The claims of Portland, Ore., were also presented for the same year, it being conceded that the convention will meet in St. Louis in 1904. The report of the committee on laws was completed during the morning, making many verbal and technical changes in the laws.

All the committees were called and their reports adopted with various amendments. In accordance with President Lynch's report a conference committee was appointed to secure better sanitary conditions of composing rooms.

An appropriation of \$1000 was made for the Terre Haute union. An appropriation of \$500 per month was asked for the Los Angeles union. It was unanimously decided to refer to the referendum vote the question of present pledged to support the assessment. This action will produce about \$2,000 per year.

Petitions were presented for the reappointment of John R. McLaughlin, of New York, as secretary of the general office building at Indianapolis was defeated, as was also the one for fraternal insurance.

Resolutions of respect were adopted in memory of many departed members, among them Amos J. Cummings, whose birthday is to be celebrated. The committee on laws recommended an amendment to the general laws striking out the famous "142" article. It was unanimously adopted. The secretary was instructed to notify the international secretaries of the agreement could be accordingly amended.

Frederick Driscoll, commissioner of the American Newspaper Publishers' union, addressed the secretaries' union, this morning, urging joint action with the I. T. U. in eliminating sections of the laws. The I. T. U. at its session this morning adopted with unanimity the suggestion of Commissioner Driscoll that changes in scale, before adoption by the union, shall be submitted to each publisher interested, also that a representative of the A. N. P. A. shall be invited to have before the passage of any laws affecting the rights and interests of publishers.

COWBOYS ON BRONCHOS. When President Roosevelt comes West this fall he will be met by a big delegation of former Rough Riders who stormed the heights of San Juan Hill with him and who will come from all over the plains and mountains of North and South Dakota, Wyoming and Montana, writes the Omaha correspondent of the St. Louis Dispatch.

They will not come to Omaha in Pullmans, either, but will make a wild dash over the prairies from their staid little bronchos. In addition to welcoming his old friend and leader, the Mayor of Omaha will have a party of \$20 gold pieces, \$1000. There will also be a \$500 cash prize and half a dozen other prizes, consisting of fallow-mounted saddles, bridles, bits, etc.

The race will test to the uttermost the endurance of both horses and men, one of the rules being that each man shall ride the same horse from Deadwood to Omaha. There will be no relay teams.

ST. LOUIS, Aug. 15.—The race will be under the supervision of Tom Hartzell, city marshal of Chadron, Neb., when that town was wild and woolly, and Capt. Seth Bullock, first sheriff of the Black Hills and captain of Rough Riders. The men will be ranged in front of the city hall at Deadwood, and after being addressed by the mayor of that city, will be started by a pistol shot. They will keep together as long as in the city limits, after passing which they are at liberty to choose their own routes.

Already more than fifty men have signified their intention of joining the race, and three "cowboys" from Slim Buttes, Wyo., have notified the promoters that they will also compete.

Among the well-known characters who have entered are "Doc" Middleton, formerly one of the really bad men of the border, scout, frontiersman, gun fighter and picturesque character; James Hartzell, the crack rifle shot of the West; William Charwick, "Bar Z. Kid," Cayuse Bill, the famous bronco "buster," "Scar-Face" Thompson, "Seven-Up Kid," "Mexican Pete" and "Lariat Pete." The Indians from Rosebud and Pine Ridge agencies are very much worked up over the event, and are preparing to make a number of entries. Several will also come from Buffalo Bill's riding college at Cody, Wyo.

The only handicap some of the riders will carry is that some of their fellows will better understand the topography of the country and thus be able to ride a more direct route.

Army officers all over the West are watching the coming race, and the government will probably have an official report for future use.

Several will also come from Buffalo Bill's riding college at Cody, Wyo.

The only handicap some of the riders will carry is that some of their fellows will better understand the topography of the country and thus be able to ride a more direct route.

Army officers all over the West are watching the coming race, and the government will probably have an official report for future use.

The Best Shoe for Women!

Sorosis Shoes—of every variety—for sport, walking, or evening dress—are made of fine flexible leathers.

Added to this advantage are the numerous styles, widths and type of last—rendering them absolutely comfortable and pliable.

The price is uniform—\$3.50—for boots, shoes and slippers.

This figure as a standard selling price for Shoes—and the models it will purchase were creations of the Sorosis Shoe manufacturers.

We have received a large shipment. We are able to fit all feet.

PROGRAM PREPARED

Lake Superior Mining Institute to Meet Next Week.

Entertainment at Duluth Tuesday Afternoon and Evening.

On the Range Two Days ---Papers to Be Read.

All the preliminary arrangements have been completed for the Lake Superior Mining Institute, which will begin Aug. 19, in this city, lasting four days.

Circular letters have been sent out by Secretary A. J. Yungbluth, of Ishpeming, stating that the committees on transportation for the coming meeting has concluded traffic arrangements with the Great Northern, the Northern Pacific, the Omaha, Chicago & North-western, South Shore and Wisconsin Central railroads, which will cover all points in Wisconsin, Illinois, Michigan, Minnesota, the Dakotas, Montana and Wisconsin. A rate of one fare for the round trip has been made and is arranged for on the certificate plan. The members of the institute will purchase one way tickets through to Duluth, paying full fare and taking a receipt or certificate from the agent issuing the ticket. When the certificates are presented to the secretary he will in-voice them and they will be good for a return ticket on presentation at the various ticket offices in Duluth. Where members come from a distance and over more than one round, they are to buy through tickets. The Spaulding hotel has been designated as the headquarters of the institute while in Duluth, and a general request has been sent to members to

assemble there about 1:30 p. m. Tuesday, Aug. 19. A program of entertainment is being worked out by local members of the institute for the visitors during Tuesday afternoon. This will include visits to all the points of interest about Duluth, and an informal reception, or smoker at the Klitchi Gamm club in the evening.

Some time Tuesday evening a special train of sleepers, bearing the members of the institute, will leave the Union depot for Hibbing, arriving in the range town Wednesday morning at an early hour. The mining men will spend Wednesday, Thursday and Friday visiting the various ore properties on the range, and will return to Duluth on the special train about 2 o'clock in the afternoon of Friday, Aug. 22. This will get the members to this city in time to catch trains East, South and West, should they desire to leave. The first business session of the institute will be held at Eveleth on the evening of Aug. 20. Thursday evening the second session will be held at Soudan. The members of the institute will be furnished with the details of the program when they reach the city next Tuesday. They will also be furnished badges at the Spaulding.

The following papers will be presented at the evening sessions:

"A New Changing-House at the West Vulcan Mine," by William Kelly.

"The Use of Steel in Lining Mine Shafts," by Frank Drake.

"Moisture in Lake Superior Ores," by Dr. N. P. Hulst.

"Nordberg Air Compressor at the Burra Burra Mine of the Tennessee Copper Company," by J. Parke Channing.

There will be other papers, the titles of which will be announced later. The indications are said to point to a fairly large representation of the mining men at the coming institute, among them representatives from all the large mining concerns in the Northwest.

Vacation time is here, and you need only to ward against the accidents incidental to most open-air sports. No remedy equals DeWitt's Witch Hazel Salve for stopping pain or removing dander from cuts and wounds. Sure cure for piles and skin diseases. Beware of counterfeits. Max Wirth.

Special Excursion Via Great Northern Railway.

Homesickness tickets at one fare plus two dollars for the round trip on Tuesday, Aug. 19, good returning within twenty-one days.

\$24.50 Butte and return Aug. 18, 22, 23, 28 and 29. Good returning Sept. 30, account International Mining congress.

\$25.00 to Seattle, Portland and points south to Ashland, Ore. \$22.50 to Spokane. Low rates to all other points in Montana, Idaho and Washington, commencing Sept. 1. Call at City Office, corner Spaulding hotel, for particulars.

HARD TO SUPPRESS

Police Have Much Trouble With the Beggar Nuisance.

Abusive Cripple Boldly Works East End of City.

Superior Street Frequented by Many Plans Numerous.

Second only to the campaign for the suppression of child beggars is the police fight on the beggar nuisance.

The city is overrun with beggars, mostly men, and a majority of whom are apparently able to work for a living.

The beggars have even invaded the East End residence district and in several instances have been very bold and insulting.

A few evenings ago an ugly-looking man with a peg-leg started in to do the houses in the vicinity of Fifteenth avenue and East First street.

He did not always stop to rap at the doors, but stumped deliberately and noisily into the houses and demanded rather than asked for either money or something to eat.

His appearance and methods of begging were so repulsive that in practically every instance he received summary orders to get out of the house.

Then the man became very abusive. He swore at women and offered to thrash any three men in the neighborhood.

The police received a description of this man and shortly afterward officers picked up a man answering the description on the Bowery. The beggar showed phenomenal strength for a cripple and fought the officers all the way to the station.

Superior street seems to be a regular Mecca for beggars. They watch their chance when policemen are not around and then start begging with impudent persistence.

Yesterday afternoon near Third avenue west a beggar tackled a man with the plea that he had nothing to eat in forty-eight hours, that he was sick and unable to work, and just wanted a dime to get a cup of coffee and a sandwich.

Having been touched by three other beggars in four blocks, the man treated the beggar with scant courtesy and brushed by. The beggar ran by his side whining something about no respectable person turning down a union man.

The man happened to be interested in labor unions, and stopping short, asked the man to let him see his card. The

beggar nearly fell off the sidewalk, and flashed about his pockets for a while, saying he could not find it just then. The man then offered to take him to a restaurant across the street and buy him a lunch. The beggar was indignant to think that he could not be trusted with the money, and replied that he would rather starve to death than have his honor questioned in that way.

The police are very anxious to wipe out the beggar nuisance, and are thankful to all citizens that will point out men that stop them on the street.

At the present time there is abundant opportunity for every man to make an honest living, either here or out in the Western wheat fields, and the police say that there is not the slightest excuse for street begging, and ask the citizens to co-operate in the suppression of beggars by refusing to give them money and in giving the officers evidence against those that annoy people on the streets and in their homes.

TRAGEDY

In Tampa, Fla., Will Result in Death of Two.

Tampa, Fla., Aug. 15.—At the home of Charles J. Allen, on Seventh avenue, Tampa Heights, the most fashionable residence section of this city, Mr. Allen was killed and his wife was fatally shot yesterday by Manuel Chaves, one of the wealthiest and most prominent young members of the Cuban colony here.

Many conflicting accounts of the tragedy were current, but the one generally believed is that Allen returned home unexpectedly and found Chaves in his house and that he assaulted the Cuban, striking him a terrific blow in the mouth. Chaves then drew a pistol and began to fire.

One bullet struck Allen in the left side, another in the right and the third in the abdomen after passing through the body of Mrs. Allen, who had rushed between the men in an effort to separate them. The shooting of Mrs. Allen is believed to have been entirely unintentional.

Immediately after the shooting Chaves rushed from the house and disappeared in his buggy that was standing at the back gate. He subsequently surrendered to the sheriff. An effort was made to get him released last night. His father offered to sign a \$100,000 bond, but Judge Holmes refused it.

Prominent attorneys, including Congressman Sparkman, have been employed by the defense.

Consolation keeps impurity in the system, often causing serious illness. DeWitt's Little Early Risers prevent this by stimulating the liver and promote easy action of the bowels. Max Wirth.

\$500 REWARD!

We will pay the above reward for any case of Liver Complaint, Dyspepsia, Sick Headache, Indigestion, Constipation or Stomachitis we cannot cure with Liver Pills. The boxes contain 40 Pills, 50 boxes contain 15 Pills. Boxes of substitutes and imitations. Sent by mail. Stamps taken. SERRAVALLO MEDICAL CO., corner Hinton and Jackson streets, Chicago, Ill. Sold by

S. F. BOYCE, Druggist, 135 West Superior St., Duluth, Minn.

Reception gown of cell blue crepe. The skirt is done in sets of tucks, with tucked flounce, having being stitched hem. Bolero, with elbow sleeves, is worn over blouse of tucked white chiffon, with puffed undersleeves. Medallions of white tulle, edged with narrow lace, draped with narrow black ribbon volute, are set on top of bolero, round bolero, collar and sleeves. Stock, giraffe and bows of soft white ribbon, with tiny black-edged. Hat of blue straw, edged lace ruffles, trimmed with white plumes, white ribbon bow and long ends.

HER CAKE

Led to Her Marriage With an Indiana School Teacher.

Kokomo, Ind., Aug. 15.—A unique romance culminated here Tuesday in the happy marriage of Will H. Richardson, a Howard county school teacher, and Miss Lydia Beedle, of Rockbridge, Ill. They had never met until Tuesday. Two years ago, young Richardson saw a unique recipe for baking a cake in a St. Louis paper. It was contributed by Miss Beedle. The young pedagogic, being passionately fond of choice cake, wrote to Miss Beedle for a sample of cake made from her recipe. The cake was sent as per request, together with the compliments of the fair baker. It suited young Richardson's taste and a correspondence followed, which has been kept up for two years.

Sunday Richardson went to Rockbridge and brought Miss Beedle to Indianapolis. The clerk of Marion county refused them a license, stating that the intended bride was not a resident of the county. They then came to this city, procured a license and were united in marriage in the office of Dr. J. McLean Moulder by Rev. Dr. C. W. Choate, of the Congregational church. They left for their new home at New London. The groom owns a fine Howard county farm.

A Perfect Food Drink

"Figprune" made from the choicest fruits and cereals grown in California. Possesses a delicate flavor!

The best costs no more than the inferior kinds. Drink ANHEUSER-BUSCH AND FITZGER'S BEER. Sold in Duluth at the IDEAL BEER HALL.

Zenith City Dye Works

Practical Dyers and Dry Cleaners, quick service and work guaranteed. F. L. RITTEL, Prop. 6 East Superior Street. South phone, 1216. Bell, 665.

Duluth Brass Works, Manufacturers.

Brass and bronze castings and babbits. Special attention paid to railroad, mill and steamship castings. Also furnish tin, spelter, antimony and lead. We manufacture hot water heaters for wood or coal. We have also a general machine shop, can do repair work or manufacture in iron or brass. Special attention given to expert work. Office and works corner Onesta and Ramsey streets, West Duluth.

FOR DRUNKARDS

WHITE DOVE CURE never fails to destroy craving for strong drink, appetite for which cannot exist after using this remedy. Given in any liquid with or without knowledge of patient's craving. At S. F. Boyce, druggist, 33 West Superior St., Duluth.

To be Healthy,
Attractive and refined you must have good teeth. We will fit you with the best set of artificial teeth for only \$10.
No extra charge for extracting.

JOHNSON & KAAKE, Dentists.
Mesaba Block, 409-411 W. Superior St., Duluth.
Telephone 101.
Open Sundays—10 to 12.

Pure Vegetable Oils

These alone are used in Jap Rose; and glycerin is one-sixth of all of it. So pure that it's clear; you can read through it.

Jap Rose Soap

Can anyone claim to know more about soap than Kirk? Jap Rose represents the best that we know. 'Tis the result of a life-time's experience.

JAMES S. KIRK & COMPANY, CHICAGO

White Russian Laundry Soap Wrappers exchanged for valuable premiums. Write for list.

LAWSON'S NEW BOOK

Unique Publication Regarding the America's Cup Yacht Races.

New York Club Pugna-ciously Handled By Copper King.

Book of Historical Value and No Expense Spared.

Boston, Aug. 15.—Thomas W. Lawson, of Boston, who has been more or less in the public eye for the past few years in connection with various branches of sport, has now come forth with perhaps the most unique publication ever turned out in America. It is the Lawson History of the America's Cup, a record of fifty years wherein the millionaire copper king has collaborated with Winfield M. Thompson.

The latter has cared for the historical part of the book as it relates to the racing of yachts up to that of last season. Mr. Lawson lends his personal touch here and there, but the power of his pen is really saved for the discussion of the last struggle for the blue ribbon of the sea, in which independence, but by Mr. Lawson, in his time, and many subjects that appear irrelevant to the outsider are vividly touched by Mr. Lawson's writing pen.

It will not please any of the members of the organization to learn that they are put down in Mr. Lawson's book as yachtsmen, brewers, drivers, clerks, dancing masters, piano movers and the like. There is one feature of the publication which tends to make the glass of Mr. Lawson on America's cup-racing known all over the world; that is, its real value as a work of reference. The book is the

most complete work of its kind ever brought forth. When the independence matter was raised, and records were being searched for information and precedent, Mr. Lawson was struck by the paucity of historical matter relating to the America's cup and of the men and boats that contested for it. He was unable to find a volume that comprehensively treated the subject to his mind. Hence the suggestion and final carrying out of the idea for such a volume.

Mr. Lawson's book is of 425 pages with full pages of superb illustrations. In size it is 12 1/2 inches long, 7 1/2 inches wide and 2 1/2 inches thick. The paper is of the most improved article, and its binding is resplendent with white and gold.

An issue of 500 of these books is to be given out absolutely free of cost to those who will send for them. The books are sold like hot cakes, and the publisher, Mr. Lawson, says among other things that the creation and keeping in commission of his new book cost \$200,000.

A few lines from the book, in fact all leading up to the races of 1901, are un-parallelled and will be of great value as a work of reference. The discussion of the last contest reflects the sentiments of Mr. Lawson only.

In relating the trials met by independent and blue circumscribed conductors with building and final breaking up of the Crowninshield boat, Mr. Lawson gives a great deal of valuable data which the public will read with interest.

The history of the America's cup races in the past have been kept from the public, Mr. Lawson says, and that the creation and keeping in commission of his new book cost \$200,000.

VALUABLE ADJUNCTS

To the Sea Power of Nations Are Submarine Boats.

France Leads All Other Countries in This Respect.

Their Effectiveness Would Not Reduce Number of Battleships.

From The Herald Washington Bureau.

Washington, Aug. 15.—(Special to The Herald.)—It was thought in the coming naval evolutions that the superiority of American submarine boats over the French type would be demonstrated, but from present appearances, owing to the recent accident on the Holland, which prevents her from taking part in the maneuvers, such a test will not take place. Naval officers who believe in the submarine boat as a formidable naval weapon are greatly interested in the result of the sham battle last week, off Hyeres, on the French Mediterranean coast, when the submarine boats Zede and Gymnote, were sent out from the harbor to attack the fleet representing the enemy. Traveling at a distance of ten feet below the surface, they reached the fleet and "torpedoed" three battle ships, the crews of which were unaware of the presence of the submarines until the "torpedoing" was done.

This feat, in the opinion of naval experts favoring submarines, demonstrates the importance of considering them as valuable adjuncts to the sea power of any nation. The French country to maintain this stand, the navies of the world in the number of their submarines, and has now a size, capable of carrying offensive operations even as far as the enemy's boats. He congratulated the French navy as being the only one possessing a considerable number of submarine craft. England, however, the alert against her hereditary enemy across the channel, was not slow in reckoning with such a condition, and has now a small number of submarines in commission, with ten additional ones in process of construction.

A few lines from the book, in fact all leading up to the races of 1901, are un-parallelled and will be of great value as a work of reference. The discussion of the last contest reflects the sentiments of Mr. Lawson only.

Jim Dumps gazed out on sidewalks hot And looked in vain for one cool spot; And vowed he ne'er again would eat A lunch of heat-producing meat. Once more has "Force" restored his vim, Although 'tis hot, he's "Sunny Jim."

"FORCE"

The Ready-to-Serve Cereal.

makes comfort possible on a sweltering day.

Sweet, crisp flakes of wheat and malt—eaten cold.

Helps Him to Keep Cool.

"Force" is a blessing to hot humanity. I find since eating it—and I eat it every morning—that I am able to go through a hot day with much more comfort than when I used to eat hearty meat breakfasts. It has taught me how to live. (Name furnished on application.)

PERPETUAL Motion Machine Being Perfected by an Indiana Inventor.

Muncie, Ind., Aug. 15.—If Jacob Miller's wonderful power-saving device that he has almost perfected, meets his claims, the secret of perpetual motion will have been learned. An air-compressing machine he has invented, so he avers and partly demonstrates, will, after once being set in motion, not only furnish the power with which to run itself continuously until the parts of the machine wear out, but will also, during that time, give off enough additional power to run vast machinery.

As the machine now stands, imperfect, it is little but a new kind of air-compressing device in which a vast amount of power and time seem to be wasted to bring about a condition of energy that could be had by the direct application of steam or other form of power.

As yet Mr. Miller has no machine made to transfer the power of the compressed air back to the ponderous machinery that causes the compression.

"When we have this completed," said J. Arthur Meeks, one of those chiefly interested, "we shall have achieved everything we claim for the machine."

It is sufficient that the backers of the machine are men of wealth and influence. J. Arthur Meeks, in whose foundry the device was built and where it is now on exhibition, is a manufacturer and land owner of great wealth. Robert M. Ball, another member of the company, is a manufacturer of washing machines, and is also the possessor of much money. Mr. H. Moreland, Muncie shoe merchant, is another who has faith in it. The other member of the company is Jacob B. Miller, the inventor, who is a carpenter by trade, and not even a practical machinist.

A test of the machine, as far as it has been completed was made under his direction Thursday afternoon, and

comparison was made with this device as an air compressor, and another small air pump, similar to those in common use. With a smaller belt, but with the same power that was applied to the smaller pump, Mr. Meeks created the same pressure from the large machine. However, in doing this, a much longer time was required to attain the same pressure by the big machine than by the little one, in which the power was directly applied.

The machine that the company thinks will revolutionize mechanics consists essentially of four shafts radiating horizontally and at right angles to each other from a common center. At the end of the shafts are four large iron wheels, weighing 3,500 pounds each, which roll over a circular track as the whole is made to revolve about the common center.

A meeting of the company that is perfecting the machine was held Thursday night in the office of R. M. Ball, when plans were discussed.

SKIN TIGHT Were the Trousers That Mrs. Ladenburg Wore.

New York, Aug. 15.—A special to the Evening Journal from Saratoga says: Mrs. Adolph Ladenburg, of New York, caused a sensation on the millinery day by walking across to the livery stable in one of the most startling habits ever seen here. Later she took a trap horse. The habit was made of brown cloth. The skirt was a divided one, and she wore skin-tight trousers.

Mothers lose their dread for that terrible second summer when they have Dr. Fowler's Extract of Wild Strawberry in the house. Nature's specific for summer complaints of every sort.

DISEASES OF MEN.

VARICOCELE, STRICTURE, PILES, PLAIN, Hydrocele, and all other diseases of the male sex, cured without the knife or ligature. Sure cure guaranteed in from 10 to 30 days.

Syphilis, Gonorrhea, Gleet, Pimples, Blisters, Ulcers, Sores in the Mouth or Throat, Unhealthy Discharges, Skin Affections, Falling of Hair, and Constitutional BLOOD POISONING, speedily cured by the new remedial with never-failing success.

YOUNG MEN Suffering from the effects of indiscretion or excess, causing Indigestion, Nervous Debility, Mental Weakness, Vital Losses, Catarrh of the Bladder, Gonorrhea, Stricture, Pimples, Ringing in Ears, Flattening of Heart, Despondency, Lost Manhood, Unfitness to Marry, Weak Back, Rheumatic Pains, Kidney and Bladder Troubles, are guaranteed a safe and speedy cure by remedies prepared and dispensed by himself. Charges always moderate. No exposure. Call or write.

MIDDLE-AGED AND OLD MEN who are the victims of Prostatic, Urinary, Kidney or Bladder Troubles, Impaired Vigor, Premature Decline from recent exposure, Mental worry or overwork, Rheumatism, Eczema or Salt Rheum, Piles, Ulcers, Old Sores, Cough, Impending Paralysis or Consumption, Stomach and Liver Troubles, Loss of Amidity, unfit to enjoy either pleasure or business, are cured for life by Dr. Pierce when all others have failed.

LADIES FEMALE WEAKNESS, GENERAL DEBILITY, NERVOUS TROUBLES, UNHEALTHY DISCHARGES, PAINFUL OR IRREGULAR MONTHLY RICKNESS, safely and speedily relieved. It is trouble call or write. DELAYS ARE DANGEROUS. Medicine sent everywhere by mail or express in plain wrapper, free from exposure.

Schedule of Charges—Both Sexes. Examination and medicine at office, \$1.00 up. Treatment and medicine per week, \$1.00 up. Treatment and medicine per month, \$3.00 up. SATISFACTION GUARANTEED OR MONEY REFUNDED.

DR. T. J. PIERCE, 5 West Superior St., Duluth, Minn.

See Fac-Simile Wrapper Below.

Very small and as easy to take as sugar.

FOR HEADACHE, FOR DIZZINESS, FOR BILIOUSNESS, FOR TORPID LIVER, FOR CONSTIPATION, FOR SALLOW SKIN, FOR THE COMPLEXION.

Purely Vegetable.

CURE SICK HEADACHE.

BIG PADDLE

Made By a Minister to Use Upon His Wife.

Hawthorn, Kan., Aug. 15.—Rev. E. W. Moore said for divorce from F. G. Moore, a shoe dealer, of Horton, Moore was once a minister and preached at Clifton and Wamego, Kan.

Moore said, he says, that the law gave him as much right to punish her as it gave to a husband, and he prepared a large wooden paddle.

The members of his congregation asked for his resignation because of his alleged ill-treatment of Mrs. Moore.

ATTORNEY'S FEES

A Necessity and Debtors Can Be Garnished.

Toledo, Ohio, Aug. 15.—Judge Pugsley decided that an attorney's services must be classed as necessities of life, the same as food and clothing. This is the first declaration of the kind in Ohio. Last year a Cincinnati judge held that a physician's services were necessities of life.

If the decision is sustained to the point of a married man's fees can be garnished by an attorney for fees.

WHEAT IS HIGHER

Market Starts Out Higher and Makes Further Advance.

Steady Cables and Rains in the Spring Wheat Region.

Flax Trading Quiet and the Market Slightly Stronger.

Duluth Board of Trade, Aug. 15.—The wheat market started out at higher prices this morning and ruled quite strong. The cables were steady and bad weather for harvesting in the spring wheat country had a bullish effect. Duluth shippers worked five loads of wheat for export. The Liverpool market closed at higher and Berlin was for lower.

Primary receipts of wheat were 1,188,000 bushels, last year 989,000 bushels. Shipments 1,188,000 bushels, last year 989,000 bushels. Duluth shippers worked five loads of wheat for export. The Liverpool market closed at higher and Berlin was for lower.

Corn in the Chicago market was steady. September closing without change. November closing advanced 1/2 cent. Primary receipts of corn were 200,000 bushels, last year 180,000 bushels. Shipments 200,000 bushels, last year 180,000 bushels.

Receipts of wheat at Duluth and Minneapolis 120 cars, against 110 last year. Total of 44 cars, against 28 last year and 44 last year.

Trading in wheat on the Duluth board was active. The market opened 1/2 cent up at 84c and 1/2 cent down at 83c. The close was at 84c, which was an advance of 1/2 cent.

Flax prices were unchanged at 40c. September for No. 1 northern, 39c; No. 2, 38c; No. 3, 37c. Sales were very light.

Flax trading was light. September closed up 1/2 cent at 40c and 1/2 cent down at 39c. The close was at 40c, which was an advance of 1/2 cent.

Following are the closing prices: Wheat—No. 1 northern, 84c; No. 2, 83c; No. 3, 82c. Corn—No. 1 northern, 39c; No. 2, 38c; No. 3, 37c.

Flax—No. 1, 40c; No. 2, 39c; No. 3, 38c. Barley—No. 1, 35c; No. 2, 34c; No. 3, 33c.

Shipments—Wheat, 184,000; Corn, 200,000; Flax, 100,000; Barley, 50,000.

ADVANCE IN STOCKS

Prices Moved Upward Early, Reacted But Recovered Partially.

United States Steel Stocks Made Another Small Gain.

Market Steadied Near Close Which Was Dull and Firm.

New York, Aug. 15.—The stock market opened active and firm with Southern Pacific and Union Pacific the conspicuous features. There were simultaneous gains in the steel stocks, the advance in the steel stocks being the result of a large order for steel for the construction of the Panama Canal.

Prices were higher when profits were realized in the steel stocks, the advance in the steel stocks being the result of a large order for steel for the construction of the Panama Canal.

NEWS OF THE LAKES

Capt. McPherson's License Is Suspended For Fifteen Days.

Complaint Made By the Steam Ferry Estelle.

Charges Against Estelle's Master Are Being Investigated.

One decision was filed by the local steamboat inspectors and evidence of another case taken this morning in which the license of masters of trust tugs are affected.

William McPherson, formerly master of the B. B. Inman, of the Great Lakes Towing company, has had his license suspended for fifteen days. McPherson left his local boat about a week ago to go to the Soo. However, he will be unable to work at any port on the lakes as notices of his suspension are sent broadcast.

In each case Capt. Tracy D. Cartland of the Perry Estelle filed the charges against the tug captains. The cases arose from the passing of the ferry and the tug.

In the decision the tug state "that for failing to blow a passing signal and running at a high rate of speed when passing in the direction of the tug." The tug state "that for failing to blow a passing signal and running at a high rate of speed when passing in the direction of the tug."

The case on this morning was that of Harold Burg of the tug Superior in which charges are again brought by Capt. Cartland of the Estelle. The Superior was passing in the direction of the tug Superior in which charges are again brought by Capt. Cartland of the Estelle.

HIRSCHY

WINNER

Minneapolis Champion Shot Wins In Virginia Tournament.

Duluth Men Capture Third, Fifth and Seventh Places.

Tournament Conducted In Fine Manner—Attendance Not Large.

The winner of the Virginia gun tournament was H. C. Hirschy, champion wing shot of America.

T. J. Storey, of Duluth, was only ten birds behind the champion and took third place in the tournament.

John W. Nelson and Frank Berry, the other two Duluth representatives, did excellent work, Nelson shooting fifth and Berry seventh.

In the tenth event of the tournament yesterday Nelson defeated Champion Hirschy in one of the most sensational shoots on the program.

It was a fifteen-bird event and the Duluth man broke his fifteen straight, while the champion of America broke fourteen.

From the viewpoint of sportsmanship the tournament was a big success, though the attendance was not all that the program justified.

This apparent lack of interest on the part of the Minnesota sportsmen may be accounted for by the fact that the tournament was arranged just a little too close to the opening of the game season, and men that were not sure of shooting inside the money were afraid to take chances against the crack shots, and determined to save their money for a little hunting trip later on.

The members of the Virginia club made a reputation for themselves in conducting this tournament in a thoroughly sportsman-like manner, and also for their good shooting.

The high guns and scores made out of a possible 30 were as follows:

Hirschy, Minneapolis.....	288
Cuphill, Pennsylvania.....	280
Storey, Duluth.....	280
Seymour, East Grand Forks.....	272
Nelson, Duluth.....	261
Leighton, Ely.....	257
Berry, Duluth.....	254
Spratt, St. Paul.....	253
Brownell, Ely.....	250
Finch, Virginia.....	244
Parmenter, Virginia.....	244
Thegesen, Virginia.....	231
Hodge, Ely.....	231
Baker, Virginia.....	223

Mr. Hirschy spent the evening and most of today with the Duluth sportsmen, leaving for Minneapolis this afternoon.

A WARBLER.

Mary Johnston's Voice Brings Her Under Law's Ban.

Blithe with swiss and rye, a momentary vision of dainty blonde police court loveliness lingered luxuriously against a Lake avenue telephone pole, and closed her eyes dreamily under the hypnotic influence of the sad sea waves that rippled gently through the ship canal.

She was no other than Mary Johnston, author of "To Get and To Let Go," and other tales of daring.

Under the influence of a few small cold pills of fizzing bubbles she made up her obstinately frivolous little mind that, after all, classical music was not so much beneath her.

So she cut loose with her ultra-innocent, resonant, sparkling, rippling, dazzling, smashing, powerful, beautifully effected and with such delicacy of shading, that he was unable to assume a perpendicular attitude until a policeman pried him loose from the sidewalk.

She was about the only person of prominence there appeared before Judge Windom this morning, and at the invitation of the court she decided to spend the next month in the county

HIRSCHY

WINNER

While playing Wild West last evening, little Walter Ringsted, the champion 12-year-old vaquero of East Sixth street, dropped his last over a tigerily belonging to George Harkness.

The owner claimed that the damage to his plant was about \$5 worth, but Judge Windom allowed the boy to go free with a few words of advice about last-throwing in the future.

Delegates Meet.

There was a meeting at the Commercial club rooms yesterday afternoon of the joint committee that will represent Duluth at the trans-Mississippi commercial congress at St. Paul next week.

The discussion was of a general nature relative to the best way to present for the endorsement of the congress Duluth's claim to a site for a naval training school. A. B. Chapin was elected chairman of the committee and R. W. How will act as secretary.

It has been found that a number of the gentlemen appointed on the committee will be unable to attend the congress at St. Paul, and their places will be filled by others.

Gard Party Entertainment and Pillow Raffle

Given by Mac-Way-Pay-See Council, No. 4, Degree of Rochester, Elks, New York, Monday evening, Aug. 18, 1902, including refreshments.

JULY DEATHS.

Causes Are Distributed Among a Variety of Troubles.

July was comparatively unhealthy for Duluth, as shown by the vital statistics of the health department.

There were fifty-eight deaths. Forty males and eighteen females died. There were only seventy-eight births.

Forty-three were boys and thirty-five females.

For the same month last year the rate was fifty-six deaths and ninety-nine births.

Thirty-seven of those that died were under twenty years of age.

COST OF LIVING

Commercial Club Committee Will Report Result of Inquiry.

Will Make Comparisons With Wages and Expenses Elsewhere.

Possible Campaign By Business Men Against Ticket Sellers.

The next regular meeting of the Commercial club of Duluth will take place Wednesday evening at the club rooms in the Torrey building, says Secretary Preston.

Preston is urging the members to make a special effort to attend this session because of important business that will come before the body.

There was a postponement of the last regular meeting of the club because of a conflict in dates with other matters in which the club was interested, and the committee reports that to have been presented at that meeting will be presented at the next meeting.

Prominent among the reports will be that of which L. S. Case is chairman, and which was appointed to investigate the cost of living in Duluth in proportion to the wages paid, as compared with wages and living expenses in other cities.

The investigation of this subject has covered a large territory, and a great deal of time has been consumed in gathering the data, but it is understood that the report which will be made will be an especially interesting one.

Another important proposition that is very likely to receive the endorsement of the club is an organized campaign on the part of the club against the promiscuous buying of tickets to ball games, races, etc., which the business men of the city are presently forced to do.

The question is one that has been agitated among the Duluth business men for some time past.

West Superior merchants have already acted along lines to stop the abuse. The subject of the subject will be opened and every member of the club will have an opportunity of suggesting ways and means of bringing the club into a position to grapple with and stop the pernicious practice of bleeding the business men.

Among the propositions talked of thus far has been the appointment of a committee of the Commercial club members that will pass judgment on all soliciting schemes, deciding whether they are worthy of patronage or whether they should be turned down. This will include all trade check and similar schemes.

Some time ago a committee was appointed by President Patrick of the club, to look into the situation with reference to congress asking for closer trade relations with Canada.

The Commercial club has gone on record as requesting reciprocal trade relations, and the petitions are the first steps in the campaign to be made to realize the club's desires.

The committee to investigate the national mark scheme on Park Point and the feasibility of securing a naval training school will report on progress made.

A report will also be presented by the committee appointed to investigate and see if there can be a better municipal service established between Chicago and the head of the lakes.

The Commercial club has now a membership of 650 members, and it is desirable that members in the work of the organization be not allowed to flag.

The club has already given a good account of itself in furthering the interests of the city.

NEWLANDS

Says Republican Party Is Opposed to the President.

From The Herald Washington Bureau.

Washington, Aug. 16.—(Special to The Herald.)—Praise from Democratic sources is something more than President Roosevelt could reasonably expect.

But, Representative Newlands of Nevada, in a private letter received here today, speaks in the highest terms of the president.

"I regard Mr. Roosevelt as pre-eminent," writes the Republican party, "for his earnestness and courage."

He says, adding, "and outside of the radical question of the party differences, Democrats must concede that President Roosevelt has conducted himself well and that he is an American of whom every American should feel proud."

Mr. Newlands, however, believes that the Republican party and the president are not in union on the subject of the trusts.

He says that Mr. Roosevelt, while governor of New York, sought to bring the great wealth of that state into some reasonable degree of contribution to the state expenses, and that consequently the New York Republicans forced Mr. Roosevelt into a position of getting rid of a reform governor.

"Their action was not in the interest of reform," writes Mr. Newlands, "but against it. They hoped to put him in a position of absolute weakness. The question is not whether Mr. Roosevelt is a reform president, but whether the Republican party is."

Mr. Newlands also makes a plea for Democratic harmony.

"During 1899 and 1900," he says, "the party was passing through acute crisis. It was endeavoring to throw off the control of the men who were really in sympathy with the Republican party and Democratic politics, and who were disposed to favor wealth rather than the honest endeavor of the masses to secure prosperity and happiness."

"I believe that what we require is harmony of sentiment in the party, rather than the apparent harmony that is produced by placing those who differ with us in our views and thus attempting to secure both sides of the subject by endeavoring to secure the support of those who really prefer Republican policies to our own."

Small amounts of anthracite are used each year for the schools in the outlying districts. For this the companies added 50 cents for each ton delivered to Fond du Lac, New Duluth, Smithville, Glen Avon, Woodland, Lester Park, Lakeside, Duluth Heights, Kenosha, and other places.

When school opened in 1901 the board had on hand about 112 tons of coal. During the winter it bought about 325 tons, paying \$17,365.51, all of which was used during the winter, leaving on hand 282 tons of coal during the winter.

Taking these figures, it appears that the various schools of the city used 213 tons of coal during the winter. Most of this was Youghiogheey screenings at \$3.00 per ton; Hocking screenings at \$4.45; Hocking run of pile at \$4.30, and smokeless mine run at \$4.75.

This year the bids received averaged about 5 cents more per ton than last year, the exception of Hocking screenings, which has been raised 10 cents. The prices submitted were: Youghiogheey screenings, \$3.85 per ton; Hocking screenings, \$4.50; Hocking pit run, \$4.35, and smokeless mine run, \$4.80.

All of the companies bidding allowed a discount of 25 cents per ton for all coal delivered to the schools. The school board got all it could secure by that date, thus saving the city considerable money.

San Francisco, Aug. 16.—The supreme lodge of the Knights of Pythias continued its sessions today, several matters of importance to the order being considered. The Rathbone Sisters devoted the day to an excursion to Oakland, the University of California, Mills college and Piedmont park.

There were also other excursions to various points of interest in the city. The Rathbone Sisters' excursion to the Mechanics' pavilion, at the termination of which the prizes won in the fall competitions will be announced. The display of California products in the nave of the Union Ferry building continues to attract many visitors.

For Register of Deeds. L. M. JOHNSON is a candidate for Register of Deeds. He is a member of the Typographical union, and is prominent in the West End of the city. He is a Swedish-American, and if nominated will bring strength to the ticket.

For State Senator Fifty-First District. SENATOR F. B. DAUGHERTY announces that he is a candidate for reelection, upon the Republican ticket for state senator in the Fifty-first district, which includes the First, Second and Fourth wards of Duluth, the townships of Morse, St. Louis and Duluth, the city of Ely and Lake Cook counties. He has represented this section of the state once before the term that is now expiring, and has been directly responsible for the passage of many of the great benefit to this district and its people. His efforts in the legislature have been for the good of all classes of his constituents, and he has been able to materially help the interests of business and labor many times.

Considering this matter, the attention of the voters is invited to his record as citizen and legislator.

State Senator, Fifty-First District. HON. GEORGE R. LAYBURN is a candidate for the Republican nomination for state senator from the Fifty-first district, which he has ably served three terms as representative. His work and standing in the legislature reflect credit upon himself and his constituents, and his nomination as state senator will be only a well deserved promotion. Vote for him on Sept. 16th.

County Superintendent of Schools. BERT N. WHEELER, a college graduate and a practical teacher, who has had experience in range schools, is a candidate for the Republican nomination for superintendent of schools.

ANDREW T. PARK is a candidate for a second term as superintendent of schools of St. Louis county. Superintendent Park has filled the office one term, and his thorough knowledge of the present needs of the school make him the logical candidate.

He points to his career as superintendent and as a Republican as the reason for his asking your support on Sept. 16th.

For Sheriff. JOHN T. ARMISTEAD desires to be a candidate for St. Louis county and is a candidate for the Republican nomination for the same primary election. He respectfully solicits the favor of voters on the ground that he is and always has been a consistent Republican and a successful business man of the city of Duluth.

JOHN R. MEINING is a candidate for the Republican nomination for sheriff, and solicits the votes and support of all Republicans on his record as a persistent worker for the party and competent business man.

PAYS MORE THIS YEAR

School Board Finds Price of Soft Coal Advanced.

Advance Ranges From Five to Fifteen Cents a Ton.

Schools Require Nearly Four Thousand Tons a Year.

Some time ago the board of education advertised for bids from the various coal companies of Duluth for supplying the schools with coal this winter.

Only four bids were sent in, and as all of these were the same in every particular, all were accepted, and the board will divide the orders equally between them.

Last year the same thing occurred, only three companies bidding, and all three offering the same prices, necessitating the acceptance of all.

The Northwestern Fuel company, the Ohio Coal company, and the Pioneer Fuel company were the three companies that got the orders last year, one more being added to the list this year, the Northland Coal company.

When school opened in 1901 the board had on hand about 112 tons of coal. During the winter it bought about 325 tons, paying \$17,365.51, all of which was used during the winter, leaving on hand 282 tons of coal during the winter.

Taking these figures, it appears that the various schools of the city used 213 tons of coal during the winter. Most of this was Youghiogheey screenings at \$3.00 per ton; Hocking screenings at \$4.45; Hocking run of pile at \$4.30, and smokeless mine run at \$4.75.

OVER ONE MILLION ACRES

OF THE

BEST WHEAT AND FLAX LANDS

IN WESTERN CANADA

These lands have all been personally selected after the most careful examination. The country is slightly rolling prairie, the soil rich black loam with clay subsoil. All kinds of small grains yield enormously. The country is also well adapted to diversified farming. Co-operative creameries are built by the government. Nowhere can farming be done more easily or cheaply, or with so little capital.

Read What Prominent Bankers, Grain Men, Merchants and Farmers Say

About this country, many of whom have made large purchases of land in this district

The Following Opinions Were Expressed After a Trip Through the Lands in Question:

Letter Written by James Cash, of Duluth, to a Friend.

Duluth, July 10, 1902.

My dear friend,

I have just returned from a trip through a portion of the Canadian Northwest, traversed by the Canadian Pacific railway, from Regina to Prince Albert.

I found the best wheat lands on the continent. I was prepared to find that the richness and strength of the soil would equal what I found at Craig.

Four and other points along the railway north from Regina. In driving over these different points, I had made and made frequent examinations of the soil by digging down as far as we could, and generally to the depth of eight or ten feet, and always found the same general character of land.

It is about ten or thirteen inches of rich black soil underlain by the famous prairie clay subsoil, the depth of which I am unable to decide, as it extended far below my digging. This subsoil is filled with small stones, together with strong fine growth, indicating a soil of great strength and gives the growing grain its strength, and supplies the moisture necessary for a full, plump and perfect grain. The roots of the grain penetrate this soil at times to the depth of two feet, over, according to the lack of water from above.

In the Long Lake district the soil everywhere was further advanced, they were within fifty miles of Minneapolis. This is coming to the annual amount of daylight common to that country, which forces the growth of all vegetation.

Winters are less severe than non-natives imagine, and the first thing that impresses one along these lines is the great abundance of grain in stores, butter, which leads one to believe that the climate of mild winters in that region is well founded, and that they are out of touch with the facts of the case.

Canadian farmers, equally with our own, foster free education and guarantee perfect religious liberty. Every established community already has its school houses and churches, and the number of those will be limited only by the necessity or desires of the people. The valley seems to be an American colony with a mixture of Canadian farmers and business men.

Two railroad systems will be competing for the transportation business and market prices will be regulated by the same standard as in our own country.

The soil is something no Minnesota people can equal—a vegetable mold upwards of a foot deep with a clay subsoil.

It would seem that the Saskatchewan valley possesses all the requisites of a desirable place for a home. (Signed.)

J. W. REYNOLDS, Duluth, July 10, 1902.

to eighteen feet and a well in that country has never been known to dry. Owing to the liberal rates on grain given by the C. P. R., the tariff on wheat from the Saskatchewan valley lands are 20 per bushel less to Port William than from corresponding points in North Dakota and along the Soo line to Duluth, giving the Saskatchewan farmer a fine profit on a large crop over his less fortunate neighbor to the south of him.

The land for the most part is level, the balance slightly rolling, with scarcely a ditch that cannot be plowed out.

In fact, the country is all right and all that one could ask for. The school laws are practically the same as in the United States, taxation is low, and churches of all denominations are in evidence, on every hand. The settlers are English-speaking people, sober, industrious and without debts or mortgages on their farms, and always great the new-comer from the states with a good hand and pleasant word. It is just the place for any man to get a start in, and I would advise you to quit digging around stumps with only a small return for your labor, and get a home in this great valley, where with every advantage you have now, you can get a home for your same amount of land and at less cost, get at least 20 per cent more crop for your pains, than you are getting where you are now.

I backed up my opinion of that country by buying five sections between Lomaden and Flinburg. Will give you a more detailed account of my trip when I see you. Yours, etc.

(Signed.) JAMES CASH.

The Saskatchewan Valley as a Home.

The question which concerns the prospective agricultural settler in a new country is, What kind of a home will it make? The answer to that question depends on the country, the climate, the educational and religious opportunities, the neighbors, the quality of the soil, the markets, etc. Although Saskatchewan is a "new country," it seems to be entirely free from the rough element which often found on the fringe of civilization.

There are already a large number of settlers on the railroad and rivers and they are all of the permanent kind—farmers engaged in establishing homes.

The climate is not severer than that of Minnesota.

Canadian farmers, equally with our own, foster free education and guarantee perfect religious liberty. Every established community already has its school houses and churches, and the number of those will be limited only by the necessity or desires of the people. The valley seems to be an American colony with a mixture of Canadian farmers and business men.

Two railroad systems will be competing for the transportation business and market prices will be regulated by the same standard as in our own country.

The soil is something no Minnesota people can equal—a vegetable mold upwards of a foot deep with a clay subsoil.

It would seem that the Saskatchewan valley possesses all the requisites of a desirable place for a home. (Signed.)

J. W. REYNOLDS, Duluth, July 10, 1902.

Robert F. Fitzgerald, boot and shoe man, of Duluth, who proved himself one of the finest gentlemen on the trip, being popular with all, said: "The Canadian Northwest is a marvel to me. I know you had a country immense in extent here, but I did not know and neither do 50 per cent of my fellow citizens in the United States know, that you have an empire so vast in extent, so varied in resources and so generally fertile as actual exists. I have seen the Western States develop, but I expect to experience the pleasant sensation of viewing a development in Western Canada which will take your people's breath away and surprise them infinitely more than it will myself and my fellow countrymen."

John Lind, ex-governor of Minnesota—Your great Canadian Northwest is Minnesota and Dakota duplicated, only on a much more extensive scale. No one with a prophetic eye can doubt the great future that is ahead of you.

F. A. Patrick of F. A. Patrick & Co., the Duluth Commercial Club—The prosperity and contentment of the settlers already located in the Saskatchewan valley is the best possible evidence of the great possibilities of this country.

Charles R. Haines, Duluth—The immense and vast territory through which we traveled will surely become the future homes of millions of prosperous people.

Mills Bunnell, manager Duluth News-Tribune—The trip has demonstrated to the satisfaction of your American visitors that the Saskatchewan valley is one of the most fertile and promising districts on the continent. American capital and labor must be depended upon to assist in developing there one of the richest and most populous provinces in the Dominion.

Oscar Mitchell, attorney, Duluth—I am compelled to revise all of my notions about Western Canada. The Saskatchewan valley only needs settlers to make it one of the finest sections in the whole Northwest. Mile after mile of unbroken prairie, need only the settler's plow to make it produce wheat, oats and flax in great quantities. The soil is fertile, water accessible and the climate much milder than I had supposed. As soon as its advantages are known, the Saskatchewan valley will rapidly settle up and lands will greatly increase in value.

Dr. J. D. Budd, Two Harbors, Minn.—I never was more surprised than I have been since my first view of the splendid country through which we have passed. Assiniboia and Saskatchewan possess attractions for those seeking a home that surpass any part of the country I know of. Soil, climate and water combine to make an ideal spot. There is but one thing needed to make these parts of the great Northwest the garden of the earth, and that is immigration. I feel confident that there are no unoccupied lands in North America that can offer the splendid inducements offered by the Saskatchewan Valley Land company.

J. S. McLain, Editor of the Minneapolis Journal—I first visited Northwestern Canada two years ago. I brought with me then some of the prejudices that people from the states, and even our own Northwest, are usually afflicted with. I think I got rid of most of them. Winnipeg was the first agreeable surprise. I was not prepared to find a city so well built and one in which the business conditions were so prosperous that there was not a single vacant storefront in town. The air of thrift and the general spirit of haste and push which characterize the prosperous Western city on our own side was apparent everywhere, and I felt quite at home. Then, when I started west to the Pacific coast over the main line, I was much impressed not only with the general beauty of the country for hundreds of miles, but particularly with the character of the farm improvements, and the thrifty appearance of the towns and villages of Manitoba and Assiniboia. Here was the tangible evidence that the climate was not unfavorable, and that the soil was highly productive. As one is always more interested in a country he has seen than in one he has merely heard about, I have been much interested in conditions and prospects in Western Canada ever since, and gladly availed myself of the opportunity afforded by the Saskatchewan Valley Land company to extend my observation and knowledge of the country. As a result of this trip, I am more than ever impressed with the resources of this country. The extent of cultivated area and the demonstrated fertility of the soil compel confidence in the general region visited by Col. Davidson's party during the past week. The sight with one's own eyes of beautiful farms and thriving towns, and the meeting with contented and even outlying farmers away on the Saskatchewan, prepared one to accept the representations that come from the still farther Northwest, as to the fertility and ability of vast country to sustain an agricultural population—interview in Winnipeg Tribune.

George Douglas, Cedar Rapids, Iowa—This country is a perfect revelation to me. It looks like Northern Iowa and Southern Minnesota twenty years ago, where land is now selling for \$5 per acre. All I want is settlers, and you can count on it that a lot of our Iowa men will come up. At present they think this country is up in the Arctic region, but I can tell them it's delightful.

C. A. Lindberg—The trip has been a most delightful one and has given an amount of experience that will be useful to all members of the party. For, as I have been able to learn, all agree that the natural resources of the Saskatchewan

valley are, in fact, all the surrounding provinces, are many times greater than even the most sanguine of us expected when we were on the grounds. I talked with twenty-seven residents who had been located for three or more years, and some over twenty, and not one expressed any but the highest praise, both in respect of the fruitful climate and the resources of the soil.

C. R. Peterson, State bank of Cokato, Minn.—Land owned by Saskatchewan Land company is as fine a prairie land as any I have seen and will make a magnificent country when settled. It is not known to the people of my state the vast amount of good land unsettled in Northwestern Canada; and the winters are thought to be more severe than I am reliably informed they are. Northwest Canada will be the future grain garden of America.

W. H. Piper, Red Wing, Minn.—I am well pleased with the general character of your lands. Your soil seems to be of a very good quality, producing a good quality of grass and small grains. I consider all of your lands through which I have passed well adapted to wheat, oats, flax, barley and grass culture, nearly all of which is just rolling enough to be well drained and easily worked. I have talked with many "old settlers" who agree that the climate is one well worthy of investigation; the long days of sunshine combine with abundant rainfall to produce a rapid growth of vegetation; and the winters, though cold, are enjoyable over the entire surface, forming a cover that protects the roots of all plants, and has made it possible to produce good crops of winter wheat along the Saskatchewan river in the Saskatchewan district. Your trip has proved a pleasant one for me and I hope it may prove a profitable one for you.

F. C. Van Dusen, of the Van Dusen-Harrington Company, Chamber of Commerce, Minneapolis—This large territory, with its natural advantages, offers rare opportunities for men seeking locations in the agricultural districts, and on a very reasonable basis of value.

Col. G. D. Rogers, Minneapolis—After more than forty years of life on the Western prairies of the United States, I am free to say there are as great possibilities for the Saskatchewan valley as any portion of the North American possessions today. The land laws are more liberal, the soil is surely of the best and an intelligent people is already there to welcome the new settlers with cordiality, and so have tried to watch it closely, but I had no idea of its wonderful fertility.

S. Nelson, President Farmers' and Merchants' Bank, Lancaster, Minn.—Great is the N. W. T., and the Saskatchewan

valley is among the finest lands for general farming that I have seen, and their producing power will only be known when the country is more fully developed.

F. M. Castetter, president of the banking house of A. Castetter, Blair, Neb.—I have been a pioneer in the state of Nebraska and have seen the country grow from its infancy. There, lands no better than the hundreds of millions of acres you have here, have increased in price in a short time to from \$5 to \$25 an acre. I am absolutely convinced that you have a tremendous future ahead of you there. Once the facts about your country become known there will be a rush that will surprise you.

C. A. Hubbard, banker, Lake City, Minn.—The Canadian Northwest is a revelation to me. I predict a great future for it. The Saskatchewan valley is destined to become a rich agricultural region. A few years will find it settled with prosperous farmers. A young man with or without a family, who possesses energy and ordinary intelligence, will make no mistake if he locates in that section of the country.

J. H. McCarthy, chamber of commerce, Minneapolis—I knew you had a great country, but a personal visit satisfies me that is far above what I expected. I don't exaggerate when I say it is as fine as can be found in the world, and that is a strong statement. I cannot but think of the progress when the people wake up to what you have here.

H. Stokes, Watertown, S. D.—A very interesting and instructive trip. A country of great possibilities and a rare chance for profitable investment. The natural home of No. 1 hard wheat.

Ex-Governor Lind—I can't see that there is any difference between this soil and the best in our states, only there's so much of it.

The governor is said to know every plant in Minnesota, and was constantly enthusiastic over some now found in Minnesota plant, which also grew in Canada.

Stephen Collins, Farm Machine Man, Grand Forks, N. D.—I was born in Eastern Ontario, but have lived the most of my life in Dakota. I have seen the country develop almost from its infancy. Here in this great Canadian Northwest you have an undeveloped empire capable of raising sufficient foodstuffs to feed the peoples of the world. But the world does not yet know it. It will wake up one of these days and then your population will grow, not by the hundreds of thousands, but by the millions.

A. H. Comstock, of Marshall-Wells, Duluth—We have a Canadian branch in Winnipeg and are doing a good Canadian business. Naturally, I am intensely interested in the growth of the country, and so have tried to watch it closely, but I had no idea of its wonderful fertility.

A. R. Davidson, Cashier of First National Bank, Little Falls, Minn.—The country is a marvel to me, as it must be

to any visitor. The world does not yet know what you have in the great West, but it will find out one of these days, and then—then who can predict the result?

John Dawn, Two Harbors, Minn.—A revelation—surpassing all previous conceptions. Hour after hour the seemingly boundless expanse unfolded itself before our astonished and admiring gaze. The contour of the surface and the wealth and luxuriance of the vegetation seem to rival the most favored portions of our own United States. Repeated tests as to the depth and character of the soil, made by the admiring and interested throng composing our party, abundantly satisfied all as to its productive and lasting qualities. So smooth and gently rolling is the surface of most of the land visited and so evenly and uniformly covered with verdure, a veritable carpet of velvet, that often a scrutinizing gaze was necessary to determine that the thousands of acres passing in panorama before us was not actually subdued and already under cultivation. Climatic conditions at this season of the year are certainly superb, and careful inquiry leads to the conclusion that winters are not unduly rigorous.

Hon. Peter Jansen, of Jansen, Nebraska, has made three extensive trips through the Northwest territories and is better pleased with the country and its prospects each time.

In his opinion the experimental stage in the settlement of our vast prairie has long been passed, and settlers can now come here with the absolute certainty that a few years of hard work will secure to them and their families a good home, and all the necessities of life, as well as some of the luxuries.

Mr. Jansen is showing his faith in the Northwest, not only by words, but has bought several sections of our soil, and expects to have a lot of land broken up next season.

David T. Denmead, president of the City National Bank, Marshalltown, Iowa. My trip through the Canadian province of Saskatchewan has been attended with much pleasure and information. The long, level, unbroken stretches of prairie is as fine in appearance as any land I have ever seen. All the settlers with whom I have talked express their satisfaction with their location and prospects for abundant crops. I have every reason to believe their hopes will be fully realized.

M. M. Williams, Little Falls, Minn.—The trip to Prince Albert and return has been one of continuous education for me. The fact that there are so many millions of acres of the best wheat lands in the world awaiting cultivation has helped me to solve the problem as to where the hundreds of thousands of people that are now looking to the Northwest for farms can find suitable lands for profitable farming. The country I have passed through on this trip reminds me of Southern Minnesota, as it appeared twenty-five years ago, but which is now so densely populated and improved, the lands being now worth from \$7 to \$15 per acre.

No stumps, no stones, no drouth, no cyclones, no hot winds; good water, cheap fuel. Convenient to railroads and towns. Liberal Tax Laws and Free Schools.

A GREAT OPPORTUNITY FOR THE INVESTOR OR FARMER.

Further information, maps and price list furnished on application.

*Dinner and Evening Gowns Actually
Train In Front and In the Back Are
Nearly a Yard In Length.*

Gown of natural silk and linen lawn, over slip of white satin, with vandykes of black velvet ribbon set across front, narrow lace banding between. A fall of deeply plaited lace forms the back and illooce of same across front. The corsage front is tucked, with yoke of white tuck ed lawn and lace on the bertha trimmed with black velvet. The full sleeves have lace let in, and hand cuffs of the same. Black velvet is run in the collar.

Colorado Springs, Col., Aug. 16.—One of the richest strikes ever made in the Cripple Creek district is reported from the Blue Bird mine, on Bull Hill, where a vein of ore six feet wide has been opened at a depth of 1350 feet. Six inches of this vein show values of \$56

INCHES OF SNOW PER YEAR. VALUES OF 200

POLICE ARE CONFIDENT

Think Solution of Bartholin Mystery In Sight.

Believe Friend of Missing Man Will Confess.

Chicago, Aug. 18.—Developments today in the Bartholin-Mitchell murder mystery have led the police to believe they are nearer the solution of the problem than has been for some time. Edward Counselman, the intimate friend of William J. Bartholin, who was held for possible knowledge of the crimes, was taken before Justice Quinn today and held for ten days in bonds of \$10,000, charged with being accessory after the fact in the murders of Minnie Mitchell and Mrs. Annie Bartholin. Counselman admitted he had met Bartholin and that Bartholin said he was in trouble over Minnie Mitchell. The most damaging testimony as to Counselman's possible guilty knowledge of the murders of the two women came from a new witness whom the police found today, W. M. Allen, a fellow workman of Counselman's. Allen said that Counselman told him repeatedly that he knew a great deal about the trouble Bartholin was in. When Allen suggested that Counselman tell the police what he knew, the latter said that he would do so; that Bartholin was his friend and that he was too shrewd for the police. Allen said that Counselman even ex-

pressed the opinion that Bartholin had really had time to reach the seaboard. Allen said that Counselman expressed the greatest anxiety about the case as it developed in the newspapers and that frequently Counselman would walk from the suburb of Harvey, where the two men worked, as far as Kensington to secure the papers. For three days Counselman did not do any work because of nervousness. The police have the testimony of another witness who is positive he saw Counselman and Bartholin together on Aug. 7, the day the body of Minnie Mitchell was found. It is the purpose of the police to put Counselman through the sweating ordeal today and they say they expect valuable results. Counselman's wife begged him repeatedly to tell the police all he knew, but so far Counselman has been obdurate. A note from Bartholin to Counselman asking for money and saying that the writer was in trouble is held by the police. It was this note which Counselman had tried to secure from his wife by choking her, that led to his arrest. The postponed inquest over the body of Minnie Mitchell will be resumed tomorrow. It is probable that a verdict will be returned with recommendations that the men now in custody be held to the grand jury.

THE M'MILLAN MILLIONS

The Will of the Late Senator Gives \$611,000 to Charitable Institutions; the Remainder to the Family.

Detroit, Aug. 18.—The will of the late Senator McMillan, disposing of an estate variously estimated at from \$500,000 to \$1,000,000, was filed for probate today. It contains the following public bequests: To the Home of the Friendless, the Women's Hospital and Foundlings' Home, the Children's Free Hospital association and the Little Sisters of the Poor, \$100,000 each; to Grace hospital, \$50,000. The Jefferson avenue home, in this city, is left to his widow, and she is also given a life interest in the Eagle Head property at Manchester-by-the-Sea, Mass. Gifts of \$1000 each are made to his son-in-law, daughters-in-law and nephews and McMillan, and his former confidential men, George M. Black,

Charles Moore and Richard Rice are left \$5000 each. All other employees in the Detroit office are left \$250 each. Bequests of \$100 and \$200 are made to all the family servants. All the rest of his personal estate is bequeathed to the senator's wife and his sons, W. C. McMillan, Philip McMillan and Francis W. McMillan, and to their survivors, as trustees, to hold until the death of the last survivor of the senator's children, unless they see fit to sooner terminate the trust. The trustees are to pay to the senator's wife during her life the one-half of the net income of the trust property. After the amount of income which shall be derived from certain property valued at about \$500,000, heretofore given to his wife, and the remainder to his children, W. C. Amy, Philip and Francis W. McMillan, and to his grandchild, Gladys McMillan.

GEN. ALGER UNDECIDED

Detroit, Mich., Aug. 18.—When Gen. R. A. Alger, former secretary of war, was asked today if he was ready to announce his candidacy for the United States senate to succeed the late James McMillan, he said: "Upon mature consideration I have decided to consider the matter a few days longer before arriving at a determination. I shall reach a decision some time this week."

The News this afternoon says: "If his health permits, William C. McMillan will be a candidate for United States senator to succeed his father. This statement is practically authoritative, although he has told some of his closest personal and political friends that he wishes to hold the matter in abeyance for a short time. W. C. McMillan will leave tonight for Manchester-by-the-Sea, Mass., to spend a few weeks."

THINKS PEARY FAILED

New York, Aug. 18.—Capt. Bernier, the French-Canadian explorer, who is now collecting funds for his dash for the North Pole by way of Bering sea, does not believe that Peary has reached the pole, says a Halifax special to the Tribune. Capt. Bernier has arrived at Sydney, having piloted George W. Childs Drexel's yacht down the St. Lawrence from Quebec, and when asked about Peary's chances of reaching the pole, said: "Why, he has no chance at all. How do you expect him to reach the pole with seven tons of baggage and without the doctor? But we must give him credit for what he has done; he deserves it. You will find, however, that he will admit on his return that it is impossible to reach the pole by that route."

Lawrence from Quebec, and when asked about Peary's chances of reaching the pole, said: "Why, he has no chance at all. How do you expect him to reach the pole with seven tons of baggage and without the doctor? But we must give him credit for what he has done; he deserves it. You will find, however, that he will admit on his return that it is impossible to reach the pole by that route."

ROCK ISLAND TRAIN DITCHED

Muscatine, Iowa, Aug. 18.—The El Paso limited on the Rock Island road was wrecked by a washout early this morning and five coaches and engine were thrown into the ditch a mile west of Letts. The train carried a heavy passenger list and there were many miraculous escapes from death. Many are reported injured, some, it is thought, fatally. The washout was caused by a terrific cloudburst, accompanied by a terrific electrical storm. Two houses in the adjacent country are reported burned by lightning and it is feared much other damage was done.

Chicago, Aug. 18.—It is stated at the Rock Island general offices that the baggage, mail and express and two chair cars of the train wrecked near Letts were ditched, but that the engine and Pullmans remained on the track. According to their reports no one was seriously injured, although some were bruised.

USED ROOSEVELT THRUST

Rifle, Col., Aug. 18.—W. E. Tribble is the hero of a desperate hand-to-hand encounter with two bears and that he escaped with his life was due in part to the visit of President Roosevelt to this part of the country two years ago. Mr. Roosevelt showed the old guide just how to give the

coup de grace to a bear with the knife. Tribble while in the mountains, was surprised by a grizzly and succeeded in catching him. When confronted by another big bear, Tribble was covered with wounds and crawled to a cave where he hid himself. Tribble was covered with wounds and crawled to a cave where he hid himself.

GEN. MATOS
COMMANDER McLEAN

General Manuel A. Matos, leader of the Venezuelan revolutionists, seems to have succeeded in convincing the people of his country that Castro is not the man to rule them. Either Matos is a particularly good soldier or Castro is a particularly poor one, for victory has persistently perched upon the banners of the revolutionists. In the event of continued success Matos will undoubtedly become president, if not dictator, of Venezuela. South American insurgents are not usually great respecters of the rights of foreigners, but American interests are for the present perfectly safe, inasmuch as they are being looked after by Commander McLean, in charge of the cruiser Cincinnati, with the Topoka near at hand in case of emergency.

STRAINED MINERS IN THE MILITIA

Are Relations Between American Minister and the Porte. A Difference of Opinion as to Whether They Should Be Enrolled--Delegates Discuss the Question at Length.

Constantinople, Aug. 18.—The non-execution by the Turkish government of agreements reached long ago on several questions affecting the interests of American citizens has led to somewhat strained relations between the United States and the Ottoman Empire. The United States minister, John Leishman, has informed the Porte that he will not discuss other matters until the terms of the agreement already agreed upon are carried out. Diplomatic circles anticipate further delay and that this may possibly lead to a sharp reminder from the United States.

New York, Aug. 18.—The subject of the relation of the militia to the coal miners has caused an animated discussion among the delegates to the meeting of the Central Federated union in this city, which was recently held. The matter was brought up by a delegate who said he had been informed that there is a regiment of militia in Pennsylvania, composed entirely of members of the United Mine Workers.

Several delegates said that the central body should consider well before taking any such action. The miners, they said, have trouble enough on their hands now. Another delegate remarked that it would be better if the National Guard were made up of trades unionists. He preferred to encourage members of unions to join the militia. "If the militia were made up of the members of labor unions," he continued, "the soldiers would hardly be inclined to shoot their fellow workers when on strike. I want to see battalions of militia in fact, an army of militia—composed of trades unionists. They would be better than the United States army."

CHEERED.

London Congregation Loudly Applauds Sermon By Gumsaulus.

New York, Aug. 18.—Rev. Gumsaulus, of Chicago, has created a profound impression by his preaching in the Park church in the city temple, says the Tribune's London correspondent, and adds:

"The Chicago preacher's high intellectuality, great fluency and poetic vein held the congregation spellbound. At the meeting service, in the course of a sermon in which was shown how vain was man's effort to span the mighty distance between earth and heaven and discover the secret of the Almighty flame, the preacher for a moment descended from his poetic plane and with dramatic outspokenness, unfamiliar to frequenters of the City Temple, actually excited the listeners into a demonstration of applause. The speaker's words were heard in the temple for Sunday worshippers, ready to express their feelings, although at first they were interrupted by murmurs of approval. Dr. Gumsaulus has, therefore, regard the cheering as a very exceptional compliment to his powers of oratory."

London, Aug. 18.—The shah of Persia, Muzaffar-Eddin, and his suite, who arrived at Dover yesterday, reached London today and took up their residence at Marlborough house as the guests of King Edward. In accordance with the Persian monarch's expressed wish, the train from Dover only traveled twenty miles an hour. He, therefore, had plenty of time to array himself in full uniform, and when he left the train at Victoria station he was resplendent in a blaze of diamonds. On his turban stood a huge diamond which stood out like a headlight; his epaulettes were adorned with large emeralds and his breast was covered with jewels of all kinds. The gems worn by the members of the shah's suite were a little less rich than those of his majesty. The prince of Wales, Lord Lansdowne, the foreign minister, Lord Roberts, the commander-in-chief, and the members of the Persian legation and others met the royal traveler at the station. The prince of Wales and the shah shook hands, and the visitor subsequently conducted the shah to his royal carriage, and they drove off escorted by a detachment of life guards, and followed by their carriages. The route to Marlborough house was lined with troops. The weather was miserable, so the sightseers were not numerous.

UNION WARNED BY GOMPERS

New York, Aug. 18.—The Central Federated union of this city has received a letter from Samuel Gompers, president of the American Federation of Labor, warning the Central Federated union against having anything to do with a proposed new federation of organized bodies on political lines. This federation was suggested by the Trades' council of Milwaukee, and some time ago the Central Federated union appointed a committee to make an investigation about it. President Gompers said in his letter that he believed the proposed new federation to be sincere, but he also believed that such an organization would cause dissension and rivalry in the ranks of organized labor. It would be following the policy of the enemies of labor to cause a split in its ranks.

FIFTEEN YEARS FOR ANDREWS

Detroit, Mich., Aug. 18.—Judge Murphy, in the recorder's court today sentenced Frank C. Andrews, who was found guilty of misapplying and misappropriating funds of the wrecked City Savings bank, to fifteen years at hard labor in Jackson prison. He had previously refused to grant Andrews' bill pending the settlement of the bill of exceptions that his attorney will file.

SCHWAB IS TO RETIRE

Steel Trust President Is Mentally Ill.

Will Seek Some Foreign Country to Rest.

Pittsburg, Aug. 18.—A Loretto, Pa., special to the Pittsburgh Dispatch says: President Charles M. Schwab of the United States Steel corporation has accepted the advice of his physicians and decided to retire indefinitely from an active business life. He will leave America to seek some quiet nook in a foreign clime where not an echo of the strenuous life he has led can reach him. This information is authentic. Dr. Golden never leaves the Schwab home, and the exact nature of his patient's illness cannot be learned through him. Mr. Schwab is not confined to his

been restored to their normal condition and his mind fully relieved of the great strain resulting from so many business cares. It was after learning that his health was very bad and that he intended to devote a year's time to recuperating that I passed into the grounds leading to the palatial home on the mountain top. Mrs. Schwab said that her husband would not see any person and had not been receiving visitors for several days. "Mr. Schwab sat on a couch within hearing of our voices. A paper was before his eyes. He exhibited no interest and made no effort to move. Business associates, it is said, have met with a similar reception during the past two days. Mr. Schwab has been directed by his doctors to rid his mind

CHARLES M. SCHWAB.

bed, but spends much time on the wide verandah, which affords fresh air and a sweeping view of the mountain slope. He is always with his wife or his parents. The strange part of Mr. Schwab's illness is that he is always within view of those who call at his home, yet he will not allow any person to approach him. Heretofore the visitor to the Schwab home was greeted with a hearty welcome and a vigorous handshake. Now the visitor is met at the entrance and told that Mr. Schwab cannot be seen. Intimates of the family receive the same message, and none has been able to converse with President Schwab since he came back to his home. The correspondent then says: "The people of this town, who still call him 'Charlie,' because of their early and intimate acquaintance with him, are discussing his prospective departure. They know he is a sick man, and are relieved that he will spend possibly a year in an effort to regain his health. 'The presence of sisters belonging to the Order of Mercy in his home day and night since Thursday was another indication of illness. The nuns were not visitors, but it is generally known that they are nursing the man who has so many times befriended them and their institutions. 'The knowledge of the people of Loretto is that Mr. Schwab is going away somewhere. His destination will be kept a secret, and he will do nothing but seek health until his nerves have

of all business cares and he is obeying the orders of a physician. "Inquiry among the people of the town who have conversed with the Schwabs fully corroborated the stories that the intention to retire from active business life. His friends, however, deny that if he leaves the United States Steel corporation it will be at the dictation of any person other than himself."

New York, Aug. 18.—The retirement of Charles M. Schwab from the presidency of the United States Steel corporation is now commonly accepted as determined upon, notwithstanding recent official denials and present reluctance in official quarters to confirm the report. President Schwab's impaired health is the reason for this action. In well informed quarters it is believed that his retirement will be followed by extensive changes in the membership of the organization. The succession to the presidency is a matter of surmise only, and if it has been decided, no information can be had on the subject. But there are many positions of importance in the United States Steel corporation now held by persons who are there on account of personal ties with Mr. Schwab, and who remained with the corporation from a devotion to his interests, growing from former association in the Carnegie company. It has been reported that the presidency would pass to James Gayley, the first vice president of the corporation. Other rumors have pointed to H. C. Frick.

KILLED IN STRANGE MANNER

New York, Aug. 18.—While fishing in the Hudson river, Gustav Grunwald, Jr., 13 years old, was killed in a remarkable manner. He was with his father and brother when a fisherman standing near them made a sweeping cast with a long

line to which was attached a heavy lead sinker. The sinker struck young Grunwald just behind the left ear and knocked him off the string piece on which he was seated. He was dead when picked up, having been killed instantly. The angler disappeared before he could be arrested.

NO NECESSITY FOR MILITIA

North Platte, Neb., Aug. 11.—Governor Savage today announced that he did not think it necessary to call out the militia to guard Union Pacific property at this point. The governor had a conference with General Manager Dickson, General Attorney Baldwin and other railroad officials and another with a committee of strikers and citizens, and discussed

both sides of the matter. He said it had been demonstrated to him that there was no necessity in calling out the state troops, and that he would not do so until requested by the mayor and sheriff, in which event he would act promptly. One of the railroad officials was hanged in a day last night, but the strikers disclaim responsibility for the act.

PANTON WHITE COMPANY

THE BIG GLASS BLOCK STORE DULUTH, MINNESOTA.

FROM now on until the Big Glass Block Store gets its full growth—every day will witness the opening up of something new in the way of "bargains." On some goods we'll take a loss and look pleasant just the same. Some goods we'll sell at cost, and not begrudge you the profits. We're just as much on the alert as ever for new purchases of bargain lines while—between seasons—we're waiting for the fall goods our buyers are now rounding up for Duluth's merchandise headquarters. From day to day always something new, always something underpriced.

TUESDAY SPECIALS:

BARGAIN COUNTER NO. 1 Velvet Belts 15c— Never such a price until this sale—never such a value—belts that actually cost 75c to \$1.00—several times this price. Belts that have sold as high as \$1.25 are included in this bargain sale. The most dressy, the most smartly-cut women are wearing them, but they're paying more for the same belts—last choice lot. COME AND SEE THE VALUE.	BARGAIN COUNTER NO. 2 20c White Swiss 10c— Splendid 20c White Swiss—some plain, some striped, some large or small dotted—mill remnants 3 to 20 yards long—clean and perfect in every way—material for Curtains, Shams, Bedspreads and Sets—just at the right time, too. One of the best bargains of the day and the season—all 10c yard.
BARGAIN COUNTER NO. 3 More White Shirt Waists. The same price as the last bargain lot, that went so fast—that drew such a crowd—but these are, if anything, BETTER than the last. These have sold as high as \$2.25, right in our own stock, and the only reason they're offered for any less, is our determination to dispose of them all regardless of the loss—Choice from \$4.00 Waists—85c. COME AND SEE THE VALUE.	BARGAIN COUNTER NO. 4 Umbrellas at 69c— Little more than half regular price—always sell for and always worth a dollar—500 for Tuesday—Gloria silk twilled Umbrellas, with light roll steel rod, Dresden and Princess handles—Men's and Women's 26-inch—full \$1.00 values—Tuesday 69c.

Good Gray Melton Skirt for \$2.98

Every one of these is a \$4 Skirt—deep stitched, flaring flounce—sizes and lengths enough to suit every inquirer. Just at the turn of the season is when those are the most practical of garments for street, outing or runabout wear. Certainly never was so good a value known, at the price, only \$2.98.

The New Skirts.

The new styles are arriving. A number of "chic" effects are already on display. For that smart skirt you will want for fall, we're providing lavishly, and ask you to call as often as you're inclined to investigate the new styles—fashion's latest fancies.

Colored Dress Goods--Fall Styles.

Not a bit too early to buy your fall dress materials. In a few days it may be too late to get these goods at these bargain prices.

Camel's Hair Suitings—46 inches wide. Colors in enough variety to suit most tastes. Tuesday we'll make a special price on these 76c fabrics, of 58c a yard.

For Children's Dresses—the popular Jamestown Suitings—neat and pretty novelties. Special for Tuesday, 50c yd.

The new French Flannel Waistings. Prettier than ever this season—for fall and winter waists—stripes and figures—beautiful colors—just arrived and now on display.

Black Dress Goods--Specials.

A dollar cloth for 79c is one of the Tuesday leaders—48 inch English black Whipcords. A grand value and as there are but 5 pieces, don't delay. The yard 79c.

All wool black Venetian Cloth—extra heavy—56 inches wide. A good \$1.50 value and sold as a bargain at \$1.39. 98c.

For Tuesday's thrifty and thoughtful shoppers the price will be 98c the yard.

We'll let go of 5 pieces of our dollar quality English black Camel's Hair Suitings—nothing neater or nicer in black—for Tuesday, 75c the yard.

Knit Umbrella Drawers Only 19c.

Every pair is worth 25c. The Vests to match have been all sold, hence we'll let the Drawers go at what they cost us. LACE TRIMMED WHITE, odd lot, not all sizes, per pair 19c.

Fancy Lace Lisle Stockings 25c.

They are the 35c quality, with double sole. There are stripes, dots and fancy patterns, open work, drop stitch and all over. Tuesday you get a saving of 10c on every pair, at the reduced price of 25c.

RAILROAD RUMBLES

Lumber Rates, Effective In Minnesota, Go In Today.

Interior Cities Get Worst of It Under New Rates.

Usual Trouble Coming Up Over G. A. R. Encampment Rates.

The lumber rates between local points in Minnesota only, which were announced some days ago, became effective today.

The new lumber rates to Chicago and Southwestern points will become effective about Sept. 1, but none of the local offices have yet received announcement of the definite date. The rates that are to become effective next month are on the following basis: Ten cents to Chicago, Milwaukee and Manitowish, local and points east thereof from Duluth, the Superior, Ashland and Washburn 12 cent to the same points from Cloquet, Scanlon, Carlton, Iron River and all intermediate rail shipping points; on lumber west of the Mississippi 6 cents per 100 pounds above the Minneapolis rate from Cloquet, Scanlon, Carlton, and 4 cents above the Minneapolis rate from Willow River and Rutledge; rates to the Twin Cities, locally, will be 6 cents from Duluth, Superior, Washburn, Ashland and intermediate points 5 1/2 cents from Cloquet, Scanlon, Carlton, and 5 cents from Willow River and Rutledge.

It will be seen by the above schedule that all lumber shipping points on the lakes will be given the advantage of 2 cents over the interior lumber shipping points. The difference of 1 cent in the rate being practically equivalent to 50 cents difference on every thousand feet. It should be noted that living in the interior and many miles nearer Chicago than the lake cities must pay higher rates, and they are consequently, objecting strongly to the discrimination. The advantage in the rate is being given, of course, to the trade to rail instead of lake shipping, but the lumbermen who live in the interior will be hard to convince that they are getting a fair deal by the railroad company.

At the same time, Cloquet, Scanlon and the interior points, even Iron River, will be given the advantage of a 2-cent lower rate for lumber shipped west of the Mississippi river.

The interior mills will have from a half to 1 cent the advantage on local shipments to the Twin Cities, but the lake shipping points will have the advantage on through rates to points below the Twin Cities. It is claimed that the change in rates will practically put a check to lumber shipments by rail from the interior. The shipper will claim that only will they have to pay the rate from interior points, but an additional rate from the lake cities.

What the effect of all this protest by the shippers from the interior will have is only a matter of conjecture, but the railway officials are inclined to believe that it will have no effect.

ENCAMPMENT RATES.

Usual Trouble Over the Railroad Charge.

Local passenger agents do not look for any change in the G. A. R. rates to Washington, D. C., next month, in the event of trouble which may develop among the Western lines. For ten years past there has been a regular loss among the railroads of greater or less magnitude over the G. A. R. rates, and, according to the reports current in railroad circles, the same loss will be repeated this year. The lines east of Chicago, in the Central Passenger Association territory, have authorized a 1 cent a mile rate to Washington and return, as has been their custom. Lines east of the Twin Cities agreed on a rate of one fare for the round trip to Chicago, which would mean, figured on the official 40 miles, nearly 1 1/2 cents per mile.

It is claimed that the Grand Army veterans have been promised a cent a mile rate by some of the local lines out of Chicago, and they insist that this rate can be made by the Western lines. Certain lines, it is claimed, have made contracts for the carrying of posts in a body, at less than 1 cent a mile rate, and for that reason a collapse in the other rates has been predicted.

The Omaha, Great Northern and Northern Pacific roads have already announced a round trip rate of \$2.50 to Washington from Duluth, in event of the encampment, and the local officials do not believe that any conditions will come up that will affect that rate. The South Shore road has not yet announced its encampment rate, and from the fact that it has not done so, there is a rumor that the road may slash the rate. Were the national encampment at the season when the South Shore road does its heaviest business with the lake steamboat lines, there would be no doubt but that the road would enter a close competition with the other lines to get the encampment business. At the present time it cannot be predicted with any degree of certainty what the South Shore road will do.

TROUBLE SETTLED.

Machinists' Helpers at Superior Return to Work.

An agreement was reached last Saturday afternoon between the council arbitration committee of West Superior and Superintendent D. M. Philbin, of the Great Northern road, whereby the striking machinists' helpers at the Superior shops went back to work today at \$1.65. The men were getting \$1.50 per day and per hour \$2. It is understood, however, that the arbitration matter up to the officials of the road at St. Paul to see if the company will

grant the \$2 demand. Mr. Philbin is said to have objected to the raise to \$2 because of the precedent it would establish, that were the rate to be granted in West Superior a strike would be inaugurated in all the other shops of the Great Northern company. The union depot in this city is to settle for the time being on the basis of \$1.65, for it was feared that the company would succeed in working into service non-union helpers.

Railroad Notes.

Harry Sprink, who has been connected with the Great Northern company at West Superior, has been appointed assistant ticket agent at the Union depot in this city. Northern Passenger Agent L. D. Kitchell, of the Great Northern road, is back from a business trip on the range.

POSTPONED

Owing to unfavorable weather the Moonlight Excursion of Imperial Camp 226, M. W. A., is postponed.

Watch for New Date

BIG YACHT RACE.

American Yacht Took Lead Soon After Start.

London, Aug. 18.—The auxiliary steam yacht "The Arrow," of the N. A. B. fleet, left for France, and back, for the coronation cup presented by the Earl of Crawford, was started today in a downpour of rain. The Valhalla, owned by the Earl of Crawford, led away from the start, and the Arrow followed her. The King Edward witnessed the start. The Valhalla encountered a heavy head wind nearly an hour after the start. The Valhalla, owned by Albert Brasse, M. P., started in pursuit of the other yachts in the race.

HELPLESS

Are the Men If Women Wish to Kiss Them.

St. Louis, Aug. 18.—Judge Sidenor, of the city hall police court, who governs his court "but the rule of common sense," has just rendered a decision in a case involving the rights of a woman to kiss a man. The case was brought by a woman who claimed that a man had kissed her without her consent. The judge ruled in favor of the woman, stating that a man has no right to kiss a woman without her consent.

REVISOR RED MEN LAWS. St. Paul, Aug. 18.—An Eau Claire, Wis., special to the Dispatch says: Representative Sachem Patterson, of Racine, and Representative Raulmer, of Waukesha, are the authors of the proposed Order of Red Men. This order is a revision of the laws preparatory to the meeting of the great council of the Red Men.

REDUCE THE BID FETES ARE AT AN END

Warren Bros. Make New Bid For First Avenue West.

Cut Considerable Amount From the Price Originally Made.

Property Will Have to Advance Money to Get Paving.

First avenue west property owners will be asked to pay a portion of their street improvement assessment in advance, as was done on East Superior street.

This morning the board of public works opened bids for paving the new street from First street to Cascade park with bituminous macadam.

The Warren Bros. concern, of Boston, submitted a bid of \$12,057, which was nearly \$3000 less than the same company had bid for the same work a little over two weeks ago.

The Warren Bros. company is anxious to introduce bituminous macadam in the West, and regards Duluth as the proper starting point.

If the first avenue west contract is awarded this company, it agrees to permit the city to use its patent rights and privileges on the Nineteenth avenue east improvements, without extra cost of litigation.

Nineteenth avenue east property owners will watch the First avenue west improvement with impatient interest, for work on that thoroughfare is temporarily held up pending the decision whether tar-macadam or bituminous macadam will be used.

If the First avenue contract goes to Warren Bros., Nineteenth avenue east will undoubtedly be paved with the patent bituminous material.

CUMANIA THREATENED. Gen. Velutini Rushing to the Town's Assistance.

New York, Aug. 18.—Venezuelan revolutionists, under the command of Gen. Morades, are threatening the town of Cumana, says a Herald dispatch from Port of Spain, Gen. Velutini, who is captured by the insurgents, is hastening with his troops to reinforce the government garrison in Cumana.

BATTLE ISLAND ASSEMBLY. Lacrosse, Wis., Aug. 18.—This is the first day of the Battle Island assembly. The feature of the program this afternoon was an address on "Futurology" by Mrs. J. E. Wilson, a well known lecturer. Yesterday several hundred people from this city visited the ancient battle grounds and spent the day attending the exercises in the afternoon and evening.

DENBY AS ADVISER. Pekin, Aug. 18.—Yuan Shikai, viceroy of Chi Li province, has engaged Charles Denby, Jr., who was secretary of the provisional government, and who is the son of the former United States minister to China, to be chief foreign adviser.

"Itching hemorrhoids were the plague of my life. Was almost wild. Don't Ointment cured me quickly and permanently. Dr. J. C. G. P. Cornwell, Valley Street, Glasgow, N. Y."

burial place after execution.

It is actually asserted that a proposition has been made to Earl of Vaughtan that he shall permit the performance of Laurence E. Houseman's new miracle play, as it is called, in the Westminster Catholic cathedral before his execution, but it is unlikely he will consent. The spire of this Byzantine edifice rises in the air, dwarfing the height of the building, which in itself is not particularly imposing. It was a good and loyal idea of the cathedral to name this splendid tower, which since the Campanile at Venice tumbled, is the tallest Byzantine tower in Europe, after the Saxon spire so closely associated with the sentiment of the recent pageant at the neighboring Westminster abbey. Heretofore St. Edward's tower will be one of the most striking landmarks of London.

The autumn theatrical season is already beginning, and between now and October there will be a dozen or more important first nights. Marie Tempest appears in a new play from the French, called "The Marriage of Kitty," on Tuesday next. Holcroft Marshall's new version of Scribner's "Battleground," will be done at the Haymarket on Saturday. English opera, which has previously said, unusual interest is manifested, begins at Covent Garden the following Monday, while Alexander produces "If I Were King," and Nance O'Neill appears in "Madge" a few days later. Besides the veterans of many triumphs, Mrs. John Wood has cast a new autumn melodrama at Drury Lane theater, which includes Reeves Smith, Herbert Standing, Mrs. Cecil Raleigh, Sydney Valmore and Conway Tearle, son of Osmond Tearle and Minnie Conway.

There has been some sort of social activity in London this week, and many departures for the continent and Scotland were delayed by the naval parade and the king's presence at Cowes. Yachting is still going on at Spithead, in the Solent, and many Americans are now in that neighborhood. Young Mr. Armour has been entertaining Lady Listerdale, Mr. and Mrs. Lordill, Princess Hatfield, and Commander and Mrs. Clouston, the yacht Utopia. The duchess of Marlborough has gone to the United States, while Ambassador and Mrs. Choate are having a week end house party at North Berwick. The Bradley Martins have opened their house at Balmacan, Scotland, already. Dr. Pentecost starts to the Orient in mid September.

Newspaper Published at Sea.

The new system of wireless telegraphy renders possible the realization of a prediction that newspapers would be published on the ocean liners. They could not, however, be as much up-to-date or effective as those published on land. In this respect they would differ widely from the famous "Herald of the Sea" which was published on an ocean liner to take a supply with them. It is invaluable as a tonic and preventive of sea-sickness. Those who remain on land should always keep a bottle of it in the house to cure heartburn, indigestion, dyspepsia, constipation and malaria. Don't fail to try it.

COMMERCE OF WORLD.

United States Third Accounting to German Figures.

Washington, Aug. 18.—The department made public today a report from United States Consul Winter, at Annaberg, dated July 18, showing the commerce of the world for 1901, according to German statistics. The total import and export trade of the world is given as approximately \$22,500,000,000. Great Britain and her colonies head the list, with the great total of nearly seven billion dollars. Germany is placed second, with \$2,500,000,000, and the United States third with \$2,100,000,000. According to United States treasury figures the United States share was \$2,300,000,000.

Found best by test, Satin-Skin Cream and Sulfur-Skin Powder, 5c.

Notice to Contractors.

Sealed bids will be received up to noon Friday, Aug. 23, 1902, at the office of J. V. Hill, architect, 610 Palladio building, Duluth, Minn., for the erection of a brick church at Virginia, Minn., for Our Lady of Lourdes. Bids to be made to Rev. Father Hilban. Right is reserved to reject any and all bids.

THINK HE SKIPPED

New York Police Say Hubby Wants to Be Lost.

Husband of a Wisconsin Millionaire's Daughter Is Missing.

Not Seen Since He Went Bathing at Coney Island.

Fau Claire, Wis., Aug. 18.—N. C. Foster, the wealthy lumberman of Fairchild, this county, is on his way to New York in response to a message from his daughter, Mrs. Hollenberg, of New Rochelle, New York, saying that her husband was supposed to have been drowned at Coney Island. Mrs. N. C. Foster and her daughter, Grace, are on their way to Fairchild from Duluth, and may go to New York, accompanied by other members of the family.

Mr. and Mrs. Hollenberg were married only a few weeks ago. The following message from New York was received here Saturday night: "New York, Aug. 16.—After the body of James A. Grady, son of a Brooklynite, was found floating in the surf at Coney Island today, the police continued the search for that of Henry Watkins Hollenberg, who disappeared in the surf at the same time on Thursday. They did not entertain the faintest hope, however, of recovering his body, for they believed that he is alive and that he simply drifted away from the shore and was drowned and then disappeared."

"They regard the following combination of facts as a very strange coincidence. He has just skipped out. He has not been at his New Rochelle home since Tuesday. He has shown little interest in his first wife, from whom he was divorced. He wrote the superintendent of the Seligman & Co. company, cancelling a contract he had just made for an excellent business position, saying he was about to leave for Europe. The clothes found in his bathroom were old and shabby. He was always neatly dressed in the latest ways. He has been seen in the latest ways. He has been seen in the latest ways. He has been seen in the latest ways."

"Mrs. Hollenberg said: 'I received a telegram today, saying that my husband's mother, who resided at the Chicago Beach hotel, is now on the way here. She is a wealthy woman and intends to try and find the mystery to the bottom. What I would like to know is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it."

It begins usually with a little itching, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminated, copper colored spots and pustular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones."

S. S. S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound."

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case, and our physicians will furnish all the information you wish without any charge whatever.

EFFECT IS GOOD

Federal Experiments In Road-Making Produce Results.

Judge Griggs Making a Success as a Campaign Manager.

Two Good Stories of Admiral "Bob" Evans Related.

From The Herald

Washington Bureau.

Washington, Aug. 18.—(Special to The Herald).—A special train left Chicago the other day on board of which were Messrs. Dodge, Abbott and Richardson, agents of the public road inquiry division of the department of agriculture. These gentlemen are out for the purpose of demonstrating that good wagon roads can be built in any section of the country out of material of almost any sort.

Through the courtesy of President J. H. Hill, of the Great Northern railroad, the special train is furnished. Mr. Hill is the first railroad man in the Northwest to interest himself in this matter. It is said that he watched, with great interest, like demonstrations of roadmaking in the Southern states and that he sought the first opportunity to give the people of the section in which he is most interested an ocular demonstration of scientific roadmaking.

Mr. Hill has been known to carry immigrants in the past from St. Paul to Seattle at less than half the actual cost of handling. He did that for the purpose of building up the country around which his railroad runs. Now that he has people to populate his territory Mr. Hill wants them to have roads over which they can haul their farm products to their stations at all times. He doesn't profess to be actuated by philistine tastes. Mr. Roosevelt loves work, but he loves to play equally as well, and he is actuated by philistine tastes. Mr. Roosevelt is still young, and Mrs. Roosevelt is going through life by business with him. It must give her that repose and confidence which is required from a hostess who must keep his best society of the season. Mr. Roosevelt loves work, but he loves to play equally as well, and he is actuated by philistine tastes. Mr. Roosevelt is still young, and Mrs. Roosevelt is going through life by business with him. It must give her that repose and confidence which is required from a hostess who must keep his best society of the season.

One factor has been lacking in the roadmaking in the Northwest. There has been no money to build roads. The federal government has been asked to build roads, but it has no money to build roads. The federal government has been asked to build roads, but it has no money to build roads. The federal government has been asked to build roads, but it has no money to build roads.

Evans assisted her husband in entertaining the guests, and presided over the collation, which was served in the dining room after the speeches were concluded. "Bob" did not make a very elaborate address, but soon after the close of the formalities he said a few words which were highly appreciated by those who heard them. "Step into this room," said the naval hero, "We'll have a cigar and a toddy." Leading the way into a cosy den, Capt. Evans said: "I ran out of my favorite brand of whiskey yesterday with some one I know much about. But here is some brandy that I do know something about. It has been in this house for more than twenty years." Turning to Representative Hull, he added, "Which will you take, governor?"

"Just hand over that whiskey decanter," responded Mr. Hull. "Why, what's the matter with the brandy?" asked Evans in a tone of surprise.

"I don't know, Bob," said Hull, "but if you have had it in the house for twenty years without drinking it, there must be something the matter with it. I'll take that toddy."

And Capt. Bob retired under the roar of laughter. Evans story was told by a New York man, who says he was in the vehicle. Evans and I," said he, "were in a car with a chauffeur and an automobile for a ride through Central park. After we had been riding for an hour or so the chauffeur said to the driver: 'You are the very man I want to talk to. I am thinking of purchasing a machine and I want the advice of some one who knows all about them. Have you had much experience?'"

"Oh, yes, sir," said Hull, "but if you have had it in the house for twenty years without drinking it, there must be something the matter with it. I'll take that toddy."

I am thinking of purchasing a machine and I want the advice of some one who knows all about them. Have you had much experience?'"

"Oh, yes, sir," said Hull, "but if you have had it in the house for twenty years without drinking it, there must be something the matter with it. I'll take that toddy."

And Capt. Bob retired under the roar of laughter. Evans story was told by a New York man, who says he was in the vehicle. Evans and I," said he, "were in a car with a chauffeur and an automobile for a ride through Central park. After we had been riding for an hour or so the chauffeur said to the driver: 'You are the very man I want to talk to. I am thinking of purchasing a machine and I want the advice of some one who knows all about them. Have you had much experience?'"

"Oh, yes, sir," said Hull, "but if you have had it in the house for twenty years without drinking it, there must be something the matter with it. I'll take that toddy."

Jim Dumps' good wife was much distressed because her cook went off "to rest."

"Great guns! I have to cook!" she said. Said Jim: "Don't cook—have 'Force' instead!"

The children all agreed with him. And passed their plates to "Sunny Jim."

"Force" is the minute-man of the pantry.

Sweet, crisp flakes of wheat and malt—eaten cold.

A Hot-Weather Delight.

"Force" is a constant delight to me these hot days. It's always ready for every meal, with cream for breakfast, with fruit for lunch, and in a simple pudding for dinner. We eat it just before bedtime, too. It saves me lots of work and trouble.

(Name furnished on application.)

BIG PLANT. VISIT KING. MUTINIED

Hill Will Erect One at Great Falls, Mont.

Great Falls, Mont., Aug. 18.—President J. H. Hill of the Great Northern railroad, who visited this city last Wednesday, will erect here a monster steel and iron plant, for which plans have been drawn, according to information from those in close touch with the railway magnate. Wednesday night, it has been learned, Mr. Hill purchased a half interest in the Conrad iron mines of the Sweet Grass hills, and constitute a veritable mountain of the future. There is enough from one in sight to keep an ordinary plant supplied for 100 years, according to Mr. Hill's experts, who have examined the property. W. G. Conrad, owner of the mines, has confirmed the report of the sale to Hill.

One factor has been lacking in the roadmaking in the Northwest. There has been no money to build roads. The federal government has been asked to build roads, but it has no money to build roads. The federal government has been asked to build roads, but it has no money to build roads.
